Furious Bombardment

Red Chinese Shells Blast Quemoy 4th Straight Day

Nationalist Isle Target Of Pounding

1,600 U.S. Marines Get Orders To Sail Out Of Singapore

TAIPEI, Formosa (AP) — The Chinese Communists bombarded Quemoy in furious bursts for the fourth straight day today, again increasing the volume of shells poured into the little Chinese Nationalist outpost island.

The bombardment which some officials feared was a prelude to invasion of the Nationalist offshore islands, began with about 80,000 shells over the weekend but subsided Monday to some 2,900 shots. Today the Reds stepped up the tempo again.

In three rounds of shelling from the nearby mainland beginning shortly after midnight, the Communists hit Quemoy and the nearby Tan Islets about 930 times, the Nationalist Defense Ministry said. Then in 2 hours and 40 minutes of early afternoon some 5,500 shells crashed down on the heavily fortified islands.

With the U. S. 7th Fleet already on the alert, a landing force of 1,600 men from the 3rd Marine Division was ordered to sail from Singapore. The destination of the four attack transports and four accompanying ships was not disclosed, but it was assumed they were moving closer to Formosa.

The 7th Fleet is pledged to protect Formosa but not necessarily Quemoy or the offshore islands. Officials in Washington said close watch was being kept on the setup in the Communist attack.

Maj. Gen. Thomas F. Moorman, commander of the U. S. 13th Air Force based in the Philippines, visited Formosa for talks with top Nationalist and U. S. military assistance officers.

Nationalist authorities were paying increasing attention to the possibility that the Communists would try to seize Tungting Island, 17 miles south of Quemoy. The Defense Ministry said two Red attempts Sunday to land troops on the tiny, rocky island were re-

Senate Committee Resumes Inquiry Of Teamsters' Union

WASHINGTON (AP)—A Senate committee returned to its probe of the Teamsters Union today as a dispute shaped up between the other groups appointed to check on alleged corruption in the big truck union.

In advance of the Senate hearing, Rackets Committee counsel Robert F. Kennedy said this phase of the probe would center on what he called goon squad violence, misuse of funds and abuse of power in St. Louis area Teamsters affairs bossed by Harold Gibbons.

Gibbons, executive vice president of the Teamsters Union, holds top command of its operations in the St. Louis region. He also is top lieutenant to Teamsters President James R. Hoffa.

Meanwhile, one member of a three-man monitors board, appointed by a federal court here to keep tabs on the Teamsters, described as "an outrageous thing" Hoffa's creation of a separate commission to investigate corruption charges against his union.

Godfrey P Schmidt said in New York that "Hoffa can now say the monitors are no longer necessary because the union has got its own watchdogs. This is a typical piece of complicated Hoffa conspiracy. . . ."

Schmidt said the monitors have demanded that Hoffa give them a full explanation of all arrangements that went into forming the commission, headed by former Republican Sen. George H. Bender of Ohio.

Furthermore, Schmidt indicated a protest may be made to Federal Dist. Judge F. Dickinson Letts. Letts earlier this year appointed the monitors to watch over the union operations. He did so in a compromise settlement of a suit by a group of dissident Teamsters members who sought to upset Hoffa's election as Teamsters president.

Bender told a news conference Judge Letts welcomed establishment of the commission which Hoffa announced last Saturday.

He also said he saw no conflict between his commission and the monitors and that he would cooperate with them.

In pledging to conduct a thorough probe of the Teamsters, Bender said he was confident Hoffa will follow any cleanup recommendations the commission will make.

"I agreed to serve only after assurance from Mr. Hoffa and his attorneys that I will have a free hand to act as I see fit," Bender said

Board Delays School Opening

Arkansas Legislature Set To Head Off Integration

LITTLE ROCK, Ark. (AP)—Arkansas lawmakers gathered today ready to stamp approval on measures aimed at keeping Little Rock's schools segregated unless voters approve racially mixed classes.

The Little Rock school board scrapped one measure before the Legislature met. It announced postponement of all city school openings from Sept. 2 to Sept. 8 to ease the time pressure on the Legislature and the U. S. Supreme Court.

A bill requiring the delay in the fall term had been prepared for legislative approval.

School Supt. Virgil Blossom announced that three more Negroes had applied for admission to white schools. Seven who attended Central High School last year under federal troop protection are expected to apply Wednesday.

One Negro girl, 14, sought admission to Hall High School, a swank new institution in a neighborhood of predominantly better quality residences occupied by whites.

The key measure prepared for the lawmakers by Gov. Orval Faubus would present him the power to close any school should the federal government seek to integrate it by court order or physical force

The school would remain closed until voters balloted—within 30 days—on whether to integrate or keep its doors shut.

A third measure would permit a student of a closed school to carry his state aid allotment with him to another district.

The U. S. Supreme Court on Thursday will hold an emergency session to deal with Little Rock's riot-marked school racial problems.

Under current lower court rulings, the city's schools are under no orders to integrate when the fall term opens. The National Assn. for the Advancement of Colored People appealed to the high court to override the lower bench rulings which give the school board a breather.

The Supreme Court meeting Thursday — only the fifth such emergency session in 40 years — has widespread implication.

It is expected to provide the first specific ruling by this court on integration methods and timing since it ruled May 17, 1954, that racial segregation in public schools is unconstitutional. A year later it ordered desegregation to proceed "with all deliberate speed."

But never has the court pinpointed a time and method for desegregation of a school.

Alaska Voters Decide Today On Statehood

Expected To Have Approved Admission Into Union By 2-1

JUNEAU, Alaska (AP) — Alaskans decide today whether the northern territory is to be the 49th state.

The votes were being cast throughout the 586,400-square-mile territory in precincts with such names as Metlakatla and Chilkat, Pelican, Fox, Chicken and Eagle, Badger Road, Lincoln Park, North Pole and Turnagain by the Sea.

When all the votes are counted — and some of them won't be tabulated for a week — Alaskans are expected to have approved admission into the Union by a margin of at least 2-1.

Under terms of the admission act signed in July by President Eisenhower, such a vote will mean that a 49th star will be added to the nation's flag next year.

A presidential proclamation creating the newest and largest state — and the first to be admitted since New Mexico and Arizona entered the Union in 1912 — probably will be issued in late December or early January.

In anticipation of approval of the three statehood referendums, Alaskans also were voting today in a primary election to nominate candidates for the first state offices.

Republican and Democratic candidates for Alaska's first two seats in the U.S. Senate were assured nomination without opposition in the primary.

The two Democratic senatorial hopefuls who have no party contest in the primary are Alaska's long-time nonvoting delegate to Congress, E. L. (Bob) Bartlett of Juneau, and Earnest Gruening of Juneau, former Alaska governor who served 13 years as appointed territorial chief executive.

In a Nov. 25 general election, if statehood is approved, Gruening will oppose Republican Mike Stepovich of Fairbanks, the last appointed governor of Alaska. R.E. Robertson of Juneau, a lawyer, is unopposed for the GOP nomination to face Bartlett in November.

There are also Democratic primary contests for one congressional seat, for the governorship and for secretary of state. Republicans have only one candidate for each of the three posts, and they are assured nomination.

Nautilus Crew And Officers Enjoy Holiday

NEW YORK (AP)—Proud officers and crew of the atomic submarine Nautilus enjoyed a holiday on the town today with their families and friends.

At the Brooklyn Navy Yard, a fourth of the ship's complement of 12 officers and 97 men maintained a watch on the craft which crossed under the North Pole icecap to history.

The blue-black sub is berthed for dockside view by the public today and Wednesday. She cannot be boarded.

New York's three-day welcome will continue Wednesday with the honor the city traditionally extends to conquering heroes—a ticker tape parade.

Rear Adm. Hyman G. Rickover, expert on nuclear ship propulsion and "father" of the Nautilus, will ride up lower Broadway with the sub's crew. In the lead car will be the Nautilus' skipper, Cmdr. William R. Anderson.

The Nautilus will leave Thursday for her home base at New London, Conn.

Board To Hold 'All-Out' Drive To List Voters

Precinct Signup Campaign Arranged For City Sept. 16

Registration centers will be established in each of East Liverpool's 32 precinct polling places Sept. 16 as part of the Columbiana County Election Board's all-out campaign to sign unqualified voters for the Nov. 4 general election.

Frank R. O'Hanlon Election Board clerk, said the registration places will be open from 11 a. m. to 3 p. m. and from 5 to 10 p. m.—most of them located in the usual voting sites. Each will be manned by two registrars, a Democrat and a Republican.

The precinct registration drive will supplement daily voter qualifications at the board's office on W. 6th St., opposite City Hall. A drive to sign unqualified voters was launched several weeks ago.

The total of qualified electors in East Liverpool stands today at 10,058. Fifteen qualified Monday, the heaviest registration since the current campaign was launched.

In the last 10 days before the deadline Sept. 24, the Election Board will maintain a continuous schedule of office hours from 9 a. m. to 9 p. m. to give voters

Army Plans To Launch 2 More

Disappearance Of U.S. Satellite Remains Mystery

CAPE CANAVERAL, Fla. (AP)—The disappearance of Explorer V still was an apparent mystery today. The Army forged ahead with plans for two more satellite launchings.

The Army still had no official comment on the cause of the latest failure two days after a powerful Jupiter-C rocket roared skyward on what appeared to be a perfect launching.

One spokesman said it may take several more days before complete telemetry reports on the flight are analyzed and the answer found. The military usually withholds these announcements.

In the only activity Monday, a Snark intercontinental guided missile blasted into the night on the start of a 6,000-mile journey across the Atlantic. The trip toward target took about 10 hours. The results of the test were not announced.

The 69-foot Snark, was fired by crewmen of the 556th Guided Missile Squadron of the Strategic Air Command.

The 556th probably will be assigned as the first Snark operational unit which is expected to be set up soon at Presque Isle, Maine.

Explorer V was equipped to probe the far reaches of a severe radiation field now being investigated by Explorer IV as it whirls through space.

Scientists need more detailed information about the radiation belt so they can protect the first space travelers against the bombardment of the rays.

Scientists already have learned that the rays double in intensity every 60 miles, but the cause, extent and type of radiation still is not known.

The radiation belt starts about 600 miles in space. Where it ends is not known.

County's 39 Seen State's Coolest Mark

Columbiana County had a chilly 39 degrees this morning and it may have been the state's lowest mark as the coolest weather since last spring dominated Ohio.

Edwin Copeland, U. S. weather observer at Millport, reported the district's low mark. He recorded 40 last Tuesday, the previous low of the season.

Temperatures at sunrise were in the low 40's in the northern part of the state with Youngstown dropping to 42. Cleveland and Columbus had 48 and Zanesville 45.

Along the Ohio River it was warmer, Cincinnati reporting 52, the same low as recorded at Dam 8 at Newell, and Chesapeake 56. Skies were fair but heavy fog was reported early in the morning at Bellaire.

The dam's low this morning was the same as a week ago. The high since Monday noon was the 72 recorded at 2 p. m. yesterday. It may go still lower tonight as a reading of 50 to 55 is forecast. Today's high will be 68 to 72.

Although some cloudiness is expected today and tonight, mostly fair weather is the outlook, the Ohio weatherman said. Cool temperatures will continue through Wednesday with afternoon highs mostly in the low 70s, he predicted.

Ohio Township Officer Kills 5 Copperheads

Snakes continue to haunt the Fairview and Ohio Township and Midland areas near Beaver Creek. Officer Andrew Daniels of Ohio Township reported five copperheads were killed Saturday.

Officer Bernard Zlatovich captured one snake alive in a glass jar.

In case of snake bite, persons needing assistance in getting to a hospital or obtaining a physician may phone as follow:

Officer Zlatovich, MI 3-5842; Officer Daniels, MI. 3-5621, or the fire hall, SP. 5-5290. Department members will report to the scene immediately.

State Policemen Raid Tavern At Weirton

WEIRTON — Armed with a search and seizure warrant, officers of the Weirton Detachment of the West Virginia State Police raided the D. & M. Bar on Main St. Monday night and cited the operator who later was fined a total of $300 on two charges of liquor law violations.

Arrested in the apparent clampdown on liquor sales in Hancock County was Gasper Marno of Weirton, who was fined $200 and costs for possession and $100 for sale of alcholic beverages by Squire John D. Herron of New Cumberland.

Two State Police officers made the arrest.

At another hearing yesterday, Squire Herron sentenced two Weirton area youths to 30 days each on petty theft charges. Ross E. Sweat Jr. and Gordon Webb were charged with stealing gasoline from an auto on Swearingen Hill near New Cumberland. They were cited early yesterday morning by Hancock County sheriff's deputies.

TOKYO (AP)—Typhoon Flossie blew out into the Pacific today leaving 15 dead, 30 missing and 39 injured in Japan.

'Meter Maid' Resigns After Year Of Service

Mrs Marjorie Reed of Holliday St., who had served for more than a year as one of the city's "Meter Maids," resigned Monday in order to spend more time with her family, Safety - Service Director Dan Maggianetti said today.

Mrs. Reed was named to one of the "Meter Maid" posts when they first were established by Council in July 1957. She was in charge of the office at City Hall, collecting penalties from ticketed motorists.

The jobs are filled by direct appointment, as they are not subject to Civil Service. The jobs pay $1.30 hourly.

"She was a very proficient employe and I hated to see her resign," the director said. Mrs. Reed wanted to be free to spend more time with her family, particularly because her youngsters will be returning to school next week, he explained.

TOKYO (AP)—U.S. Army Secretary Wilber M. Brucker arrived at Atsugi Naval Air Station near Tokyo by air today from Okinawa on the third leg of a Far East inspection tour.

County Attorney Hurt In Light Plane Crash

A clogged gas line was blamed for a crash of a light plane near Zelienople, Monday in which Atty William Lodge of Columbiana was injured.

Lodge, 33, pilot of the plane, is in an Ellwood City hospital with back injuries suffered in the crash in a cornfield about 5 miles south of here yesterday at 4:35 p. m.

James C. Gruber, 31, of Salem and Sherwood Gleeton, 29, of Columbiana suffered minor bruises, police reported. John Gangenbacher, of New Waterford R. D. 1, owner of the four - place Beechcraft, said it was damaged heavily but is repairable.

Gleeton said the trio had taken off from the Elser Airfield at North Lima about 16 minutes before the mishap. They were en route to Chambersburg, Pa., on a business trip.

Lodge was to be X-rayed today to determine the extent of his injury.

Ike Approval Of 7% Old Age Pay Hike Seen

WASHINGTON (AP) — Administration sources said today President Eisenhower is expected to sign the bill increasing Social Security benefits by about 7 per cent.

Eisenhower may, however, strongly criticize provisions increasing the federal grant contribution to public assistance programs run by the states.

Persons in position to know said both the President and Secretary of Welfare Flemming have strong feelings against increasing the federal share in supporting such programs benefiting the aged, dependent children, the blind and totally disabled.

But these sources said it has been decided the merits of the legislation outweight the demerits.

Though they did not mention it, this is an election year and practical politics is a likely factor.

The principle demerit is described as the 198-million-dollar annual increase in the federal share of funds Congress voted for the federal-state public assistance program

Burning Plane Lands, Only One Of 61 Hurt

CUT BANK, Mont. (AP) — A Trans World Airlines Super-Constellation with 61 persons aboard was forced down by a burning engine Monday night at this northern Montana town.

One man, Wilfred Price of San Francisco, was injured when he jumped from the plane as it rolled to a stop.

The four-engine plane set a grass fire, but firemen controlled the blaze. The rest of the passengers and crew escaped injury.

Hillcrest Wins New Skirmish

Judge Denies Second School Shift Hearing

A move by the Columbiana County Board of Education for a new hearing on a petition from the Hillcrest area to merge with Wellsville School District was blocked this morning at Lisbon by Common Pleas Judge Raymond Buzzard.

Judge Buzzard denied a motion for the new hearing — sought by the county board on grounds of "newly discovered evidence" — because the evidence, a section of minutes of a board meeting, was available when the original mandamus hearing was held in March.

The petition from the Hillcrest area was declared invalid last November by the board on grounds of a counter - petition filed by opponents of the transfer.

However, the Hillcrest group, headed by Paul Talbott, filed a mandamus action in March and Judge Buzzard directed the board to either grant the transfer or refer it to the State Board of Education.

The county board maintained its action in March was not final but dependent on a check of wording of the counter - petition and signatures, and that the mandamus should not have been granted because the action was not final.

The board submitted the minutes of a subsequent meeting to uphold its contention this morning, but Judge Buzzard ruled such evidence was not "newly discovered," and did not warrant another hearing

The Hillcrest area is part of the former Yellow Creek Local District which has been merged with former Salineville and Wayne Local Districts into the new Southern Local District.

WEATHER

Fair and continued cool today, tonight and Wednesday.

Dam 8 — Monday 6 p. m. 70, Monday midnight 55, today 6 a.m. 52, today noon 63. High 72, low 52.

Judge Denies Second School Shift Hearing

A move by the Columbiana County Board of Education for a new hearing on a petition from the Hillcrest area to merge with Wellsville School District was blocked this morning at Lisbon by Common Pleas Judge Raymond Buzzard.

Judge Buzzard denied a motion for the new hearing — sought by the county board on grounds of "newly discovered evidence" — because the evidence, a section of minutes of a board meeting, was available when the original mandamus hearing was held in March.

The petition from the Hillcrest area was declared invalid last November by the board on grounds of a counter - petition filed by opponents of the transfer.

However, the Hillcrest group, headed by Paul Talbott, filed a mandamus action in March and Judge Buzzard directed the board to either grant the transfer or refer it to the State Board of Education.

The county board maintained its action in March was not final but dependent on a check of wording of the counter - petition and signatures, and that the mandamus should not have been granted because the action was not final.

The board submitted the minutes of a subsequent meeting to uphold its contention this morning, but Judge Buzzard ruled such evidence was not "newly discovered," and did not warrant another hearing

The Hillcrest area is part of the former Yellow Creek Local District which has been merged with former Salineville and Wayne Local Districts into the new Southern Local District.

Ike Approval Of 7% Old Age Pay Hike Seen

WASHINGTON (AP) — Administration sources said today President Eisenhower is expected to sign the bill increasing Social Security benefits by about 7 per cent.

Eisenhower may, however, strongly criticize provisions increasing the federal grant contribution to public assistance programs run by the states.

Persons in position to know said both the President and Secretary of Welfare Flemming have strong feelings against increasing the federal share in supporting such programs benefiting the aged, dependent children, the blind and totally disabled.

But these sources said it has been decided the merits of the legislation outweight the demerits.

Though they did not mention it, this is an election year and practical politics is a likely factor.

The principle demerit is described as the 198-million-dollar annual increase in the federal share of funds Congress voted for the federal-state public assistance program

Burning Plane Lands, Only One Of 61 Hurt

CUT BANK, Mont. (AP) — A Trans World Airlines Super-Constellation with 61 persons aboard was forced down by a burning engine Monday night at this northern Montana town.

One man, Wilfred Price of San Francisco, was injured when he jumped from the plane as it rolled to a stop.

The four-engine plane set a grass fire, but firemen controlled the blaze. The rest of the passengers and crew escaped injury.

Ohio Township Officer Kills 5 Copperheads

Snakes continue to haunt the Fairview and Ohio Township and Midland areas near Beaver Creek. Officer Andrew Daniels of Ohio Township reported five copperheads were killed Saturday.

Officer Bernard Zlatovich captured one snake alive in a glass jar.

In case of snake bite, persons needing assistance in getting to a hospital or obtaining a physician may phone as follow:

Officer Zlatovich, MI 3-5842; Officer Daniels, MI. 3-5621, or the fire hall, SP. 5-5290. Department members will report to the scene immediately.

State Policemen Raid Tavern At Weirton

WEIRTON — Armed with a search and seizure warrant, officers of the Weirton Detachment of the West Virginia State Police raided the D. & M. Bar on Main St. Monday night and cited the operator who later was fined a total of $300 on two charges of liquor law violations.

Arrested in the apparent clampdown on liquor sales in Hancock County was Gasper Marno of Weirton, who was fined $200 and costs for possession and $100 for sale of alcholic beverages by Squire John D. Herron of New Cumberland.

Two State Police officers made the arrest.

At another hearing yesterday, Squire Herron sentenced two Weirton area youths to 30 days each on petty theft charges. Ross E. Sweat Jr. and Gordon Webb were charged with stealing gasoline from an auto on Swearingen Hill near New Cumberland. They were cited early yesterday morning by Hancock County sheriff's deputies.

'Meter Maid' Resigns After Year Of Service

Mrs Marjorie Reed of Holliday St., who had served for more than a year as one of the city's "Meter Maids," resigned Monday in order to spend more time with her family, Safety - Service Director Dan Maggianetti said today.

Mrs. Reed was named to one of the "Meter Maid" posts when they first were established by Council in July 1957. She was in charge of the office at City Hall, collecting penalties from ticketed motorists.

The jobs are filled by direct appointment, as they are not subject to Civil Service. The jobs pay $1.30 hourly.

"She was a very proficient employe and I hated to see her resign," the director said. Mrs. Reed wanted to be free to spend more time with her family, particularly because her youngsters will be returning to school next week, he explained.

County Attorney Hurt In Light Plane Crash

A clogged gas line was blamed for a crash of a light plane near Zelienople, Monday in which Atty William Lodge of Columbiana was injured.

Lodge, 33, pilot of the plane, is in an Ellwood City hospital with back injuries suffered in the crash in a cornfield about 5 miles south of here yesterday at 4:35 p. m.

James C. Gruber, 31, of Salem and Sherwood Gleeton, 29, of Columbiana suffered minor bruises, police reported. John Gangenbacher, of New Waterford R. D. 1, owner of the four - place Beechcraft, said it was damaged heavily but is repairable.

Gleeton said the trio had taken off from the Elser Airfield at North Lima about 16 minutes before the mishap. They were en route to Chambersburg, Pa., on a business trip.

Lodge was to be X-rayed today to determine the extent of his injury.

Grain Strike Ends With Pay Hike Granted

DULUTH, Minn. (AP) — Grain funneled back into lakehead elevators today after settlement of a grain handlers' strike which brought shipments into and out of the Duluth-Superior ports to a standstill for five days.

Under a new contract accepted by grain handlers in the two cities, wages will go up 13 cents hourly, retroactive to July 1, with another 3 cents being added Oct. 1. Included were fringe benefits amounting to 2½ cents hourly, plus four-week vacations for those with 20 years' service. The wage scale had been $2.07-2.47 hourly.

More than 2,000 loaded grain cars were backed up at the 12 elevators in the area when the men walked off their jobs. Railroads ordered an embargo, which was lifted as the new pact was announced.

Rooms Listed For Westgate

Classes Will Resume Wednesday, Sept. 3

Principal Thomas Dixon today listed the rooms to which elementary and junior high students will report at Westgate School when classes resume Wednesday, Sept. 3.

He issued this general list of room assignments for elementary pupils: All 6th grade children will report to Rooms 106, 107, 108, 109 or 100; all 5th grade pupils will report to Rooms 101, 102, 103, 104 or 105; all 4th grade children will report to Rooms 200, 201, 205, 206 or 210.

All 3rd grade children will report to Rooms 211, 212, 213 or 214; all 2nd grade children will report to Rooms 207, 208, 209 or 215; all 1st grade children will report to Rooms 202, 203, 204 or the Kindergarten Room.

Westgate Junior High students will report to last year's homerooms, Dixon said. The tardy bell rings at 8:25 a. m. If the pupil was in the 6th grade last year, he will report to the school auditorium on the first day of school. All new students also will report to the auditorium.

In connection with the elementary section, Dixon said each outside door will be marked plainly with the number of the grade which is to use that entrance. All elementary children who were not registered in either the May or the August registration will report to the general purpose room, he said.

All first grade pupils who have not been registered must be accompanied by a parent and must present their birth certificates and inoculation certificates, he said.

LISBON — William Jerry Snodgrass, 18, of R. D 3, charged by the State Highway Patrol with driving with fictitious plates, pleaded guilty Monday before Mayor John Todd and was fined $50 and costs. Snodgrass was cited Aug. 12 follcwing an accident.

Grain Strike Ends With Pay Hike Granted

DULUTH, Minn. (AP) — Grain funneled back into lakehead elevators today after settlement of a grain handlers' strike which brought shipments into and out of the Duluth-Superior ports to a standstill for five days.

Under a new contract accepted by grain handlers in the two cities, wages will go up 13 cents hourly, retroactive to July 1, with another 3 cents being added Oct. 1. Included were fringe benefits amounting to 2½ cents hourly, plus four-week vacations for those with 20 years' service. The wage scale had been $2.07-2.47 hourly.

More than 2,000 loaded grain cars were backed up at the 12 elevators in the area when the men walked off their jobs. Railroads ordered an embargo, which was lifted as the new pact was announced.

Rooms Listed For Westgate

Classes Will Resume Wednesday, Sept. 3

Principal Thomas Dixon today listed the rooms to which elementary and junior high students will report at Westgate School when classes resume Wednesday, Sept. 3.

He issued this general list of room assignments for elementary pupils: All 6th grade children will report to Rooms 106, 107, 108, 109 or 100; all 5th grade pupils will report to Rooms 101, 102, 103, 104 or 105; all 4th grade children will report to Rooms 200, 201, 205, 206 or 210.

All 3rd grade children will report to Rooms 211, 212, 213 or 214; all 2nd grade children will report to Rooms 207, 208, 209 or 215; all 1st grade children will report to Rooms 202, 203, 204 or the Kindergarten Room.

Westgate Junior High students will report to last year's homerooms, Dixon said. The tardy bell rings at 8:25 a. m. If the pupil was in the 6th grade last year, he will report to the school auditorium on the first day of school. All new students also will report to the auditorium.

In connection with the elementary section, Dixon said each outside door will be marked plainly with the number of the grade which is to use that entrance. All elementary children who were not registered in either the May or the August registration will report to the general purpose room, he said.

All first grade pupils who have not been registered must be accompanied by a parent and must present their birth certificates and inoculation certificates, he said.

Vaughan-Williams, 85, British Composer, Dies

LONDON (AP) — Ralph Vaughan-Williams, dean of British composers, died early today. He was 85. Vaughan-Williams, one of the 20th century's leading composers, was writing music at his London home up to Monday.

He wrote his first symphony in 1907 and his last, No. 9, early this year.

Integration Controversy

Two Factors Form Heart Of Problem Facing Court

By JAMES MARLOW

WASHINGTON (AP)—Mob violence and the meaning of "all deliberate speed" are at the heart of the problem facing the Supreme Court in its special session Thursday.

What the court does will affect the integration situation at public schools throughout the South although it will actually be dealing only with events involving Little Rock's Central High School.

The court didn't say how it should be done when on May 17, 1954, it ordered an end to racial segregation in public schools. It clarified itself somewhat later — in 1955 — when it said integration must be carried out with "all deliberate speed."

It didn't say exactly what that meant. It left the task of interpreting "all deliberate speed" to the various federal district judges who were best able to know the problems and attitudes on integration in their districts.

It wasn't until 1957 that Federal Dist. Judge Ronald Davies ruled integration at Little Rock's Central High had to start in September of that year. This was after the school superintendent thought integration could be carried out peacefully.

But mob violence followed. Arkansas Gov. Orval E. Faubus frustrated Davies' order by using National Guardsmen to keep Negroes out of Central High. And President Eisenhower used federal troops to back up Davies' order by seeing to it Negroes got into Central High. A year of tension and incidents followed.

At the end of the last school term the Little Rock school board went to another federal judge, Harry J. Lemley, and asked him to set aside Davies' order. Lemley agreed. He ordered integration at Central High delayed 2½ years.

Thus what seemed "all deliberate speed" to one federal judge seemed, in the light of events which followed, too fast to another judge. This meant mob action, if violent enough, could be expected to nullify an order to integrate.

The National Assn. for the Advancement of Colored People asked the U.S. 8th Circuit Court of Appeals in St. Louis to throw out Lemley's ruling. The circuit court did.

It did more. In strong language it said that to grant Lemley's kind of delay — as a result of mob violence — was to let a mob frustrate the will of the courts. The school board was ordered to continue integration at Central High.

But the board asked the Circuit Court to delay its order — by issuing a stay — until the board could appeal to the Supreme Court to overrule the Circuit Court and uphold Lemley.

The Circuit Court issued the stay, giving the board 30 days to appeal to the Supreme Court. But this stay meant Negroes could not start the new Central High term, then set to begin Sept. 2 but now postponed to Sept. 8.

Then the NAACP went directly to the Supreme Court to ask it to set aside the Circuit Court's stay order and thus let go into effect the Circuit Court's ruling that integration must be continued.

The Supreme Court can, without comment, throw out the stay order or let it stand. This would let the school board appeal to the nine justices later to uphold Lemley's 2½-year delay by overruling the Circuit Court's order to continue integration.

But the high court could, in effect, Thursday hear the full merits of the case—thus rendering a later appeal by the school board unnecessary — and take a full stand now for or against the Circuit ruling.

Yet, if the Supreme Court lets the Circuit Court's stay order continue in effect it will be agreeing to keep Negroes out of Central High when this year's school term starts.

If this happens, the Little Rock mob can rightfully claim that by its violence it forced the federal courts to back up. It's hard to see the Supreme Court letting itself get into that position.

2 Killed, 3 Injured In Seattle Hotel Fire

SEATTLE, Wash. (AP)—A predawn fire killed two persons and injured three others in a small hotel here today. Fire Chief William Fitzgerald blamed an arsonist who has started at least 36 other blazes in two weeks.

Police said there were 22 persons in the Hollywood Hotel, at 1st and Stewart Sts. when the blaze broke out at 2:15 a.m.

The series of fires, mostly in Seattle's southend Skid Row district, has kept firemen and police on constant alert. The arsonist has not been found. Until today's blaze, none of the fires caused fatalities.

Industry Eyes The Atom

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—With American nuclear submarines making headlines on both sides of the Atlantic today, industry is stepping up its interest in the atom on the home front.

Some commercial nuclear power plants already are in operation and others are being built.

And nuclear research reactors are operating at various points from one side of the nation to the other. Still more are being installed.

An operating nuclear research reactor built by Atomics International, a division of North American Aviation, is being set up in Geneva for the second International Conference on Peaceful Uses of Atomic Energy, opening next week.

Six 10-watt nuclear research reactors are being built by that company at Canoga Park, Calif., for use by educational institutions and industrial research laboratories.

Curtiss-Wright has a general purpose nuclear installation at its research development center at Quehanna, Pa., offering laboratory and radiation services for industry.

It is building a reactor at Watertown, Mass., for the U.S. Army to test an atomic food irradiator. The aim is to process foods so that they may be kept fresh under field conditions for the military forces.

North American built a research reactor for Armour Reseach Foundation of Chicago. And American Machine and Foundry supplied one for Batelle Memorial Institute of Columbus, Ohio.

General Electric is negotiating with Washington State College at Pullman, Wash., for a research reactor.

In the field of atomic power plants, Westinghouse Electric will complete one in 1960 at Rowe, Mass., for the Yankee Atomic Electric Co., using experience gained in the plant in operation at Shippingport, Pa. It has under way a study with the Carolinas Virginia Nuclear Power Associates to find the type of reactor best suited to the group's needs.

North American Aviation will complete in 1961 nuclear power plants at Piqua, Ohio, and Hallam, Neb. And it has a research and development program under way on an advanced epithermal thorium reactor for the Southwest Atomic Energy Associates, representing 15 electric utility companies in Arkansas, Kansas, Louisiana, Mississippi, Missouri, Oklahoma and Texas.

General Electric expects to have a 180,000-kilowatt nuclear power plant ready in two years for Commonwealth Edison near Chicago. It will build a nuclear steam supply system at Eureka, Calif., for Pacific Gas & Electric. The utility will also use power Generated at GE's Vallecitos nuclear laboratory in California, which will be completed this fall.

Expense has been the chief deterrent to rapid growth of the civilian use of the atom. Conventional power utilities see the day far off when nuclear power will be competitive. But stations are multiplying.

Paris Pledges To Act Against Rebel Strikes

PARIS (AP)—Security officials promised stern measures today against Algerian terrorists who attacked oil depots and other installations across France to back up demands for independence of their North African homeland.

French soldiers were posted around a number of key points. A previously planned special brigade was inaugurated to coordinate the campaign against terrorism.

Officials at the Ministry of Interior declined to reveal any other plans to meet possible repetitions of the bombings, burnings and shootings which occurred before dawn Monday.

Four police and at least five terrorists were killed. The attacks followed the pattern of rebel strikes in the almost four-year-old civil war across the Mediterranean in Algeria.

Authorities blamed the wave of terrorism on the group that dominates rebel activity in Algeria, the National Liberation Front (FLN). It has a strong underground among the 400,000 Algerians who have left their impoverished countryside to work in France.

Premier de Gaulle will visit Algeria later this week on his tour seeking votes for a new constitution that would keep Algeria as part of France. The attacks obviously were timed to draw attention to rebel opposition to the constitution. The FLN is urging Algerians to boycott the referendum.

Gets 1-20 Years

CINCINNATI (AP)— Frank E. Gilbert, 45, must spend 1-20 years in Ohio penitentiary for the gunshot slaying of Richard Mooore, 25, after an argument over a $100 bill. He could have drawn a life term under a second-degree murder verdict by a jury, but Judge Carson Hoy in Criminal Court Monday reduced it to first-degree manslaughter.

Chester Park Group To Prepare Grid Field

Preparation of Chester's City Park athletic field for football season was outlined at a meeting of the Park Commission Monday night at the park.

Harold Dickey, chairman, said the bleachers will be raised about two feet to provide a clearer view of the field from the lower two rows of seats.

Guard ropes will also be installed to keep spectators from the playing field and sideline areas. The commission will meet again Wednesday night at the park to further plans for the field.

Yellow vegetables, which should be included in the daily diet, are high in vitamin A.

Everybody Out Of The Pool!

This is one of the times when a follower of the news in a world rushing pell-mell from one state of confusion into another wishes everything could be held at a standstill.

But that is impossible. There is no lifeguard to blow a whistle and order everybody out of the pool, to count noses. The confusion, itself, becomes a thing to be comprehended.

In the next few days, it should be possible to begin to comprehend what happened in the closing rush of Congress, which is always a demonstration of chaos — much of it induced deliberately to fatten the chances of legislation that would stand no chance of passage under calmer circumstances.

It should be possible to get enough perspective on the pulling and hauling in Little Rock to understand what is inside and what is outside the realm of possibility.

The position of the White House in the integration problem also needs perspective, to make sure whether President Eisenhower has sidestepped moral leadership by taking what could be interpreted as a coldly technical position on his duty to uphold the Constitution and the judiciary.

It may be made clear in the next few days who is out-maneuvering whom in the proposal to call a halt in nuclear weapons test — and whether it should be described as a halt or a recess.

Another thing that may be comprehended after a little time has elapsed is the economic prospect for the last third of the calendar year — whether the main thing to watch from now on is the employment total, the cost-of-living index, the unemployment total, or the gross national product. At the moment, there is such a criss-cross of look-here-and-look-there statements that no one is sure where to look for the signs of the times.

Gone forever are the lazy, dull days of olden summers when nothing much seemed to be happening; when the world seemed to doze through the good old summertime, resting up for a bigger and better effort in the fall.

There are no lazy, dull days any more—no summertime siesta. Even the vacationer who tries to get away from it all at some remote Perch Haven learns that the natives are eager to speculate on how many megatons of explosive violence would be required to restore peace and quiet to a chaotic world.

Just where the notion began that it's America's draft-age generation that's "beat" is undetermined. Everybody's "beat." There comes a time when enough is too much, and it not infrequently comes at the end of a congressional session.

Perhaps by Labor Day, everything will be comprehensible.

Everybody out of the pool! If it were only that easy!

Red China's 'Open Door' Policy

The newly coined phrase "indirect aggression" will not be heard in descriptions of Red China's military action against offshore islands now held by Nationalist China.

There is nothing "indirect" about aggression that takes the form of artillery bombardment, strafing and aerial dogfights, with casualties numbered in the hundreds. It is as direct as aggression can be.

Yet, the violent attempt by the mainland Chinese to destroy Nationalist Chinese strength on the islands, especially Matsu and Quemoy, could enmesh the United States in another ordeal by diplomatic flypaper. Eventually, President Eisenhower must decide whether Red China's hostility constitutes aggression against the Nationalist - occupied island of Taiwan (Formosa).

In the early weeks of 1955, when Congress adopted a resolution giving President Eisenhower discretionary power to use U.S. forces in the defense of Formosa and the Pescadores Islands, there was opposition to the inclusion of Quemoy and Matsu. The opposition asserted that these offshore islands lay too far from Formosa to be counted as part of Nationalist China. Geographically and strategically, they should be counted as part of Communist China, it was argued, and Great Britain emphatically agreed with this point of view.

This is the point that Mr. Eisenhower will have to resolve at his discretion, if Red China's recent probing for weak spots proves to be a prelude to invasion. If he were to decide in this instance as he decided in the Lebanon instance that U.S. forces should be used on a stitch-in-time basis, the United States again would need the services of the United Nations to extricate itself from a commitment.

But there would be a substantial difference. Red China is not a member of the United Nations and therefore is not obligated to pay any attention to its procedures. There would be no way to bring it into any pattern of consultation or conciliation.

It could explain, if asked, that it was putting into effect its mid-20th version of a Chinese "open door" policy, consisting of trying the knob on every door and opening all doors not chained shut.

It has reason to suspect that Matsu, Quemoy and the Pescadores Islands are not secured as firmly as they were three years ago when Congress told President Eisenhower he could order U.S. troops to go to war over them at his discretion.

Moral Suasion And The Teamsters

ALF-CIO has its ethical practices committee. United Auto Workers has authorized its president, Walter Reuther, to set up a public review board. The Teamsters Union now says it will have a citizens commission.

This commission, with former Ohio Sen. George H. Bender as its chairman, will do for the Teamsters, according to the union's president James R. Hoffa, what the UAW board and the AFL-CIO committee will do for their sponsors.

It will provide a conscience for the executive leadership of the union. It will reassure the public by its silence that it knows of nothing which should make it raise its voice; or, if its voice is raised, it will reassure the public that the union is subject to some dictate higher than that of expediency.

This can be done, of course, only if the public continues to believe absolutely in the integrity of the people who undertake this significant role in the labor movement. This is as true of the union officials on the AFL-CIO ethical practices committee as it is of the unaffiliated citizens who have consented to serve the Auto Workers and Teamsters. They bear a heavy responsibility.

A curious condition has developed in unionism — a kind of double standard that gives legal sanction to situations that could not command moral sanction. This was referred to pointedly by last Sunday's "Meet The Press" guest, Joseph E. Curran, president of the National Maritime Union.

Curran is a member of the AFL-CIO ethical practices committee, which has chastised Teamsters president Hoffa for his practices. Yet, as head of the Maritime Union, Curran must do business with Hoffa and his union on good terms.

Curran insisted that he has no choice; that Hoffa's union exists; that Hoffa exists; that Hoffa can neither be wished out of existence nor wafted out of existence by any due process of law. He might have added that there is no present likelihood that Hoffa can be affected by future legislation, either, because Congress failed to pass the only bill before it that would have increased his financial responsibility and guaranteed democratic elections.

It is as though unions were expected to and in turn were expecting to do for themselves what Congress and the state legislatures did not know how to do; namely, to convince the public that they deserve the moral sanction that ordinarily goes with legal sanction.

No one can be sure how this is going to turn out, least of all the handful of citizens who have consented to serve on the "conscience" boards and committees. It would seem that the proof would await the first public promptings of conscience, followed by a prompt about-face. In no other way can the public ever be sure that the "still, small voice of conscience" is being heard.

The Once Over

By H. I. Phillips

NBC and ABC are to produce a series of Civil War thrillers to mark the 100th anniversary of the struggle and it looks like real competition for westerns. In other words a switch to fights over something much more serious than a stranger's poker hand in a Deadwood saloon.

In Grant, Lee, Sheridan and Stonewall Jackson we will at least get heroes who don't kick their foes in the chin. TV will cover the Civil War from Fort Sumter to Appomattox.

The western influence is so pronounced on TV this could result in a cowboy posse breaking up the Monitor-Merrimac battle, a French movie star firing on Sumter, and Pickett's charge interrupted by sales pitches for beer and cigarettes.

TALL LIBERTIES have been taken with frontier history and same could happen to telecast of War of Rebellion. We fear Richmond will be taken by Grant with a staff made up of Dale Robertson, Lassie, Roy Rogers, the Sioux Indians and Brigitte Bardot.

The Army of Potomac may have Marilyn Monroe, with Lee's forces somewhat dependent on Cyd Charisse.

It wouldn't surprise us to hear Shirley MacLaine delivering the famous line, "I propose to fight it out on this line if it takes all summer."

BROTHER, CAN THIS bring curious casting! Hugh O'Brian as U.S. Grant, David Niven as "Little Mac," and Richard Boone as John Ericsson, famed naval inventor, with a "Have cheesebox on raft; will travel" episode.

Randy Scott, Sterling Hayden, Red Buttons, Lew Ayres, Ernie Ford and Frankie Sinatra may show up at Vicksburg Landing. Watch for Doc Holliday saving the day at Little Round Top.

We may even find the two top Civil War heroes labeled "Rocky" Grant and "Biff" Lee. But they will have trouble settling the Battle of Seven Oaks by having two generals in cowboy costume walking toward each other on a deserted street at high noon, pistols drawn, and everybody else hiding under pool tables.

THE MAYOR OF ANCHORAGE gave Mayor Wagner a fur cap. Ya can't fool us, yerroner. You're still Bob Wagner, not Sergeant Preston of the Yukon.

Ned Beach, skipper of the Triton, wrote the book "Run Silent, Run Deep" from which the movie was made.

Reds Leave No Sabotage Stone Unturned

By Victor Riesel

LONDON

A special Soviet apparat, created shortly after the Russian revolution by Nicolai Lenin himself, today is directing the Communist infiltration of the free world's outer - space research laboratories, intersteller rocket engineering facilities and sky platform production installations.

Victor Riesel

This apparat is now devoted to sabotage. It is made up of disciplined Communists who first seep into strategic unions. Their task is to colonize laboratories and work even as sweepers' helpers if need be. But they are in a position to learn long in advance of any project that our scientists are planning.

It is my belief that there is little these rings do that is not under the surveillance of J. Edgar Hoover's superbly scientific special "desks."

These desks work in secret cooperation with British counter - intelligence — MI-5. And for cynics who do not believe that a fragmented Communist movement can place itself at the jugular vein—the power line—of a nation, I have this report(

MI-5 and British labor leaders have evidence to prove that the English Communists concentrate on the chemical industry here as far back as 1922 and 1923.

No national Communist labor apparat moves without direction from the old Comintern (Communist International).

THIS INFILTRATION could have come as direct orders from the Comintern or through the old Soviet labor outfit, the Profintern.

But the concentration was there, mind you, even during the years the Soviet's new armies were still fighting outlying czarist army units.

So important did the Lenin government believe infiltration was that it set up these units long before it had consolidated the revolution.

They concentrated on the British chemical industry because the Lenin strategists thought that the next war would be fought with prison gas and other chemicals.

This concentration lasted until 1928. Suddenly the Communists lost interest in this union and the industry itself. They couldn't care less.

Their people were switched to the field of electricity. They saw future wars based on wired weapons. For four years they used every strategy and not a little terror and muscle. They worked their way into the electrical trades union.

THEN SUDDENLY they developed interest in crafts of science—for now they believed the war of the future would be one of electronic tubes.

And when in 1936 the Communists saw associations of scientific workers being organized, they infiltrated successfully.

For the word now was that the great British scientists were dabbling with a new form of power. The British were secretly working on someting called television — in color as well as in black and white.

Fact is that the British were actually transmitting as far back as '38 in London. But soon the thunder of Nazism bounced off the white cliffs of Dover — and the British switched to radar. They were the first. It saved Britain in the Battle of the Blitz.

The Communist infiltrators could not have known in advance of such radar experimentation. They went where they were told.

They were there when the British electronics industry developed the magnificent weapons and counter defenses of which we have still to hear. But once the Communists infiltrated, there is no doubt they knew what was happening day by day.

THERE WERE those in the scientific workers groups who were actual Communists and some who were just friends of Alan Nunn May. He is the chap who handed uranium samples to atomic spy rings planted in the U.S. and Britain by the Russians.

One of the scientific workers group visited May in prison. The associations themselves passed resolutions in defense of May when he was arrested.

The Communist party has but 35,000 members in this land, yet powerful and relentless Communists today control the Electrical Trades Union.

As outspoken, avowed diciples of world Communism, Soviet - type, they are dedicated to the destruction of Western governments. Yet they control a union whose members are in the powerhouses which feed Britain's concentrated industries.

They control this union although MI-5 and the British anti-Communist labor leaders estimate that there are not more than 2,500 Communists in the 250,000-man Electrical Trades Union.

If we in America do not learn from all this, we all ought to take the next rocket to Venus.

To London By U-Boat

By Ian Menzies

Now that the Nautilus and the Skate have done it, crusing by submarine under the North Pole is becoming old hat. But other pioneering feats in the maritime field lie ahead, probably in the near future.

The U.S. Maritime Commission now is studying the feasibility of a submarine tanker and a semi-submersible tanker, plans for which are being worked on by Electric Boat Co., Groton, Conn., and Arojet in California. Japan claims to have an atomic submarine freighter under construction—first in the world.

The Russians' nuclear-powered icebreaker, already clearing floes along the Soviets' northern coasts, soon will be outdone by America's Savannah, whose kneel has been laid at the Camden, N. J., yard of the New York Shipbuilding Corp.

The 400-million-dollar Savannah, which is scheduled to be completed in 1960, will be the first atomic-powered merchantman in the world. It will be used as a display ship to interest private industry in nuclear propulsion.

BEYOND THIS, the future of seafaring holds many surprises for businessmen, shippers and travelers. According to Professors Philip Mandel and Martin Abkowitz, both of the Department of Naval Architecture at Massachusetts Institute of Technology, the day may not be far off when a Boston executive traveling to London will cross the Atlantic by submarine.

Or, say the professors, he might make the trip on a semi-submersible—a vessel somewhat comparable to an iceberg, with one-eighth of its mass above water and seven-eights below.

They also predict that hydrofoil boats, sitting up on stilts outfitted with pontoons, may become quite commonplace on this nation's sheltered waters, such as the Great Lakes.

The two MIT experts explain why until recently there have been few radical innovations in ship design, in contrast to the revolution in aircraft design.

First, they said, hauling freight by sea still is the cheapest way to transport goods and thus there is no pressing stimulus for change. Second, they point out, increasing the speed of ships causes a disproportionate rise in costs for the shipowner, particularly in fuel and power plant costs.

IF IT WEREN'T for the cost factor, they said, it would be entirely possible right now to construct a 70,000-ton merchant ship capable of 50-knot speeds. It would cut trans - Atlantic travel to three days.

But research toward making such improvements feasible and profitable is being made, the two professors said. The biggest obstacle, they said, was the lack of interest in naval architecture as a career.

"Most science-minded youngsters are attracted by electronics, missile work or aircraft design," Prof. Mandel said. "But a career in ship design could be just as exciting."

At present only 50 naval architects are graduated a year, not nearly enough to fill all vacancies. Only three schools have departments in this field: MIT; The Webb Institute of Naval Architecture Glenn Cove, Conn. and the University of Michigan.

Custer Myths Persist

By Ralph Friedman

CROW AGENCY, Mont.

More than 130,000 persons visited the Custer Battlefield National Monument last year and asked the monument rangers an average of one question per visitor.

Among the leading questions asked were:

"Where is Custer buried?" (West Point.)

"How many Indians were killed?" (Probably several hundred.)

"Was Custer scalped?" (No.)

Most of these quiz-kid rangers are history majors attending college. This year's group comes from the Universities of Buffalo, Oklahoma, Wisconsin and Nebraska and Montana State College. They bone up on their subject in the monuments library, which has the largest collection of "Custerana" in the world.

The rangers spend a great amount of time tearing down myths. The most prevalent is that Custer was the last man to be killed. "Not necessarily so," says Jack McDermott, who has an MA degree in American History from Wisconsin and has spent two years at the monument. "No one really knows and it's doubtful that anyone ever will," he adds.

Although important aspects of the battle are shrouded in mystery, new information is still being discovered. Late in June, the skeletal remains of three of the soldiers with Benteen and Reno, group commanders under Custer, were found during the reconstruction of rifle pits.

Historians say the terrain looks the same as it did when the battle was fought, on the hot day of June 25, 1876. There is one minor exception: The Little Big Horn River, below the battlefield, has somewhat altered its course during the years.

One look at the terrain is enough to topple the myth that the Indians made their charge on horseback. The ground is covered with sagebrush and is cut and sliced by ravines, ridges and precipitous slopes.

Congress' Failures

By David Lawrence

No Laws Made To Curb Reds, Racketeers

The 85th Congress, just adjourned, has by its inaction and failure to deal with vitally needed legislation turned out to be the worst in a half century.

David Lawrence

For the Congress has not passed any of the proposed laws to curb Communist infiltration in the United States during the cold war crisis.

It has not passed any laws to punish those who openly preach the overthrow of our government by force — the Supreme Court having ruled that existing law does not cover those individuals who advocate treason.

It has not passed any laws to stop racketeering and gangsterism by a minority of powerful labor unions.

It has not passed any laws to deal with confessed rapists now that the Supreme Court has made it easier for such criminals to gain their liberty on technicalities.

It has not passed any laws to help the State Department to withhold passports hereafter from American citizens who are part of the Communist espionage apparatus and who can sabotage the policies of the United States while travelling abroad.

IT HAS NOT PASSED any laws to stop the Supreme Court from ignoring states' rights, a practice severely condemned in a report approved last week by the chief justices of 36 states — three quarters of the states of the Union — based on the same facts that were available to the committees of Congress for the past year.

It has not passed any laws to curb labor union monopolies which, by industrywide bargaining and coercive methods, virtually fix prices and keep the cost of living up so that the purchasing power of the dollar is constantly forced down.

There now will be plenty of partisan speeches boasting of how the 85th Congress has passed lots of legislation on a wide variety of subjects. But these bills were of financial benefit largely to special voting groups and, while some of the measures were meritorious, they do not by any means offset the major failures.

What really happened behind closed doors in this Congress is a big news story. Will the people ever get it?

There has been much comment in the press in recent months about the "right to know" as various members of Congress have piously proclaimed that they favor the idea. But ironically the American people have gotten far less information this year than ever before about the vote - trading, the log-rolling and the juggling that went on behind the scenes in both houses of Congress.

The large newspapers and news associations maintain staff reporters to watch what's happening all day every day on Capitol Hill.

This correspondent has just obtained a copy of a memorandum written by one of those reporters. Long identified with a big city newspaper, the veteran reporter of many Congresses writes:

"THIS HAS BEEN an incredibly spendthrift Congress.

"It has also refused to face up to the Communist menace to American institutions.

"The Democratic leaders in the Senate have been caught redhanded in an alliance with the powerful and monopolistic labor unions, with the apparent aim of winning the labor vote at the polls.

"The Congress, especially in the Senate, has been turned into a vote-trading operation. Legislative juggling has managed to kill important bills by delaying them to the last minute.

"Spending by this Congress has been fantastic. There has been nothing like it before in peacetime. The effects will be spread out over many, many years.

"Spending started out as a depression cure but soon this was thrown aside and without pretense the Democrats plunged into vast election - year buying of voter groups of all kinds. May Republicans felt they had to go along or be defeated.

"Hundreds of little projects in almost every area—legislative items never heard of before except locally — all added up to billion-dollar outlays.

"In fairness, it must be said that two Democrats — Sen. Harry Byrd and Rep. Howard Smith of Virginia — protested and did manage to block some of the bills that meant wasteful spending.

"LEGISLATION designed to correct Supreme Court decisions has been shrouded in mystery at this session. It is common gossip around the Senate that Americans for Democratic Action had a group of left wing Democrats in the Senate lined up for weeks ready to pounce on any legislation affecting the Supreme Court.

The same attitude has been manifested toward moves to thwart Communistic activities. Billions of dollars were voted for foreign aid to help fight Communism abroad but subversion and Communist infiltration at home were neglected.

"Organized labor boldly took possession in the Senate of the movement to rewrite the labor laws and managed to insert certain provisions hostile to management, so that finally all the major bills were blocked by both factions — a favorite way to bring about the death of much-wanted legislation in order that responsibility for what happened may not be readily determined. The only labor bill passed was an innocuous measure to require the publication of certain data on employe pension funds.

"It was largely a self-centered Congress, mainly concerned with local projects or the pressure of voting groups and evidently of the belief that the country as a whole would never find out what really happened or which groups or interests or their henchmen were responsible for the debacle."

Letters To The Editor

Having been a citizen of East Liverpool since birth and being a registered voter, I feel entitled to present my feelings to the public.

The recent order barring disabled persons, pensioners, etc., from the streets has worked considerable havoc with the normal life of these men, who for years have enjoyed the privilege of having recreation parlors. Now it appears that a man of advanced years or a disabled veteran no longer can stop to rest on the streets. The logical resting place for these men is the "poor man's club", commonly known as the pool rooms. These men have no access to the social clubs.

JOHN P. CARUSO
131½ W. 6th St.

(Editor's Note — City police last week received orders to keep drunks and beggars from loitering on the streets after many complaints from women that they found it virtually impossible to walk on E. 6th St. at times because of the loafers.)

Why is work that has to be done in East Liverpool given to an out - of - town contractor in so many cases when there are those here who often can do the job at a cheaper rate and keep the money in this city?

I submitted a bid of $800 for the removal of 25 utility poles on Pennsylvania Ave. from State St. to Minnesota Ave. There was another bid for $1,380.

The work was awarded the Hoosier Engineering Co. of Columbus on a bid of $1,567.58.

I could have done the job at half the price and left the money in town.

THIRTY YEARS AGO — Mr. and Mrs. William J. Brown and daughter Peggy of Newell sailed for Honolulu from San Francisco on the Wilhelmina, where the former had accepted a position in the education system of the Hawaiian Islands.

The Rev. E. L. Zachman, pastor of the First Evangelical Church of Wellsville, was re-assigned to the local church at the closing sessions of the conference of the Ohio Evangelical Association in Toledo.

Mrs. Henry Camp entertained members of the Shady Rest Club at her home in Smiths Ferry.

TWENTY YEARS AGO — The fifth annual tennis tournament sponsored by the YMCA was thrown open to all residents of East Liverpool, Chester and Newell, instead of being limited to the membership of the organization.

The Rev. L. G. Douglas was reappointed pastor of the Wellsville Methodist Protestant Church for another year at the annual meeting of the Ohio Conference in Sabina.

This commission, with former Ohio Sen. George H. Bender as its chairman, will do for the Teamsters, according to the union's president James R. Hoffa, what the UAW board and the AFL-CIO committee will do for their sponsors.

It will provide a conscience for the executive leadership of the union. It will reassure the public by its silence that it knows of nothing which should make it raise its voice; or, if its voice is raised, it will reassure the public that the union is subject to some dictate higher than that of expediency.

This can be done, of course, only if the public continues to believe absolutely in the integrity of the people who undertake this significant role in the labor movement. This is as true of the union officials on the AFL-CIO ethical practices committee as it is of the unaffiliated citizens who have consented to serve the Auto Workers and Teamsters. They bear a heavy responsibility.

A curious condition has developed in unionism — a kind of double standard that gives legal sanction to situations that could not command moral sanction. This was referred to pointedly by last Sunday's "Meet The Press" guest, Joseph E. Curran, president of the National Maritime Union.

Curran is a member of the AFL-CIO ethical practices committee, which has chastised Teamsters president Hoffa for his practices. Yet, as head of the Maritime Union, Curran must do business with Hoffa and his union on good terms.

Curran insisted that he has no choice; that Hoffa's union exists; that Hoffa exists; that Hoffa can neither be wished out of existence nor wafted out of existence by any due process of law. He might have added that there is no present likelihood that Hoffa can be affected by future legislation, either, because Congress failed to pass the only bill before it that would have increased his financial responsibility and guaranteed democratic elections.

It is as though unions were expected to and in turn were expecting to do for themselves what Congress and the state legislatures did not know how to do; namely, to convince the public that they deserve the moral sanction that ordinarily goes with legal sanction.

No one can be sure how this is going to turn out, least of all the handful of citizens who have consented to serve on the "conscience" boards and committees. It would seem that the proof would await the first public promptings of conscience, followed by a prompt about-face. In no other way can the public ever be sure that the "still, small voice of conscience" is being heard.

The Once Over

By H. I. Phillips

NBC and ABC are to produce a series of Civil War thrillers to mark the 100th anniversary of the struggle and it looks like real competition for westerns. In other words a switch to fights over something much more serious than a stranger's poker hand in a Deadwood saloon.

In Grant, Lee, Sheridan and Stonewall Jackson we will at least get heroes who don't kick their foes in the chin. TV will cover the Civil War from Fort Sumter to Appomattox.

The western influence is so pronounced on TV this could result in a cowboy posse breaking up the Monitor-Merrimac battle, a French movie star firing on Sumter, and Pickett's charge interrupted by sales pitches for beer and cigarettes.

TALL LIBERTIES have been taken with frontier history and same could happen to telecast of War of Rebellion. We fear Richmond will be taken by Grant with a staff made up of Dale Robertson, Lassie, Roy Rogers, the Sioux Indians and Brigitte Bardot.

The Army of Potomac may have Marilyn Monroe, with Lee's forces somewhat dependent on Cyd Charisse.

It wouldn't surprise us to hear Shirley MacLaine delivering the famous line, "I propose to fight it out on this line if it takes all summer."

BROTHER, CAN THIS bring curious casting! Hugh O'Brian as U.S. Grant, David Niven as "Little Mac," and Richard Boone as John Ericsson, famed naval inventor, with a "Have cheesebox on raft; will travel" episode.

Randy Scott, Sterling Hayden, Red Buttons, Lew Ayres, Ernie Ford and Frankie Sinatra may show up at Vicksburg Landing. Watch for Doc Holliday saving the day at Little Round Top.

We may even find the two top Civil War heroes labeled "Rocky" Grant and "Biff" Lee. But they will have trouble settling the Battle of Seven Oaks by having two generals in cowboy costume walking toward each other on a deserted street at high noon, pistols drawn, and everybody else hiding under pool tables.

THE MAYOR OF ANCHORAGE gave Mayor Wagner a fur cap. Ya can't fool us, yerroner. You're still Bob Wagner, not Sergeant Preston of the Yukon.

Ned Beach, skipper of the Triton, wrote the book "Run Silent, Run Deep" from which the movie was made.

Reds Leave No Sabotage Stone Unturned

By Victor Riesel

LONDON

A special Soviet apparat, created shortly after the Russian revolution by Nicolai Lenin himself, today is directing the Communist infiltration of the free world's outer - space research laboratories, interstellar rocket engineering facilities and sky platform production installations.

Victor Riesel

This apparat is now devoted to sabotage. It is made up of disciplined Communists who first seep into strategic unions. Their task is to colonize laboratories and work even as sweepers' helpers if need be. But they are in a position to learn long in advance of any project that our scientists are planning.

It is my belief that there is little these rings do that is not under the surveillance of J. Edgar Hoover's superbly scientific special "desks."

These desks work in secret cooperation with British counter - intelligence — MI-5. And for cynics who do not believe that a fragmented Communist movement can place itself at the jugular vein—the power line—of a nation, I have this report(

MI-5 and British labor leaders have evidence to prove that the English Communists concentrate on the chemical industry here as far back as 1922 and 1923.

No national Communist labor apparat moves without direction from the old Comintern (Communist International).

THIS INFILTRATION could have come as direct orders from the Comintern or through the old Soviet labor outfit, the Profintern.

But the concentration was there, mind you, even during the years the Soviet's new armies were still fighting outlying czarist army units.

So important did the Lenin government believe infiltration was that it set up these units long before it had consolidated the revolution.

They concentrated on the British chemical industry because the Lenin strategists thought that the next war would be fought with prison gas and other chemicals.

This concentration lasted until 1928. Suddenly the Communists lost interest in this union and the industry itself. They couldn't care less.

Their people were switched to the field of electricity. They saw future wars based on wired weapons. For four years they used every strategy and not a little terror and muscle. They worked their way into the electrical trades union.

THEN SUDDENLY they developed interest in crafts of science—for now they believed the war of the future would be one of electronic tubes.

And when in 1936 the Communists saw associations of scientific workers being organized, they infiltrated successfully.

For the word now was that the great British scientists were dabbling with a new form of power. The British were secretly working on someting called television — in color as well as in black and white.

Fact is that the British were actually transmitting as far back as '38 in London. But soon the thunder of Nazism bounced off the white cliffs of Dover — and the British switched to radar. They were the first. It saved Britain in the Battle of the Blitz.

The Communist infiltrators could not have known in advance of such radar experimentation. They went where they were told.

They were there when the British electronics industry developed the magnificent weapons and counter defenses of which we have still to hear. But once the Communists infiltrated, there is no doubt they knew what was happening day by day.

THERE WERE those in the scientific workers groups who were actual Communists and some who were just friends of Alan Nunn May. He is the chap who handed uranium samples to atomic spy rings planted in the U.S. and Britain by the Russians.

One of the scientific workers group visited May in prison. The associations themselves passed resolutions in defense of May when he was arrested.

The Communist party has but 35,000 members in this land, yet powerful and relentless Communists today control the Electrical Trades Union.

As outspoken, avowed diciples of world Communism, Soviet - type, they are dedicated to the destruction of Western governments. Yet they control a union whose members are in the powerhouses which feed Britain's concentrated industries.

They control this union although MI-5 and the British anti-Communist labor leaders estimate that there are not more than 2,500 Communists in the 250,000-man Electrical Trades Union.

If we in America do not learn from all this, we all ought to take the next rocket to Venus.

To London By U-Boat

By Ian Menzies

Now that the Nautilus and the Skate have done it, crusing by submarine under the North Pole is becoming old hat. But other pioneering feats in the maritime field lie ahead, probably in the near future.

The U.S. Maritime Commission now is studying the feasibility of a submarine tanker and a semi-submersible tanker, plans for which are being worked on by Electric Boat Co., Groton, Conn., and Arojet in California. Japan claims to have an atomic submarine freighter under construction—first in the world.

The Russians' nuclear-powered icebreaker, already clearing floes along the Soviets' northern coasts, soon will be outdone by America's Savannah, whose kneel has been laid at the Camden, N. J., yard of the New York Shipbuilding Corp.

The 400-million-dollar Savannah, which is scheduled to be completed in 1960, will be the first atomic-powered merchantman in the world. It will be used as a display ship to interest private industry in nuclear propulsion.

BEYOND THIS, the future of seafaring holds many surprises for businessmen, shippers and travelers. According to Professors Philip Mandel and Martin Abkowitz, both of the Department of Naval Architecture at Massachusetts Institute of Technology, the day may not be far off when a Boston executive traveling to London will cross the Atlantic by submarine.

Or, say the professors, he might make the trip on a semi-submersible—a vessel somewhat comparable to an iceberg, with one-eighth of its mass above water and seven-eights below.

They also predict that hydrofoil boats, sitting up on stilts outfitted with pontoons, may become quite commonplace on this nation's sheltered waters, such as the Great Lakes.

The two MIT experts explain why until recently there have been few radical innovations in ship design, in contrast to the revolution in aircraft design.

First, they said, hauling freight by sea still is the cheapest way to transport goods and thus there is no pressing stimulus for change. Second, they point out, increasing the speed of ships causes a disproportionate rise in costs for the shipowner, particularly in fuel and power plant costs.

IF IT WEREN'T for the cost factor, they said, it would be entirely possible right now to construct a 70,000-ton merchant ship capable of 50-knot speeds. It would cut trans - Atlantic travel to three days.

But research toward making such improvements feasible and profitable is being made, the two professors said. The biggest obstacle, they said, was the lack of interest in naval architecture as a career.

"Most science-minded youngsters are attracted by electronics, missile work or aircraft design," Prof. Mandel said. "But a career in ship design could be just as exciting."

At present only 50 naval architects are graduated a year, not nearly enough to fill all vacancies. Only three schools have departments in this field: MIT; The Webb Institute of Naval Architecture Glenn Cove, Conn. and the University of Michigan.

Custer Myths Persist

By Ralph Friedman

CROW AGENCY, Mont.

More than 130,000 persons visited the Custer Battlefield National Monument last year and asked the monument rangers an average of one question per visitor.

Among the leading questions asked were:

"Where is Custer buried?" (West Point.)

"How many Indians were killed?" (Probably several hundred.)

"Was Custer scalped?" (No.)

Most of these quiz-kid rangers are history majors attending college. This year's group comes from the Universities of Buffalo, Oklahoma, Wisconsin and Nebraska and Montana State College. They bone up on their subject in the monuments library, which has the largest collection of "Custerana" in the world.

The rangers spend a great amount of time tearing down myths. The most prevalent is that Custer was the last man to be killed. "Not necessarily so," says Jack McDermott, who has an MA degree in American History from Wisconsin and has spent two years at the monument. "No one really knows and it's doubtful that anyone ever will," he adds.

Although important aspects of the battle are shrouded in mystery, new information is still being discovered. Late in June, the skeletal remains of three of the soldiers with Benteen and Reno, group commanders under Custer, were found during the reconstruction of rifle pits.

Historians say the terrain looks the same as it did when the battle was fought, on the hot day of June 25, 1876. There is one minor exception: The Little Big Horn River, below the battlefield, has somewhat altered its course during the years.

One look at the terrain is enough to topple the myth that the Indians made their charge on horseback. The ground is covered with sagebrush and is cut and sliced by ravines, ridges and precipitous slopes.

Congress' Failures

By David Lawrence

No Laws Made To Curb Reds, Racketeers

The 85th Congress, just adjourned, has by its inaction and failure to deal with vitally needed legislation turned out to be the worst in a half century.

David Lawrence

For the Congress has not passed any of the proposed laws to curb Communist infiltration in the United States during the cold war crisis.

It has not passed any laws to punish those who openly preach the overthrow of our government by force — the Supreme Court having ruled that existing law does not cover those individuals who advocate treason.

It has not passed any laws to stop racketeering and gangsterism by a minority of powerful labor unions.

It has not passed any laws to deal with confessed rapists now that the Supreme Court has made it easier for such criminals to gain their liberty on technicalities.

It has not passed any laws to help the State Department to withhold passports hereafter from American citizens who are part of the Communist espionage apparatus and who can sabotage the policies of the United States while travelling abroad.

IT HAS NOT PASSED any laws to stop the Supreme Court from ignoring states' rights, a practice severely condemned in a report approved last week by the chief justices of 36 states — three quarters of the states of the Union — based on the same facts that were available to the committees of Congress for the past year.

It has not passed any laws to curb labor union monopolies which, by industrywide bargaining and coercive methods, virtually fix prices and keep the cost of living up so that the purchasing power of the dollar is constantly forced down.

There now will be plenty of partisan speeches boasting of how the 85th Congress has passed lots of legislation on a wide variety of subjects. But these bills were of financial benefit largely to special voting groups and, while some of the measures were meritorious, they do not by any means offset the major failures.

What really happened behind closed doors in this Congress is a big news story. Will the people ever get it?

There has been much comment in the press in recent months about the "right to know" as various members of Congress have piously proclaimed that they favor the idea. But ironically the American people have gotten far less information this year than ever before about the vote - trading, the log-rolling and the juggling that went on behind the scenes in both houses of Congress.

The large newspapers and news associations maintain staff reporters to watch what's happening all day every day on Capitol Hill. This correspondent has just obtained a copy of a memorandum written by one of those reporters. Long identified with a big city newspaper, the veteran reporter of many Congresses writes:

"THIS HAS BEEN an incredibly spendthrift Congress.

"It has also refused to face up to the Communist menace to American institutions.

"The Democratic leaders in the Senate have been caught redhanded in an alliance with the powerful and monopolistic labor unions, with the apparent aim of winning the labor vote at the polls.

"The Congress, especially in the Senate, has been turned into a vote-trading operation. Legislative juggling has managed to kill important bills by delaying them to the last minute.

"Spending by this Congress has been fantastic. There has been nothing like it before in peacetime. The effects will be spread out over many, many years.

"Spending started out as a depression cure but soon this was thrown aside and without pretense the Democrats plunged into vast election - year buying of voter groups of all kinds. May Republicans felt they had to go along or be defeated.

"Hundreds of little projects in almost every area—legislative items never heard of before except locally — all added up to billion-dollar outlays.

"In fairness, it must be said that two Democrats — Sen. Harry Byrd and Rep. Howard Smith of Virginia — protested and did manage to block some of the bills that meant wasteful spending.

"LEGISLATION designed to correct Supreme Court decisions has been shrouded in mystery at this session. It is common gossip around the Senate that Americans for Democratic Action had a group of left wing Democrats in the Senate lined up for weeks ready to pounce on any legislation affecting the Supreme Court.

The same attitude has been manifested toward moves to thwart Communistic activities. Billions of dollars were voted for foreign aid to help fight Communism abroad but subversion and Communist infiltration at home were neglected.

"Organized labor boldly took possession in the Senate of the movement to rewrite the labor laws and managed to insert certain provisions hostile to management, so that finally all the major bills were blocked by both factions — a favorite way to bring about the death of much-wanted legislation in order that responsibility for what happened may not be readily determined. The only labor bill passed was an innocuous measure to require the publication of certain data on employe pension funds.

"It was largely a self-centered Congress, mainly concerned with local projects or the pressure of voting groups and evidently of the belief that the country as a whole would never find out what really happened or which groups or interests or their henchmen were responsible for the debacle."

Letters To The Editor

Having been a citizen of East Liverpool since birth and being a registered voter, I feel entitled to present my feelings to the public.

The recent order barring disabled persons, pensioners, etc., from the streets has worked considerable havoc with the normal life of these men, who for years have enjoyed the privilege of having recreation parlors. Now it appears that a man of advanced years or a disabled veteran no longer can stop to rest on the streets. The logical resting place for these men is the "poor man's club", commonly known as the pool rooms. These men have no access to the social clubs.

(Editor's Note — City police last week received orders to keep drunks and beggars from loitering on the streets after many complaints from women that they found it virtually impossible to walk on E. 6th St. at times because of the loafers.)

Why is work that has to be done in East Liverpool given to an out - of - town contractor in so many cases when there are those here who often can do the job at a cheaper rate and keep the money in this city?

I submitted a bid of $800 for the removal of 25 utility poles on Pennsylvania Ave. from State St. to Minnesota Ave. There was another bid for $1,380.

The work was awarded the Hoosier Engineering Co. of Columbus on a bid of $1,567.58.

I could have done the job at half the price and left the money in town.

Down Through The Years

From The Review Files

THIRTY YEARS AGO — Mr. and Mrs. William J. Brown and daughter Peggy of Newell sailed for Honolulu from San Francisco on the Wilhelmina, where the former had accepted a position in the education system of the Hawaiian Islands.

The Rev. E. L. Zachman, pastor of the First Evangelical Church of Wellsville, was re-assigned to the local church at the closing sessions of the conference of the Ohio Evangelical Association in Toledo.

Mrs. Henry Camp entertained members of the Shady Rest Club at her home in Smiths Ferry.

TWENTY YEARS AGO — The fifth annual tennis tournament sponsored by the YMCA was thrown open to all residents of East Liverpool, Chester and Newell, instead of being limited to the membership of the organization.

The Rev. L. G. Douglas was reappointed pastor of the Wellsville Methodist Protestant Church for another year at the annual meeting of the Ohio Conference in Sabina.

TEN YEARS AGO — Columminana County Day was observed at the Trumbull County Experiment Farm, north of Warren.

The East Liverpool Junior Chamber of Commerce staged its 10th annual golf jamboree at the Country Club.

The annual Hookstown Grange fair opened for three days.

At Exercises On Sept. 5

Student Nurses To Get Diplomas

Twelve students of the City Hospital Training School will receive diplomas marking completion of three years of study at commencement exercises Sept. 5 in the First United Presbyterian Church.

The graduates are (top row left to right) Miss Nancy Dover, daughter of Mr. and Mrs. Thomas C. Dover, 519 Elm St.; Miss Janet Lee Moor, daughter of Mrs. James Dimmerling, 692 Lincoln Ave.; Miss Frances Prince, daughter of Mr. and Mrs. Frank Prince, R. D. 1, Smiths Ferry, Pa., and Miss Wilma Jo Lovejoy, daughter of Mr. and Mrs. Arbie E. Lovejoy, 701 Virginia Ave., Midland; (middle row left to right; Miss Dorothy Ann Bemis, daughter of Mr. and Mrs. E. L. Bemis, 1730 Clark Ave., Wellsville; Miss Ruthann Smith, who resides with her grandmother, Mrs. Stella Smith, 222 Washington St., Newell; Miss Elsie Thomas, daughter of Mr. and Mrs. Ray Thomas, 919 Bank St., and Miss Sandra Turner, daughter of the Rev. and Mrs. Robert C. Turner, 1034 Bradshaw Ave.; (lower row left to right) Miss LaWanda Sheline, daughter of Mr. and Mrs. Frank Musuraca, 305 E. 3rd St., Miss Martha Bennett, daughter of Mrs. Jess Males, 610 Florida Ave., Chester; Miss Norma Shaw, daughter of Mr. and Mrs. Fred Shaw, 1215 Fairmont St., and Miss Lois Cosgrove, daughter of Mr. and Mrs. Wilbert Cosgrove, 176 Indiana Ave. Chester.

Dr. William J. Smart, interim pastor from England, now serving the Irondale and Hammondsville Methodist Churches, will address the nurses.

The presentation of diplomas and awards will be made by Mrs. Francis H. Lang, chairman of the nursing school committee. Members of the Women's Auxiliary of the City Hospital Association will be hostesses at the reception. Mrs. W. E. Dunlap Jr. is chairman.

Bus Garage Employe Hurt

Woman Injured In Fall From Horse

A man hurt in a fall at a bus garage and a woman injured in dismounting from a horse were admitted Monday to City Hospital along with a man hurt playing ball. Two men and a youngster were treated at the hospital after separate mishaps.

Louis Holtz, 21, of W. 4th St., employe of the Holtz Transportation Co., is in "fair" condition today with injuries received in a fall at the bus garage. He suffered a laceration of the ear and right knee.

Mrs. Mary Headley of W. Church Ln. is in "fairly good" condition with a knee injury suffered when getting off a horse. Wife of Wallace Headley, she was admitted at 7:10 p. m.

Alfie Reese of New Cumberland received a dislocated shoulder while playing ball at Newell He is in "satisfactory" condition.

Lynwood Wilson of Drain St., a mechanic who operates a garage, suffered an injury to the collarbone when an auto under which he was working fell on him. He was treated at 9 p. m. and released.

Regis Smith, 19, of Broadway, Wellsville, suffered abrasions of the left hand when caught between a gas meter and wall while at work for the Manufacturers Light & Heat Co.

Dallas Pridemore, 17, son of Mr. and Mrs. Ralph Pridemore of St. George St., suffered an injury to the left thumb when caught in a car door.

Census Bureau Slates Queries For Retailers

Census takers will visit a number of local business establishments in the first 10 days of September to collect information on retail sales for use in compiling national figures for the U. S. Census Bureau's monthly retail trade report, it was announced today by Supervisor Joseph S. Marlow of the bureau's regional office in Pittsburgh, which will participate in the survey.

Approximately 7,800 retail stores across the nation are visited each month by census takers, who collect figures on dollar volume of retail sales by kind of business. This information is combined with similar facts collected by mail from another 13,000 retailers, covering approximately 100,000 stores, to provide the basis for estimating the national totals.

The national figures on retail sales presented each month in the Census Bureau's monthly retail trade report are used widely by businessmen and government officials as a business barometer.

U.S. Presses Iraq To Ease Up On Envoys

WASHINGTON (AP)—The United States is pressing Iraq's revolutionary government to ease restrictions on American diplomats in Baghdad.

Iraq's attitude on this will be viewed as a clue to the sincerity of its pledge to seek friendly relations with the United States.

Diplomatic officials who reported this said reopening of the U.S. information office, shut down since the revolt exploded six weeks ago, is one of the steps the new regime has been asked to take.

The State Department also is urging Iraq to end half a dozen other annoying restrictions hampering the work of diplomats both in the U S. Embassy and in American consulates.

These restrictions, officials said are not viewed as a deliberate campaign of harassment at this time. Rather, they are looked on as being the result of confusion and overzealous supervision evident since the July 14 change in government.

The State Department also is unhappy about some bitter anti-American propaganda broadcast by Radio Baghdad. The official Iraq government station has given considerable attention to charges that the United States plotted to stir up revolt in neighboring Syria.

Come Out Now, Earth People

Outer Space Rocket Came From Teenagers' Cellar

POCATELLO, Idaho (AP)—You can come out now, earth people. That rocket from outer space came from a teen-ager's basement.

The thing turned up on Ruel H. Barrus' lawn last weekend —still smoking. It was a rocket-shaped aluminum cylinder 10 inches long and 3 across Its crumpled nose was buried deep in the dirt, and its burned outer shell suggested the kind of heat a rocket might encounter on hitting the earth's atmosphere.

The find caused a stir in this east Idaho community, where flying saucer reports have turned up lately. The press played it big.

It was the publicity that flushed the worried engineers of the prank. Roy Bennell, 14, and Paul Napper, 15, decided to go to the cops before the cops came to them.

In a statement written out Monday before police let them go, the boys explained: "This . . .was primarily a psychological experiment, to see what would happen if the reported flying saucers had actually fired a reconnaissance missile."

Paul and Roy, who dabble in amateur rocketry, chemistry and radio, said soberly they tried to make the device look as if it was propelled by an ion motor — "something which has not been developed on earth yet."

They burned the shell with acid and acetylene torch, to give it that air-fired look. They put a spring and glass vial inside, crumpled the nose, spooned in some yellow phosphorus to make it smoke, then dug a hole and planted it.

"All in all, the experiment was a success," they said. "The Police Department analyzed the remains quite thoroughly and had the construction of the rocket partially right."

Firemen Hear Report On Building Progress

Nineteen attended the meeting of Calcutta volunteer firemen Monday night in the fire station when reports were heard on the progress of the nearly completed building to house the department's trucks and also recreation facilities.

Norman Neal, president, conducted business and announced that firemen are operating a stand in the carnival being held this week by Glenmoor firemen. Proceeds will be used for the building fund.

The group expected some 400 feet of maple flooring to arrive today to finish that project in the new building. A septic tank recently installed was to be inspected today.

Following the meeting, David Dray demonstrated the use of a resuscitator. The next meeting will be Monday night at 8:30.

Gunman Nabbed After Terrorizing Women In Akron

AKRON, Ohio (AP)—Police exchanged shots with a gunman here Monday night, and before they captured him he broke into a trailer camp home and terrorized a group of women, one of whom died.

Held in city jail and still unable to provide any explanation for his actions was James L. Little, 31. Little, a typewriter repairman, has lived here and in Massillon and has a record of arrests including armed robbery, police said.

The dead woman, Mrs. Elizabeth Morse, 60, apparently had a fatal heart attack while on the way to Akron General Hospital. Four other women at the trailer camp were treated for lacerations. They said Little broke into the room where they were having a club meeting, demanded money and began striking them.

Police began pursuing Little when he fired two pistol shots through a glass sun porch at the home of Carl Moye. Moye said he knew of no reason for Little's attack and told police he had only a slight acquaintance with the gunman.

Little fled from there followed by police who fired two shots into his car. The car was abandoned at a gas station. From there he ran to the trailer camp where police cornered him.

Charges against Little were delayed pending further investigation.

Admits Embezzlement

CLEVELAND (AP)—Kenneth A. Faul, 46, sales manager for Three Bears Super Stores, Inc., surrendered to police Monday and admitted embezzling $3,200 from the store July 7. Faul said he spent all but $100 of the money, but "most of the money I spent I couldn't enjoy" because of what people would day "if they knew what I had done."

Census Bureau Slates Queries For Retailers

Census takers will visit a number of local business establishments in the first 10 days of September to collect information on retail sales for use in compiling national figures for the U. S. Census Bureau's monthly retail trade report, it was announced today by Supervisor Joseph S. Marlow of the bureau's regional office in Pittsburgh, which will participate in the survey.

Approximately 7,800 retail stores across the nation are visited each month by census takers, who collect figures on dollar volume of retail sales by kind of business. This information is combined with similar facts collected by mail from another 13,000 retailers, covering approximately 100,000 stores, to provide the basis for estimating the national totals.

The national figures on retail sales presented each month in the Census Bureau's monthly retail trade report are used widely by businessmen and government officials as a business barometer.

U.S. Presses Iraq To Ease Up On Envoys

WASHINGTON (AP)—The United States is pressing Iraq's revolutionary government to ease restrictions on American diplomats in Baghdad.

Iraq's attitude on this will be viewed as a clue to the sincerity of its pledge to seek friendly relations with the United States.

Diplomatic officials who reported this said reopening of the U.S. information office, shut down since the revolt exploded six weeks ago, is one of the steps the new regime has been asked to take.

The State Department also is urging Iraq to end half a dozen other annoying restrictions hampering the work of diplomats both in the U S. Embassy and in American consulates.

These restrictions, officials said are not viewed as a deliberate campaign of harassment at this time. Rather, they are looked on as being the result of confusion and overzealous supervicion evident since the July 14 change in government.

The State Department also is unhappy about some bitter anti-American propaganda broadcast by Radio Baghdad. The official Iraq government station has given considerable attention to charges that the United States plotted to stir up revolt in neighboring Syria.

Come Out Now, Earth People

Outer Space Rocket Came From Teenagers' Cellar

POCATELLO, Idaho (AP)—You can come out now, earth people. That rocket from outer space came from a teen-ager's basement.

The thing turned up on Ruel H. Barrus' lawn last weekend —still smoking. It was a rocket-shaped aluminum cylinder 10 inches long and 3 across Its crumpled nose was buried deep in the dirt, and its burned outer shell suggested the kind of heat a rocket might encounter on hitting the earth's atmosphere.

The find caused a stir in this east Idaho community, where flying saucer reports have turned up lately. The press played it big.

It was the publicity that flushed the worried engineers of the prank. Roy Bennell, 14, and Paul Napper, 15, decided to go to the cops before the cops came to them.

In a statement written out Monday before police let them go, the boys explained: "This . . .was primarily a psychological experiment, to see what would happen if the reported flying saucers had actually fired a reconnaissance missile."

Paul and Roy, who dabble in amateur rocketry, chemistry and radio, said soberly they tried to make the device look as if it was propelled by an ion motor — "something which has not been developed on earth yet."

They burned the shell with acid and acetylene torch, to give it that air-fired look. They put a spring and glass vial inside, crumpled the nose, spooned in some yellow phosphorus to make it smoke, then dug a hole and planted it.

"All in all, the experiment was a success," they said. "The Police Department analyzed the remains quite thoroughly and had the construction of the rocket partially right."

Gunman Nabbed After Terrorizing Women In Akron

AKRON, Ohio (AP)—Police exchanged shots with a gunman here Monday night, and before they captured him he broke into a trailer camp home and terrorized a group of women, one of whom died.

Held in city jail and still unable to provide any explanation for his actions was James L. Little, 31. Little, a typewriter repairman, has lived here and in Massillon and has a record of arrests including armed robbery, police said.

The dead woman, Mrs. Elizabeth Morse, 60, apparently had a fatal heart attack while on the way to Akron General Hospital. Four other women at the trailer camp were treated for lacerations. They said Little broke into the room where they were having a club meeting, demanded money and began striking them.

Police began pursuing Little when he fired two pistol shots through a glass sun porch at the home of Carl Moye. Moye said he knew of no reason for Little's attack and told police he had only a slight acquaintance with the gunman.

Little fled from there followed by police who fired two shots into his car. The car was abandoned at a gas station. From there he ran to the trailer camp where police cornered him.

Charges against Little were delayed pending further investigation.

Councilman's Status Aired At Salineville

Carter Absent For 2 Meetings, Reported To Have Resigned

SALINEVILLE — Possible resignation of a member was discussed by Council at a meeting Monday night at Village Hall.

Councilman Harry Carter, sole Democrat member, was absent and Councilman Earl Davison reported Carter had advised him he "had quit." Carter was also absent at the previous meeting.

Mayor Karl Lindner said a written resignation was required to leave Council, unless a member was absent for two consecutive meetings without a valid excuse when an automatic dismissal became effective.

The mayor said he would consider Carter a member of Council until the next meeting. Carter was first named to Council in November.

Council discussed complaints that grass at Woodland Cemetery was not being cut properly. George Goppert, member of the Cemetery Board, and Lloyd Pletcher, caretaker, were present.

It was pointed out excess rain this summer had caused grass to grow quickly and the cemetery workers were unable to keep it cut properly and continue with other work. One of the two mowers was also reported disabled.

Council authorized the purchase of two new power mowers, along with hiring of extra help to keep the grass cut.

Mayor Lindner said he plans this week to appoint two members to the Cemetery Board. Goppert is the sole member at present since no one has accepted appointment to replace the late Ralph Gould or the third post which has been vacant since the expiration of the term of Blaine Patterson Jan. 1.

In other action, Council authorized repairs to the Village Hall jail after a request from Mayor Lindner who said police were unable to house prisoners in the cells because of the dampness.

New roofing and spouting were authorized for the jail, Mayor Lindner explaining the faulty drains and leaky roof caused the dampness.

A request from William Hall of Grandview for three or four new street lights for that area was referred to the street and light committee.

Roy Beck, street supervisor, was instructed to open a clogged sewer in Diamond Valley reported by Stanley Fitch. Council refused to clean out a lot of Fred Polen, who asked aid in clearing the pottery lot which he said had become filled from a stream through the property.

Councilman Joe Knight was also absent. The next meeting will be Sept. 29.

DR. RALPH BUNCHE, left, bids United Nations Secretary General Dag Hammarskjold goodbye as the latter departed Monday for the Middle East. Hammarskjold's first stop on his quest for peace will be Beirut, via London and Paris. He was to arrive in the Lebanese capital today. (UPI Telephoto)

Advice From Actor, Producer

Don't Drift, Powell Says

By HAL BOYLE

NEW YORK (AP) — "I don't believe in drifting," said Dick Powell, "and my only wish is that I'd been born smarter.

"Looking back on my career, it seems like I was always fighting to get out of one thing and into another. I was always restless, and I still am."

A man with a deceptively easy-going air, Powell, now a kind of strolling Ft. Knox, has had a number of careers in his rise from saxophone player to top status as a movie and TV producer-director.

But even in his lean days Powell had a sturdy independence.

He recalled that 30 years ago, as a young unknown theater emcee, he turned down a chance to play opposite a promising actress. The actress was Janet Gaynor. The picture was "Seventh Heaven," and it made a star of Charles Farrell, who took the role Powell rejected.

"But I still think I was right," said Dick. "I wasn't quite ready for it."

Powell later fought and won the right to play tough guy roles after he starred in 35 musicals in 13 years, the memory of which still depresses him.

The slender tenor from Mountain View, Ark., is busier than ever. He will help supervise the filming of 150 television shows and he still has four full-length pictures to produce and direct under a contract with 20th Century-Fox.

What has been his biggest problem in adapting to his new career as a producer? Powell grinned wryly at his wife, actress June Allyson.

"It's trying to sell an actor on the idea that a proposed role is just right for him. I don't know why that's so difficult for me. After all, I was sold the same way dozens and dozens of times when I was an actor," he replied.

"I'm not exactly the promoting type of producer. I hate to put pressure on people, but sometimes you have to.

"But there's no greater satisfaction than taking a story and turning it into a completed picture. It's far more satisfying than just acting."

"People think Richard's a lot tougher and more practical than he really is," said June, who knows shorthand and says she acts as his secretary when they're traveling. "Underneath, he's a softie."

They relax with their children on a 50-acre ranch that lies within the city limits of Los Angeles. Dick still likes to play his saxophone, but most of his singing now is confined to bathroom areas.

Gear From Airplane Almost Hits Children

BIRMINGHAM, Ala. (AP)—Survival gear from a passing military plane crashed to the ground within a few feet of two children Monday, but they were unharmed.

A fizzing bottle of carbon dioxide landed in the Garrett yard. The gas is used for inflating life rafts.

10 School Guards Will Be Named

Ten women school crossing guards will be named soon to allow several days' training before they start their duties with the resumption of classes Wednesday, Safety - Service Director Dan Maggianetti said today.

He said he may make the appointments Wednesday afternoon or Thursday. Applicants were registered at the Ohio State Employment Service office, then screened in interviews with the director. The part - time jobs pay $1 hourly. The East Liverpool office of the Columbiana County Motor Club will furnish raincoats, badges and "Sam Browne" type belts for the guards, the director said.

Meanwhile, Maggianetti said he expects to act Wednesday on appointment of a fourth operator for the sewage disposal plant. He has a three - man list certified for the post by the Civil Service Commission The jobs pay $300 monthly.

Marietta Tavern Shooting Claims Second Victim

MARIETTA, Ohio (AP)—George Robinson Jr., 24, died in Marietta Memorial Hospital today, second victim of a tavern shooting here Saturday night.

Robinson had been wounded at the same time Mrs. Frances Cowdery, 31, was shot fatally as she left the tavern with Robinson.

Lewis Niday, 29, has been charged with first degree murder in the shooting of Mrs. Cowdery, and will have a preliminary hearing in Common Pleas Court Wednesday.

Police said the shooting occurred after Niday and Mrs. Cowdery had quarreled about her keeping company with Robinson. Mrs. Cowdery was the mother of three children.

Niday was arrested in Parkersburg, W. Va., a few hours after the shooting and returned here after waiving extradition.

2 District Boys Graduate From School At Culver

An East Liverpool boy and one from Irondale were graduated Saturday morning from Culver Summer School at Culver, Ind.

Robert Beatty, son of Mr. and Mrs. Robert F. Beatty of Forsyth Pl., was a midshipman at the Summer Naval School and received the Gold Tuxis medal, the highest honor of the session, for outstanding skill in all work.

He also received varsity letters in track and volleyball as well as the national rifleman sharpshooter's medal.

He will be a senior in East Liverpool High School this fall.

William S. Banfield, son of Dr. and Mrs. William S. Banfield of Irondale, served as lieutenant in the Cavalry School. He received a pin for three years' participation in the chapel choir and was a member of the Lancers Platoon in the horse show.

Young Banfield received the Bronze Tuxis award his first year and the Silver Tuxis his second year in the School of Horsemanship.

He will enter Mt. Union College at Alliance as a pre-med student this fall.

Both boys attended Culver Summer School for three years and received diplomas during graduation exercises.

Their parents attended as well as Mrs. William McKim, daughter of Mr. and Mrs. Beatty and Miss Joyce Tice of Irondale accompanied Dr. and Mrs. Banfield and their daughter, Miss Barbara Banfield.

All attended the formal ball Friday night.

Little girls beget big heartaches

From the moment they're born, girls are a lot of trouble. Little ones wiggle too much. Big ones shed too many tears. All of them want dresses that cost too much. And Mothers and Dads never stop worrying about them—never stop loving them—as they take each difficult step from babyhood to girlhood, from blue jeans to crinolines.

Is your little girl starting school this year? If so, she's taking her first step towards growing up—starting on her way towards high school, college, wedding bells and managing a home of her own. There's so much you want her to learn. So many things she needs to know to grow up into the kind of wife and mother you want her to be.

One of the important lessons for your daughter to learn is the meaning of thrift and the value of a regular savings program. And that's what the U. S. Treasury's School Savings Program will teach her.

By the purchase of 10¢ and 25¢ Savings Stamps in their schools, children can save up for U. S. Savings Bonds of their very own. And, as you know, Savings Bonds are one of the best investments that any of us can make.

Is your child's school participating in this important program? Why not speak to your principal, school superintendent or P. T. A. group about it? And start the U. S. School Savings Program in your school today.

Ten women school crossing guards will be named soon to allow several days' training before they start their duties with the resumption of classes Wednesday, Safety - Service Director Dan Maggianetti said today.

He said he may make the appointments Wednesday afternoon or Thursday. Applicants were registered at the Ohio State Employment Service office, then screened in interviews with the director. The part - time jobs pay $1 hourly. The East Liverpool office of the Columbiana County Motor Club will furnish raincoats, badges and "Sam Browne" type belts for the guards, the director said.

Meanwhile, Maggianetti said he expects to act Wednesday on appointment of a fourth operator for the sewage disposal plant. He has a three - man list certified for the post by the Civil Service Commission The jobs pay $300 monthly.

Gear From Airplane Almost Hits Children

BIRMINGHAM, Ala. (AP)—Survival gear from a passing military plane crashed to the ground within a few feet of two children Monday, but they were unharmed.

Mrs. Cecil E. Hanks saw the objects drop from the sky, one 30-pound kit striking near Drew Nesmith, 6, and Mary Garrett, 5.

A fizzing bottle of carbon dioxide landed in the Garrett yard. The gas is used for inflating life rafts.

Little girls beget big heartaches

From the moment they're born, girls are a lot of trouble. Little ones wiggle too much. Big ones shed too many tears. All of them want dresses that cost too much. And Mothers and Dads never stop worrying about them—never stop loving them—as they take each difficult step from babyhood to girlhood, from blue jeans to crinolines.

Is your little girl starting school this year? If so, she's taking her first step towards growing up—starting on her way towards high school, college, wedding bells and managing a home of her own. There's so much you want her to learn. So many things she needs to know to grow up into the kind of wife and mother you want her to be.

One of the important lessons for your daughter to learn is the meaning of thrift and the value of a regular savings program. And that's what the U. S. Treasury's School Savings Program will teach her.

By the purchase of 10¢ and 25¢ Savings Stamps in their schools, children can save up for U. S. Savings Bonds of their very own. And, as you know, Savings Bonds are one of the best investments that any of us can make.

Is your child's school participating in this important program? Why not speak to your principal, school superintendent or P. T. A. group about it? And start the U. S. School Savings Program in your school today.

Your Savings Bonds State Director will gladly help you install a School Savings Plan or revitalize a present one. Phone or write him—or contact the Savings Bonds Division, U. S. Treasury Department, Washington 25, D. C.

U. S. Savings Stamps point the way you want your child to grow!

Girl Here Held In Vice Probe

16-Year-Old Linked To Cleveland Case

An attractive 16-year-old East Liverpool blonde is being held in a detention home at Cleveland as a material witness in the case of a former disc jockey and his wife who are under investigation for possession of marijuana and a horse stimulant.

The West End girl was taken into custody here Thursday by Cleveland authorities in connection with their investigation of the activities of the two suspects, Max Lerch, 35, and his wife, Ada, 27, identified as an occasional strip teaser.

Cleveland authorities said the girl told of filling "dates" at Cleveland for the couple. The girl also said she obtained marijuana cigarets from Lerch "four or five times" and from his wife once, Cleveland officers said.

The authorities said the couple faces a sentence of 30 years to life on a charge of giving narcotics to a minor. They also may be charged with pandering, officers said.

The Cleveland authorities said a 22-year-old Cleveland mother also has told of "working" for the pair and obtaining marijuana from them. Among Lerch's possessions were large syringes and needles and a bottle of a drug identified as a horse stimulant, police said. Lerch denied doping horses and said the equipment was used to give vitamins and hormones to a horse in which his wife had a half ownership, authorities said.

Munhall Driver 'Fair' In Crash That Hurt 6

Steven Alexandroff, 56, of Munhall remained in "fairly good" condition today in Ellwood City Hospital with injuries received in a two-car crash Saturday in which five others were hurt, including a Midland banker and two members of his family.

Treated at the hospital were William Black, 33, of 12 W. Drive, Midland, who suffered facial cuts; his wife, Charlotte, facial cuts and a broken wrist, and their daughter Terry, 9, a broken leg. Another daughter, Marge, 5, was unhurt.

Black is a cashier at the First National Bank in Midland.

Also treated were Nicala Nickaloss, 37, and Mrs. Anna Meissner, 57, both of Pittsburgh, passengers with Alexandroff.

Authorities said Alexandroff was driving in the wrong lane and hit the Black auto on the crest of a hill. Black was returning to Midland after picking up his daughter, Terry, at the Crestview Camp at Slippery Rock.

The head-on crash occurred at 11:30 a. m. a mile north of the intersection of Routes 19 and 488 some 12 miles beyond Ellwood City.

Students In Mexico 'War' On Bus System

MEXICO CITY (AP) — Rebellious students were barricaded on the University of Mexico's modernistic campus today, calling for a monster rally tonight in support of their war on the capital's bus system.

The students blocked off entrances to the campus with buses which they seized over the weekend.

The student rebellion started last week as a protest against a small hike in bus fares, which was ordered to pay bus drivers higher salaries.

County O.K.'s Bridge Plans

Project To Depend On Run Deepening

LISBON — Columbiana County commissioners signed a resolution Monday to co-operate with the State Highway Department in the construction of a new bridge and the elevation of two others at Leetonia as a prelude for a project to control the frequent flooding of the community because of a shallow run.

The work is contingent upon assurance of the U. S. Army Corps of Engineers of the Pittsburgh District that it will deepen and relocate Cherry Valley Run.

The bridge elevations are those recommended by the Army engineers in its 1957 survey for flood protection.

Galen Greenisen of Salem, president of the Board of Commissioners, said the state and county will go 50-50 on cost on the bridges.

They are located on State Route 344. A new bridge is to be constructed outside the corporate limits replacing an existing bridge on State St. just inside the village limits. The creek channel will be relocated.

The Hazel St. and Columbia St. bridges are to be raised to recommended elevations.

Greenisen said no estimated cost is available since the state has not worked up its plans. The Division 11 office at New Philadelphia has asked Army engineers at Pittsburgh for assurance it will go ahead with the channel deepening and relocation.

Leetonia's ordinance of consent and the commissioners' resolution are being forwarded to the director of highways today.

every opportunity to qualify, O'Hanlon added. The schedule of longer office hours will begin Sept. 13.

Despite sporadic recent registrations, most of the gains have been canceled by normal losses resulting from deaths and removals from the city.

O'Hanlon added that the board still is seeking locations in which to establish two of its precinct registration centers. In 3-F, where a home was used as a voting place, the site is unavailable because of illness in the family, he said. The board is attempting to arrange use of the old Grant St. School Building, now occupied by a church.

The board also needs a voting place and registration site for Precinct 2-B, where it formerly used the Evans Pontiac Garage building at Bradshaw Ave. and Ravine St. As the firm is out of business, the board is seeking another location. The board is negotiating for use of a private home on Bank St. for a 2-H registration site, O'Hanlon added.

In connection with both the registration and the general election, the board has been given permission by Safety - Service Director Dan Maggianetti to use city fire stations and the City Hall corridor, O'Hanlon said. However, the City Hall probably will not be used for the registration drive, as it would be more convenient for electors to visit the Election Board office across the street.

Hurricane Expected To Miss U.S. Mainland

MIAMI, Fla. (AP)—Hurricane Daisy drifted slowly toward the northwest today, 220 miles off Melbourne, Fla. It appeared to follow a pattern that would bring none of its crushing winds to the U.S. mainland.

Reconnaissance aircraft reported today that Daisy was moving toward the northwest at about 5 m.p.h.

If Daisy is pushed into a more northeasterly direction, a spokesman for the Weather Bureau said, it would find itself chased out to sea by strong southwesterly winds blowing at all levels across the United States.

This, at present, is what the Weather Bureau thinks will happen.

Who's Driving Case Awaited In City Court

A classic case of the "Who's driving?" variety—two men accused of drunken driving at the wheel of the same auto—is scheduled for conclusion this afternoon at 2 in Municipal Court.

The charges involve David Pedmore, 24, of Ashtabula and Herbert Fiets, 772 Woodlawn Ave., arrested Sunday morning at 4:24 on Jackson St. Police said Fiets first was cited for driving while intoxicated, driving without a license and consuming intoxicants in an auto.

Later Fiets denied driving and Pedmore also was charged with driving while intoxicated, but the original charges remained against Fiets. Judge George L. Brokaw heard some of the testimony in the case yesterday morning, then continued it until this afternoon.

No criminal cases were heard this morning because Assistant Solicitor Richard J. Clark was in Lisbon on business.

Another drunken driving defendant is scheduled to appear at the session at 2. He is Donald D. Humpreys, 1722 Alpha St., who was arrested at 2:07 a. m. today at Pennsylvania and Minnesota Aves.

James Luckino, 408 14th St., Wellsville, is scheduled to appear on a charge of crashing a stop sign at Shadyside Ave. and the Campground Rd. He posted $11 bond after he was cited at 8:55 p. m. Monday by Constable Clifford Owens of Liverpool Township.

Ruth E. Caruso of Commerce St., Wellsville, is due on a charge of driving on the wrong side of the highway. She was cited by the State Highway Patrol after a mishap Aug. 21 on the East Liverpool-Wellsville super-road. She posted $16. The patrol said her auto swerved across all four lanes of the highway and struck an embankment.

Tungting is used by the Nationalists to keep tab on ships trying to sneak out of Amoy, the Communist port opposite Quemoy, so Nationalist warships can be alerted to intercept them. Its capture would help the Reds evade Nationalist blockades. The island is believed fairly well fortified and garrisoned by the Nationalists.

Pair Runs Into Path Of Wellsville Auto

An East End brother and sister escaped with minor injuries when they ran into the path of a slow-moving auto Monday at 5:17 p. m. at Pennsylvania and Oakland Aves., police said.

They are Ruth Ann Samberson, 5, and James Brian Samberson, 7, children of Mr. and Mrs. Abe Samberson of Cleveland Ave. Officers said they darted into the path of a 1957 sedan driven by Lin G. Saltes, 60, of 1714 Clark Ave., Wellsville.

Ruth Ann suffered contusions of the left side of the head and her brother suffered contusions of the right hip, officers said.

Saltes told police he was driving west at 10 to 12 miles an hour when the children ran into the path of his auto. A witness, Paul Chmara of Industry R. D. 1, told police he was standing on the sidewalk at the Oakland intersection and saw the children dart into the street.

A collision at College and E. 3rd Sts. Monday at 5:12 p. m. involved a 1953 sedan driven by Nellie T. Barnhart of Weirton and a halted 1952 sedan driven by James C. Kelley, 53, of Calcutta, police said.

$225 Stolen In Entry Of Sub-Station Garage

The loss of some $225 in coins and currency was reported in a breaking and entering sometime early today at the J. & R. Garage and Amoco Service Station on Route 30 in the Sub-station District.

Columbiana County sheriff's deputies were continuing an investigation of the theft in which a slender man or youth entered the building through a small window at the rear.

Willard Davis, operator, said the money was taken from a drawer in the desk of the garage. It included gasoline receipts and change from coin operated machines.

He said an inventory would be taken today to determine if any tires or other merchandise was stolen. The entry occurred sometime between midnight when the service station closed and this morning at 6 when it reopened.

Girl Here Held In Vice Probe

16-Year-Old Linked To Cleveland Case

An attractive 16-year-old East Liverpool blonde is being held in a detention home at Cleveland as a material witness in the case of a former disc jockey and his wife who are under investigation for possession of marijuana and a horse stimulant.

The West End girl was taken into custody here Thursday by Cleveland authorities in connection with their investigation of the activities of the two suspects, Max Lerch, 35, and his wife, Ada, 27, identified as an occasional strip teaser.

Cleveland authorities said the girl told of filling "dates" at Cleveland for the couple. The girl also said she obtained marijuana cigarets from Lerch "four or five times" and from his wife once, Cleveland officers said.

The authorities said the couple faces a sentence of 30 years to life on a charge of giving narcotics to a minor. They also may be charged with pandering, officers said.

The Cleveland authorities said a 22-year-old Cleveland mother also has told of "working" for the pair and obtaining marijuana from them. Among Lerch's possessions were large syringes and needles and a bottle of a drug identified as a horse stimulant, police said. Lerch denied doping horses and said the equipment was used to give vitamins and hormones to a horse in which his wife had a half ownership, authorities said.

Munhall Driver 'Fair' In Crash That Hurt 6

Steven Alexandroff, 56, of Munhall remained in "fairly good" condition today in Ellwood City Hospital with injuries received in a two-car crash Saturday in which five others were hurt, including a Midland banker and two members of his family.

Treated at the hospital were William Black, 33, of 12 W. Drive, Midland, who suffered facial cuts; his wife, Charlotte, facial cuts and a broken wrist, and their daughter Terry, 9, a broken leg. Another daughter, Marge, 5, was unhurt.

Black is a cashier at the First National Bank in Midland.

Also treated were Nicala Nickaloss, 37, and Mrs. Anna Meissner, 57, both of Pittsburgh, passengers with Alexandroff.

Authorities said Alexandroff was driving in the wrong lane and hit the Black auto on the crest of a hill. Black was returning to Midland after picking up his daughter, Terry, at the Crestview Camp at Slippery Rock.

The head-on crash occurred at 11:30 a. m. a mile north of the intersection of Routes 19 and 488 some 12 miles beyond Ellwood City.

Students In Mexico 'War' On Bus System

MEXICO CITY (AP) — Rebellious students were barricaded on the University of Mexico's modernistic campus today, calling for a monster rally tonight in support of their war on the capital's bus system.

The students blocked off entrances to the campus with buses which they seized over the weekend.

The student rebellion started last week as a protest against a small hike in bus fares, which was ordered to pay bus drivers higher salaries.

County O.K.'s Bridge Plans

Project To Depend On Run Deepening

LISBON — Columbiana County commissioners signed a resolution Monday to co-operate with the State Highway Department in the construction of a new bridge and the elevation of two others at Leetonia as a prelude for a project to control the frequent flooding of the community because of a shallow run.

The work is contingent upon assurance of the U. S. Army Corps of Engineers of the Pittsburgh District that it will deepen and relocate Cherry Valley Run.

The bridge elevations are those recommended by the Army engineers in its 1957 survey for flood protection.

Galen Greenisen of Salem, president of the Board of Commissioners, said the state and county will go 50-50 on cost on the bridges.

They are located on State Route 344. A new bridge is to be constructed outside the corporate limits replacing an existing bridge on State St. just inside the village limits. The creek channel will be relocated.

The Hazel St. and Columbia St. bridges are to be raised to recommended elevations.

Greenisen said no estimated cost is available since the state has not worked up its plans. The Division 11 office at New Philadelphia has asked Army engineers at Pittsburgh for assurance it will go ahead with the channel deepening and relocation.

Leetonia's ordinance of consent and the commissioners' resolution are being forwarded to the director of highways today.

Registration

every opportunity to qualify, O'Hanlon added. The schedule of longer office hours will begin Sept. 13.

Despite sporadic recent registrations, most of the gains have been canceled by normal losses resulting from deaths and removals from the city.

O'Hanlon added that the board still is seeking locations in which to establish two of its precinct registration centers. In 3-F, where a home was used as a voting place, the site is unavailable because of illness in the family, he said. The board is attempting to arrange use of the old Grant St. School Building, now occupied by a church.

The board also needs a voting place and registration site for Precinct 2-B, where it formerly used the Evans Pontiac Garage building at Bradshaw Ave. and Ravine St. As the firm is out of business, the board is seeking another location. The board is negotiating for use of a private home on Bank St. for a 2-H registration site, O'Hanlon added.

In connection with both the registration and the general election, the board has been given permission by Safety - Service Director Dan Maggianetti to use city fire stations and the City Hall corridor, O'Hanlon said. However, the City Hall probably will not be used for the registration drive, as it would be more convenient for electors to visit the Election Board office across the street.

Hurricane Expected To Miss U.S. Mainland

MIAMI, Fla. (AP)—Hurricane Daisy drifted slowly toward the northwest today, 220 miles off Melbourne, Fla. It appeared to follow a pattern that would bring none of its crushing winds to the U.S. mainland.

Reconnaissance aircraft reported today that Daisy was moving toward the northwest at about 5 m.p.h.

If Daisy is pushed into a more northeasterly direction, a spokesman for the Weather Bureau said, it would find itself chased out to sea by strong southwesterly winds blowing at all levels across the United States.

This, at present, is what the Weather Bureau thinks will happen.

Who's Driving Case Awaited In City Court

A classic case of the "Who's driving?" variety—two men accused of drunken driving at the wheel of the same auto—is scheduled for conclusion this afternoon at 2 in Municipal Court.

The charges involve David Pedmore, 24, of Ashtabula and Herbert Fiets, 772 Woodlawn Ave., arrested Sunday morning at 4:24 on Jackson St. Police said Fiets first was cited for driving while intoxicated, driving without a license and consuming intoxicants in an auto.

Later Fiets denied driving and Pedmore also was charged with driving while intoxicated, but the original charges remained against Fiets. Judge George L. Brokaw heard some of the testimony in the case yesterday morning, then continued it until this afternoon.

No criminal cases were heard this morning because Assistant Solicitor Richard J. Clark was in Lisbon on business.

Another drunken driving defendant is scheduled to appear at the session at 2. He is Donald D. Humpreys, 1722 Alpha St., who was arrested at 2:07 a. m. today at Pennsylvania and Minnesota Aves.

James Luckino, 408 14th St., Wellsville, is scheduled to appear on a charge of crashing a stop sign at Shadyside Ave. and the Campground Rd. He posted $11 bond after he was cited at 8:55 p. m. Monday by Constable Clifford Owens of Liverpool Township.

Ruth E. Caruso of Commerce St., Wellsville, is due on a charge of driving on the wrong side of the highway. She was cited by the State Highway Patrol after a mishap Aug. 21 on the East Liverpool-Wellsville super-road. She posted $16. The patrol said her auto swerved across all four lanes of the highway and struck an embankment.

pulsed by Nationalist warships. Officials suspected, however, that the Communists might not have given up.

Tungting is used by the Nationalists to keep tab on ships trying to sneak out of Amoy, the Communist port opposite Quemoy, so Nationalist warships can be alerted to intercept them. Its capture would help the Reds evade Nationalist blockades. The island is believed fairly well fortified and garrisoned by the Nationalists.

NICOSIA, Cyprus (AP) — Rightwing Greek Cypriots bombed a busload of their leftwing trade union compatriots today, killing a 13-year-old girl and a 32-year-old woman.

2 Youngsters Struck By Car

Pair Runs Into Path Of Wellsville Auto

An East End brother and sister escaped with minor injuries when they ran into the path of a slow-moving auto Monday at 5:17 p. m. at Pennsylvania and Oakland Aves., police said.

They are Ruth Ann Samberson, 5, and James Brian Samberson, 7, children of Mr. and Mrs. Abe Samberson of Cleveland Ave. Officers said they darted into the path of a 1957 sedan driven by Lin G. Saltes, 60, of 1714 Clark Ave., Wellsville.

Ruth Ann suffered contusions of the left side of the head and her brother suffered contusions of the right hip, officers said.

Saltes told police he was driving west at 10 to 12 miles an hour when the children ran into the path of his auto. A witness, Paul Chmara of Industry R. D. 1, told police he was standing on the sidewalk at the Oakland intersection and saw the children dart into the street.

A collision at College and E. 3rd Sts. Monday at 5:12 p. m. involved a 1953 sedan driven by Nellie T. Barnhart of Weirton and a halted 1952 sedan driven by James C. Kelley, 53, of Calcutta, police said.

$225 Stolen In Entry Of Sub-Station Garage

The loss of some $225 in coins and currency was reported in a breaking and entering sometime early today at the J. & R. Garage and Amoco Service Station on Route 30 in the Sub-station District.

Columbiana County sheriff's deputies were continuing an investigation of the theft in which a slender man or youth entered the building through a small window at the rear.

Willard Davis, operator, said the money was taken from a drawer in the desk of the garage. It included gasoline receipts and change from coin operated machines.

He said an inventory would be taken today to determine if any tires or other merchandise was stolen. The entry occurred sometime between midnight when the service station closed and this morning at 6 when it reopened.

Lisbon Area Bride Wears Gown Designed By Cousin

Miss Suzanne Steffen wore a gown designed and made by her cousin, Mrs. Albert Pittenger of East Liverpool, at her marriage Saturday afternoon to Pfc. Gordon D. Collins.

Candlelight rites highlighted the 4:30 o'clock nuptials in the West Beaver United Presbyterian Church on the West Point - Gavers Rd. White gladioli and white pompons intermingled with greenery was the setting for the double ring ceremony performed by Dr. Christian F. Kenneweg of Columbus, a former Lisbon pastor. He was assisted by the Rev. Frank Hare, pastor.

Daughter of Mr. and Mrs. John Steffen of R. D. 2, Lisbon, the bride taught last year at East Junior High School. The bridegroom is the son of Dr. and Mrs. M. Earle Collins of Marshall, Mo. His father is president of Marshall College.

Richard Hackler of Marshall was vocalist. His selections included "At Dawning", "Oh Promise Me" and "The Lord's Prayer." A half - hour recital of traditional organ music by Homer Shenton of East Liverpool preceded the ceremony.

Given in marriage by her father, the bride wore a gown of silk over taffeta. The fitted bodice of Chantilly lace was fashioned with a high collar and long sleeves and the skirt was floor length. A small crown of seed pearls held her fingertip veil of silk illusion. She carried a white Bible with an arrangement of white orchids and stephanotis tied with ribbon streamers. All the familiar traditions were observed.

Her sister, Miss Linda Steffen, was maid of honor. Bridesmaids were Miss Carol Steffen, another sister of the bride, Miss Carol Lynne Pittenger of East Liverpool, a cousin of the bride, Miss Ann Stevenson of Tarkio, Mo., Mrs. Dan Bastin of Mt. Vernon and Miss Dorian Brown of Lincoln, Neb.

All wore street length dresses of royal blue chiffon taffeta. The princess style gowns featured ponytail backs. On their hair they wore royal blue Dior bows with circular veils.

The maid of honor carried a Colonial bouquet of white carnations and yellow roses tied with white net ribbon and the bridesmaids' bouquets were identical, tied with yellow net.

Best man was Eugene Haworth of Avoca, Iowa, and ushers included Robert Collins and John Collins, brothers of the bridegroom, James Hogue of Tarkio, brother-in-law of the bridegroom, Joe Huston of Winchester, Kan., and Charles Ryan of Tingley, Iowa Karl Fife of East Liverpool, cousin of the bride, lighted the candles.

A navy blue shantung sheath dress with navy and white accessories was worn by Mrs. Steffen. Mrs. Collins was attired in Wedgewood blue silk faille and lace with black accessories. Both wore corsages of white orchids.

MRS. GORDON D. COLLINS
She's Former Suzanne Steffen.

The reception for 200 followed on the lawn at the home of the bride's parents. A four - tiered cake was the focal point in table decorations. Aides were Mrs. Kenneth Fife, aunt of the bride, Mrs. James Hogue, sister of the bridegroom, and Miss Nancy Shattack, Miss Phyllis Hadley and Miss Meretta Ikirt, all of Lisbon, Miss Mildred Travis of Wellsville; Mrs. Kenneth Barnes, Mrs. Ray Crawford and Mrs. David Feit of West Beaver and Mrs. Larry Evans of Waterloo, Iowa.

Guests were from Columbus, New Concord, Dayton, Cleveland, Xenia, Elyria, Lisbon, Beaver, Cazenovia, N. Y., Harvey, Ill., Waterloo, Iowa, Tarkio and Marshall, Mo., and Liberty, Neb., as well as East Liverpool and Chester.

For traveling, the bride wore an orange print sheath dress with a brown linen duster featuring a lining to match the dress. Her accessories were orange colored. After a wedding trip through the midwestern states the couple will make their home in Boise, Idaho.

Both the bride and bridegroom were graduated in May 1957 from Tarkio (Mo.) College. The bride was a secondary education major. She belonged to Kappa Gathean Sorority and served as president of the YWCA on the college campus. In addition, she was homecoming queen in her senior year. A 1953 graduate of the David Anderson High School at Lisbon, she taught ninth grade English at East Junior High.

Her husband received a degree in psychology. He was president of the student body and belonged to the Student Forum. Both were listed in "Who's Who In American Colleges and Universities."

The bridegroom has been in the Army over a year. He was transferred from Ft. Lewis, Wash., to Boise, where he is a test proctor.

Bringing Up A Family

By GARRY C. MEYERS

Parents Can Help Child Form Study Habits

All too many school children beyond the primary grades don't get down to serious business about their studies for a few weeks after school opens, if at all. Check on your child to make sure he secures all necessary books and equipment the first day of school, if possible. Find out about his homework assignments. See that he goes promptly at his homework and sticks to it and that he is home on nights preceding school days.

By Garry Meyers

—:—

IF HE SAYS he has no homework, require him to spend an hour or so reading from sources you and his teacher approve.

See that his reading or homework period is early enough in the evening so that he won't need to stay up late. Many a child, allowed to choose, will fool around until time to go to bed before beginning his lessons.

It is important that the child have a regular place for study, where he is least likely to be interrupted.

Make clear to him that he shall inform his friends they are not to telephone him during his study period or to drop in unless they mean to join him in serious study.

Guide your child in getting down to study promptly, having assembled all necessary books and equipment and not pausing to read the comics or view a TV program.

If you find him often calling up a classmate to know what the homework assignment is, let him know that he is expected to get these assignments in class and to write them down as they are given.

—:—

BE READY during his study period to read text assignments with him, if he wishes you to do so, and to help him turn each paragraph into a sentence or so of his own words.

To the child of kindergarten, first or second grade, read something aloud every school day evening.

Continue to do this as this child grows older, if he likes it. As soon as he wants to have you hear him read, to show you how well he can, find time to listen appreciatively. If you ask him to read to you, find a book from which he can read enjoyably.

To require a child to read what he can barely read at all is a good way to discourage him and make him hate reading.

To carry out the foregoing, it may be necessary for at least one parent to be home nights, especially for the next few weeks.

My bulletins, "Parents and the Child's Homework" and "Tips for Students," may be had by sending a self - addressed, stamped envelope to me in care of this newspaper.

Miss Bonnie Lynn Baker, Airman Charles Ryan Wed

In the chapel of the First Presbyterian Church Saturday afternoon, Miss Bonnie Lynn Baker became the bride of Airman 3C Charles Lee Ryan.

Only the immediate families and the attendants were present for the 3:30 o'clock rites and vows were heard in a double - ring ceremony performed by the Rev. M. Rudolph Miller, minister.

Daughter of Mr. and Mrs. Kendall Baker of the Fredericktown Rd., the bride is a secretary at the Calcutta United Presbyterian Church. The bridegroom is the son of Mrs. Ileen Ryan of Avondale St. and Robert Ryan of Chester R. D. 1.

A recital of nuptial organ music preceded the rites.

The bride wore a dress of white tulle over slipper satin. A jewel neckline and short sleeves highlighted the fitted bodice and the full skirt was street length. Her shoulder - length veil draped from a halo crown and she wore a corsage of red roses.

Miss Patricia Ryan, sister of the bridegroom, was maid of honor. She was attired in pink and white nylon with a street - length skirt. Pink and white carnations formed her corsage.

Best man was William Owens of Newell.

A wedding supper followed at the home of the bride's parents for the immediate families.

MRS. C. L. RYAN
Bride Of Double-Ring Rites.

After a brief honeymoon, the bridegroom returned to Lockbourne Air Force Base at Columbus where he is a medical technician.

The bride, who is residing temporarily with her parents, is a 1958 graduate of East Liverpool High School. Her husband was graduated from Chester High School in 1956 then entered the Air Force. He returned recently after a year in Iceland.

Beaver To Check On Soil Program

To check compliance with the Soil Bank contract, continuing visits will be made to Beaver County farms where farmers have put land in the Soil Bank programs, G. M Swick, chairman of the County Agricultural Stabilization and Conservation Committee reminded farmers.

Swick said visits will be made to determine whether farmers are cropping or grazing any of the land placed in the Soil Bank programs. Checks will also be made to insure that proper cover crop and other Soil Bank practices are being followed in accordance with the terms of the agreement or contract.

Since the acreage reserve agreements run until Dec. 31, inspections under that program will be made up to that time. The fact that the farmer has already received his acreage reserve payment does not relieve him of his obligation to comply with the terms of his 1958 agreement until it expires.

Inspections of conservation reserve land will be continuing throughout the life of the individual conservation reserve contract covering the farm — from 3 to 10 years.

The chairman said these inspections should not be confused with the earlier reviews made to determine whether the acreage designated was taken out of production, whether the farmer planted within his permitted acreage of Soil Bank base crops, or whether he stayed within his allotments.

Feeding Of Answers Probed In Canceling Of 'Dotto' Quiz

NEW YORK (AP) — State district attorney's investigators are probing the reasons behind the abrupt dropping of the nationwide television quiz show "Dotto."

The show was taken off the air a week ago, without explanation, by both the Columbia Broadcasting System and the National Broadcasting Co.

Executive Asst. Dist. Atty. David S. Worgan of the Manhattan office disclosed Monday that a probe was under way. He said the inquiry may lead to investigations of other quiz shows.

"We are investigating the circumstances behind the canceling of this program and the charges that a contestant has been fed answers," Worgan said.

Worgan declined to discuss reports that a stand-by contestant on the show had filed an affidavit with the Federal Communications Commission charging a contestant on the show was given answers to questions in advance.

However, Worgan did say a complaint had been received from a participant on the show.

At the district attorney's office, it was said the other TV quiz programs may be investigated, if the "Dotto" inquiry provides any information warranting it.

"If in this investigation we get leads to others, we will investigate them," Worgan said.

New Midland Cruiser Due For Daytime Duty

Midland Police said today they expect to have the dome light installed soon on the new cruiser which they received last Tuesday from the Midland Migliore Ford Sales.

The new car will be used for daylight duty until the new dome light is installed, police said. The cruiser cost the borough $1,358.34 with trade - in and insurance allowance on the old cruiser that was wrecked in the pursuit of a stolen car several months ago.

Virginia's Integration Fight Shifts Today To Harrisonburg

HARRISONBURG, Va. (AP) — Virginia's last-ditch legal maneuvering to avoid mixing of the races in public schools shifted today to a federal courtroom in this Shenandoah Valley town.

Attorneys for the Charlottesville school board planned to ask Judge John Paul to declare valid a new school district created under the board's local pupil assignment plan. All 30 Negro applicants to the city's white schools, which open next Tuesday, live in the new district.

Two developments darkened segregationist hopes of legally averting racial integration without having to resort to the state's declared policy of closing integrated schools.

The State Pupil Placement Board denied the applications of all Negroes seeking entry to White schools in Arlington and Newport News.

At Norfolk, Federal Dist. Judge Walter E. Hoffman instructed the city school board to re-examine 151 applications from Negro pupils which it turned down last week.

There appeared little hope of resolving any part of the conflict here in the light of Judge Paul's earlier statement that the new Charlottesville school district appeared to be a case of gerrymandering and that he would be inclined to ignore it if and when he made pupil assignments.

In a ruling Aug. 11 Paul said Negro applicants should comply with the city's pupil assignment plan but if this plan proved discriminatory he might take over the assignments himself.

While Judge Hoffman has said he would not take over assignments in Norfok, he made it plain Monday what he considered improper grounds for denying Negro applicants. He ordered the school board to re-examine the 151 applications and report back to his court Friday.

Hoffman particularly stressed 16 applications which he said were turned down solely because of the racial factor.

Pacifist's Case On Atomic Tests Handed To Jury

HONOLULU (AP) — Charges that pacifist Earle L. Reynolds defied Atomic Energy Commission regulations went to a jury today, 24 hours after his trial started.

Reynolds did not call a witness in his behalf.

Attorneys for the former Antioch (Ohio) College professor rested their case soon after the prosecution had concluded testimony from four witnesses.

Defense attorney Katsugo Miho moved for a directed verdict of acquittal and rested his case after the motion was rejected by U. S. District Judge J. Frank McLaughlin.

If convicted, Reynolds faces a maximum two-year sentence and $5,000 fine. He is charged with violating AEC regulations by sailing his 50-foot ketch, the Phoenix, into U.S. nuclear testing grounds in the Pacific Ocean.

The sailing was in protest to the tests.

Beaver To Check On Soil Program

To check compliance with the Soil Bank contract, continuing visits will be made to Beaver County farms where farmers have put land in the Soil Bank programs, G. M Swick, chairman of the County Agricultural Stabilization and Conservation Committee reminded farmers.

Swick said visits will be made to determine whether farmers are cropping or grazing any of the land placed in the Soil Bank programs. Checks will also be made to insure that proper cover crop and other Soil Bank practices are being followed in accordance with the terms of the agreement or contract.

Since the acreage reserve agreements run until Dec. 31, inspections under that program will be made up to that time. The fact that the farmer has already received his acreage reserve payment does not relieve him of his obligation to comply with the terms of his 1958 agreement until it expires.

Inspections of conservation reserve land will be continuing throughout the life of the individual conservation reserve contract covering the farm — from 3 to 10 years.

The chairman said these inspections should not be confused with the earlier reviews made to determine whether the acreage designated was taken out of production, whether the farmer planted within his permitted acreage of Soil Bank base crops, or whether he stayed within his allotments.

Feeding Of Answers Probed In Canceling Of 'Dotto' Quiz

NEW YORK (AP) — State district attorney's investigators are probing the reasons behind the abrupt dropping of the nationwide television quiz show "Dotto."

The show was taken off the air a week ago, without explanation, by both the Columbia Broadcasting System and the National Broadcasting Co.

Executive Asst. Dist. Atty. David S. Worgan of the Manhattan office disclosed Monday that a probe was under way. He said the inquiry may lead to investigations of other quiz shows.

"We are investigating the circumstances behind the canceling of this program and the charges that a contestant has been fed answers," Worgan said.

Worgan declined to discuss reports that a stand-by contestant on the show had filed an affidavit with the Federal Communications Commission charging a contestant on the show was given answers to questions in advance.

However, Worgan did say a complaint had been received from a participant on the show.

At the district attorney's office, it was said the other TV quiz programs may be investigated, if the "Dotto" inquiry provides any information warranting it.

"If in this investigation we get leads to others, we will investigate them," Worgan said.

CLEVELAND (AP)— Lakewood City Council Monday night rejected an offer of $1,750,000 from Doctors Clinic Foundation to buy Lakewood Hospital. Council called the offer "ridiculously low" and appointed a committee to investigate whether the hospital should be sold and if so at what price.

Virginia's Integration Fight Shifts Today To Harrisonburg

HARRISONBURG, Va. (AP) — Virginia's last-ditch legal maneuvering to avoid mixing of the races in public schools shifted today to a federal courtroom in this Shenandoah Valley town.

Attorneys for the Charlottesville school board planned to ask Judge John Paul to declare valid a new school district created under the board's local pupil assignment plan. All 30 Negro applicants to the city's white schools, which open next Tuesday, live in the new district.

Two developments darkened segregationist hopes of legally averting racial integration without having to resort to the state's declared policy of closing integrated schools.

The State Pupil Placement Board denied the applications of all Negroes seeking entry to White schools in Arlington and Newport News.

At Norfolk, Federal Dist. Judge Walter E. Hoffman instructed the city school board to re-examine 151 applications from Negro pupils which it turned down last week.

There appeared little hope of resolving any part of the conflict here in the light of Judge Paul's earlier statement that the new Charlottesville school district appeared to be a case of gerrymandering and that he would be inclined to ignore it if and when he made pupil assignments.

In a ruling Aug. 11 Paul said Negro applicants should comply with the city's pupil assignment plan but if this plan proved discriminatory he might take over the assignments himself.

While Judge Hoffman has said he would not take over assignments in Norfok, he made it plain Monday what he considered improper grounds for denying Negro applicants. He ordered the school board to re-examine the 151 applications and report back to his court Friday.

Hoffman particularly stressed 16 applications which he said were turned down solely because of the racial factor.

First U.P. Church To See Mission Slides

Color slides of work in the foreign mission field will be shown Wednesday night at the First United Presbyterian Church instead of the regular prayer meeting.

They were taken by the Rev. Emerson McBane, son of Mr. and Mrs. G. C. McBane, 424 W. 9th St., who is at the mission station at Gurjranwala, Pakistan. He has been in the mission field since 1946 and is in charge of the Boys Industrial Home and Technical School there. The voices of Rev. and Mrs. McBane will be heard in the tape recording accompanying the slides. They will relate phases of their work.

Holden Will Direct Farm Graduate School

WASHINGTON (AP)—Dr. John B Holden, a native of Marion County, Ohio, takes over Monday, as director of the Agriculture Department's Graduate School. He succeeds Dr. T. Roy Reid who is retiring.

Holden, 48, for the past two years has been a specialist in the U.S. Office of Education. Prior to that, he was connected with Michigan State University from 1950-56 and directed adult education in the Hamilton, Ohio, public schools for five years.

The Agriculture Department's Graduate School was established in 1921 to provide added educational opportunities for federal employes.

Out Of The Air

By MARIE TORRE

For Sale, But No Buyers

The precariousness of television film producing appears to have caught up with Dick Powell, who now threatens: "I'd better lose 10 pounds and go back to acting."

Marie Torre

The president of Four Star Productions, elected to the post by itinerant partners Charles Boyer and David Niven, may yet engage the services of a prophet to give him some inkling as to what the TV buyers want. Failing that, he may just put aside all serious intent and conduct his business like a game of craps.

-:-

"WE HAVE five unsold pilot films," gloomily said Powell, whose professional grumblings also have something to do with the fact that his "Richard Diamond" may be forced to take a sleeping pill next season.

"I talk to sponsors, agency men, network people, but I can't figure out what they want. I don't think they KNOW what they want."

The sum total of Four Star's 1958-59 sales is four—Westerns all. "Rifleman" and "Wanted—Dead or Alive" are the new additions to the horse opera schedule, the others being "Zane Grey Theater" and "Trackdown."

But a diet of Westerns hardly is satisfying to a red-blooded showman who thrives on versatility. Recently he sought relief from the TV slack by producing the directing a 20th Century-Fox motion picture called "The Hunters," soon to be released.

-:-

"WE'VE GOT so many good things beyond Westerns on the shelf," continued Powell. "One of the pilots we made stars Jeannie Carson, and I think she's so darn great. But we can't sell it.

"We haven't been able to sell a show with Jane Russell, either, or anthologies, or 'John Risk,' which is good action series.

"I don't know how to figure it out. Maybe the recession is behind it all. Awhile ago I talked to Desi Arnaz about it, and he has three unsold shows. Another competitor, Revue, has four."

Powell has reminded that he has, right in his own home, a sure-fire personality for a television series—his wife, June Allyson. But he urged us to perish the thought.

"I wouldn't want my wife to work for me," he said. "She'd never be home."

-:-

CHARLES VAN DOREN, idol of quizdom, will earn part of his $50,000-a-year salary at NBC by playing the guest host on "Today" this week for the final week of Dave Garroway's vacation. . . .

More trouble for the producer (Frank Cooper Associates) of the mystery-laden "Dotto"—a $3,750,000 plagiarism suit against Cooper and CBS was filed in Los Angeles Superior Court by Homer Canfield, who charges that "The Verdict Is Yours" was developed from his program idea titled "Courtroom." . . .

The popularity of "Alfred Hitchcock Presents" extends to four countries, meaning, Hitchcock laments, "that I am forced to do commercials in four languages—German, French, English and American—and I find the latter the most difficult." . . .

ABC officials juggled their fall TV schedules and when they were all through they moved the Walt Disney show from Wednesdays to Fridays at 8 p.m. and Lawrence Welk's Monday night program to Wednesdays at 7:30. The Welk switch means that on Wednesday nights viewers will have a choice of heady music from the Champagne Music Maker or cowpokes out of NBC's "Wagon Train." . . .

"Why," asks a reader, "are there so many bald heads and so much kissing on TV?" Beats us! . . .

-:-

THE ITALIAN equivalent of "The $64,000 Question" ("Lascia o Radoppia") comes to the end of its long run next month with a variety show headed by Walter Chiari—Ava Gardner's favorite beau—scheduled to replace it. . . .

Farley Granger has drawn the assignment to portray Sigmund Freud in the Sept. 10 "U.S. Steel Hour" presentation. . . .

As a result of Cindy Adams' unabashed performances as her husband's (Joey Adams') substitute on "Gags to Riches," she's been offered a permanent seat on the returning "Leave It To the Girls." "Joey," Mrs. Adams reminds us, "has been at the Chicago's Chez Paree with Zsa Gabor—her middle name excapes me."

Planning Firm Airs Proposal To City Group

Commission Hears Representative Of Hill & Associates

Details of a proposal to prepare a "master plan" for future growth and development of East Liverpool were explained to the City Planning Commission Monday night by two representatives of Carroll V. Hill & Associates of Dayton.

Steps in the planning work, which would require 20 to 24 months, were explained at a meeting at City Hall to Joseph Ross, George Steele and Safety - Service Director Dan Maggianetti, members of the commission, Council President B. E. Warner and W. E. Kaiser, chairman of the Council planning committee.

The explanation was given by Carroll V. Hill, from whom the organization takes its name, and his associate, George Beckman. The meeting with the Dayton firm's representatives was one of a series the commission has arranged in its investigation of the need for a "master plan," which would clear the way for an urban renewal program here financed in part with federal aid.

Earlier, the commission heard a planning proposal from Michael Baker Jr., Inc., a Rochester consulting engineering firm. It also has received a proposal on the project from Metropolitan Planners, Inc., of Indianapolis

To illustrate the work his firm would turn out here, Hill showed the commission copies of maps prepared to solve business district congestion in Ellwood City, also a river town of sheer hillsides.

The solution, proposed to be accomplished in "stages" over a series of years, will convert the central business area into a shopping plaza with broad concrete walks interspersed with planted areas. A one - way traffic loop would surround the shopping plaza, from which autos would be barred. Spotted at locations on the fringes of the shopping area would be a long series of off - street parking spaces.

Hill's large scale maps and drawings showed Ellwood City's center as it was, the first stages of the renewal program and its appearance when the long - range program is completed.

Planning of changes in the central business area is only one phase of the "master plan," which takes in every facet of the community's life, based on future needs and trends, Hill explained.

He mentioned such other problems as traffic, parking, highways, public transportation, extension of water and sewage service to outlying areas and zoning and building regulations.

Another major aim of a "master plan" program is to assure that the community will be made attractive to shoppers from outlying areas and that it will offer inducements to new industries looking for plant sites.

Referring to the planning work, Hill cautioned: "We can't do all these things without an active citizens' group working along with the Planning Commission."

Hill said he looked over the community yesterday afternoon in preparation for his meeting with the commission.

Referring to East Liverpool's streets, he declared that "it's more economical in the long run to install good streets instead of trying to maintain substandard surfaces."

He also pointed out that the city has only one major recreation area — Thompson Park.

"I believe there is a need for smaller recreation and play areas in other parts of the city," he said. "Schools are a center of community life, but the recreation space around most of your buildings is very small."

A "master plan" is intended to "modify and guide the city's development and anticipate growth in undeveloped areas," Hill commented.

2 Danish Territories Seek To Join Fish Ban

COPENHAGEN (AP) — Two Danish territories flanking Iceland in the North Atlantic are trying to join that republic in banning foreigners from fishing within 12 miles of their coasts.

The Danish government has advised the self-governing Faroe Islanders that their demand for a 12-mile limit could not be met immediately.

The Greenland National Council decided Monday night to ask the Danish government to help put into effect a 12-mile limit around Greenland.

British fishermen plan to defy the new limit by Iceland, which is scheduled to go into effect Monday. The British government has said it will send gunboats to protect its fishing fleet.

30 U.S. Airmen Get Early Christmas Party

NORTH KINGSTON, R. I. (AP) —Thirty airmen from Quonset Point Naval Air Station were guests Monday night at a Christmas party—with tree, gifts and eggnog.

The affair was given in a local restaurant by civilian friends of Air Development Squadron 6, which leaves Saturday for the Antarctic.

Mice Lived 37 Days In Space Unit On Oxygen From Algae

BLOOMINGTON, Ind. (AP) — Two dwarf mice from Texas lived for 37 days in an imitation space chamber on oxygen produced by green algae, it was reported today.

The mice are still alive and well, but the method of providing their oxygen isn't practical—at least at present—for any space project involving man, the report said.

The mice were provided with everything they needed to exist in their space capsule—food, water and oxygen.

Their "space ship" was a small, tightly sealed chamber in a University of Texas laboratory, closely watched by Dr. Jack Myers and his assistant, research scientist Ruth Doney.

If man does get into space, he'll need at least 600 quarts of oxygen a day to survive, Dr. Myers said. But the very weight of the oxygen provision in tanks for several days flight would be prohibitive.

Perhaps sometime in the future the use of green algae to recycle the oxygen supply might be practical. The algae consume carbon dioxide and turn out oxygen. The researchers constructed an algae chamber for the mice but it would take an awful lot of the green water plants to supply enough oxygen for man.

Dr.Myers' report was prepared for presentation to the American Institute of Biological Sciences, meeting on the Indiana University campus.

Bar Assn. Delays Action On Ban Of Courtroom Photos

LOS ANGELES (AP) — The American Bar Assn. has postponed action on a proposed rephrasing of judicial canon 35, which bans courtroom photography, television and broadcasting.

The action was taken by the association's House of Delegates Monday on a postponement recommendation from the board of governors.

The recommendation said:

"The American Bar Assn. should conduct further studies of the problem, including the obtaining of a body of reliable factual data on the experience of judges and lawyers in those courts where either photography, televising or broadcasting, or all of them, are permitted."

Incoming ABA President Ross L. Malone, Roswell, N. M., will appoint a special committee of nine to conduct a continuing study of canon 35, its proposed amendments and its problems. It is one of the cannons of judicial ethics.

"The fundamental objective of the committee and of all others interested must be to consider and make recommendations which will preserve the right of fair trial," the board of governors said.

Activities Club Makes Football Season Plans

Plans for fall projects were outlined at a meeting of the Purple and Gold Activities Club of Chester Monday night at Chester High School.

Committees were named to serve a meal to members of the football squad following the home games which begin Sept. 5 with New Cumberland.

The group will also sell foam rubber clothing protectors for coat hangers.

Dominic Amedeo, football coach, discussed the progress of the team and plans for the season. Mrs. Hugh Eberhart, president, was in charge of the meeting attended by 16. The next meeting will be Oct. 6.

His First Jobless Pay Check A Whopper

DETROIT (AP)—Obie Carter, 50, a laid off auto worker, has drawn his first unemployment compensation check—a big one.

As father of three children he was due top benefits of $49 a week. But his check was for $9,998.99.

"I knew there was some mistake," said Carter, "but you can't imagine how much I hoped it was real."

The Employment Commission took the check back.

Hays Accepts Invitation For Hague Session

Rep. Wayne L. Hays of the 18th Ohio District said today he has accepted an invitation from Prince Bernhard of The Netherlands to attend the International Conference for Christian Leadership Sept. 8-14 at The Hague.

The congressman already was scheduled to attend a meeting of the NATO Steering Committee in London Sept. 8-9. Hays is the American representative on the steering committee, representing both the House and the Senate. He will be able to spend only two days at the Hague conference because he will attend dedication of the Cadiz Postoffice Sept. 12. He will fly direct from The Hague to Ohio for the Cadiz dedication.

Because of the committments the congressman has been obliged to decline an invitation to serve as American representative at the 1958 conference for members of parliaments of 15 countries at Clarens, Switzerland, which will end Sunday. The conference is sponsored by the American Friends Service Committee as one of several Quaker programs to promote understanding between peoples of different countries.

Crucible Appoints 2 Technical Aides

The Crucible Steel Co. has announced two new appointments in the Technical Development division of its Technology Department at Pittsburgh.

A. E. Nehrenberg, formerly research supervisor, has been named section manager — technical development.

R. W. Metter, formerly with Crucible's Titanium Division at Midland, has been appointed administrator — patents and licenses.

Both men will maintain offices in Pittsburgh and report to W. E. Gregg, director of technical development.

Metter joined Crucible in 1953, when he was named head of industrial engineering and production planning for Rem-Cru Titanium, Inc., at Midland.

Metter, who resides at 1005 Dutch Ridge Rd., Beaver, is a member of the Beaver Valley Country Club and past vice president of the Brighton Township Community Club.

Out Of The Air

By MARIE TORRE

For Sale, But No Buyers

The precariousness of television film producing appears to have caught up with Dick Powell, who now threatens: "I'd better lose 10 pounds and go back to acting."

Marie Torre

The president of Four Star Productions, elected to the post by itinerant partners Charles Boyer and David Niven, may yet engage the services of a prophet to give him some inkling as to what the TV buyers want. Failing that, he may just put aside all serious intent and conduct his business like a game of craps.

-:-

"WE HAVE five unsold pilot films," gloomily said Powell, whose professional grumblings also have something to do with the fact that his "Richard Diamond" may be forced to take a sleeping pill next season.

"I talk to sponsors, agency men, network people, but I can't figure out what they want. I don't think they KNOW what they want."

The sum total of Four Star's 1958-59 sales is four—Westerns all. "Rifleman" and "Wanted—Dead or Alive" are the new additions to the horse opera schedule, the others being "Zane Grey Theater" and "Trackdown."

But a diet of Westerns hardly is satisfying to a red-blooded showman who thrives on versatility. Recently he sought relief from the TV slack by producing the directing a 20th Century-Fox motion picture called "The Hunters," soon to be released.

-:-

"WE'VE GOT so many good things beyond Westerns on the shelf," continued Powell. "One of the pilots we made stars Jeannie Carson, and I think she's so darn great. But we can't sell it.

"We haven't been able to sell a show with Jane Russell, either, or anthologies, or 'John Risk,' which is good action series.

"I don't know how to figure it out. Maybe the recession is behind it all. Awhile ago I talked to Desi Arnaz about it, and he has three unsold shows. Another competitor, Revue, has four."

Powell has reminded that he has, right in his own home, a sure-fire personality for a television series—his wife, June Allyson. But he urged us to perish the thought.

"I wouldn't want my wife to work for me," he said. "She'd never be home."

-:-

CHARLES VAN DOREN, idol of quizdom, will earn part of his $50,000-a-year salary at NBC by playing the guest host on "Today" this week for the final week of Dave Garroway's vacation. . . .

More trouble for the producer (Frank Cooper Associates) of the mystery-laden "Dotto"—a $3,750,000 plagiarism suit against Cooper and CBS was filed in Los Angeles Superior Court by Homer Canfield, who charges that "The Verdict Is Yours" was developed from his program idea titled "Courtroom." . . .

The popularity of "Alfred Hitchcock Presents" extends to four countries, meaning, Hitchcock laments, "that I am forced to do commercials in four languages—German, French, English and American—and I find the latter the most difficult." . . .

ABC officials juggled their fall TV schedules and when they were all through they moved the Walt Disney show from Wednesdays to Fridays at 8 p.m. and Lawrence Welk's Monday night program to Wednesdays at 7:30. The Welk switch means that on Wednesday nights viewers will have a choice of heady music from the Champagne Music Maker or cowpokes out of NBC's "Wagon Train." . . .

"Why," asks a reader, "are there so many bald heads and so much kissing on TV?" Beats us! . . .

-:-

THE ITALIAN equivalent of "The $64,000 Question" ("Lascia o Radoppia") comes to the end of its long run next month with a variety show headed by Walter Chiari—Ava Gardner's favorite beau—scheduled to replace it. . . .

Farley Granger has drawn the assignment to portray Sigmund Freud in the Sept. 10 "U.S. Steel Hour" presentation. . . .

As a result of Cindy Adams' unabashed performances as her husband's (Joey Adams') substitute on "Gags to Riches," she's been offered a permanent seat on the returning "Leave It To the Girls." "Joey," Mrs. Adams reminds us, "has been at the Chicago's Chez Paree with Zsa Gabor—her middle name excapes me."

Planning Firm Airs Proposal To City Group

Commission Hears Representative Of Hill & Associates

Details of a proposal to prepare a "master plan" for future growth and development of East Liverpool were explained to the City Planning Commission Monday night by two representatives of Carroll V. Hill & Associates of Dayton.

Steps in the planning work, which would require 20 to 24 months, were explained at a meeting at City Hall to Joseph Ross, George Steele and Safety - Service Director Dan Maggianetti, members of the commission, Council President B. E. Warner and W. E. Kaiser, chairman of the Council planning committee.

The explanation was given by Carroll V. Hill, from whom the organization takes its name, and his associate, George Beckman. The meeting with the Dayton firm's representatives was one of a series the commission has arranged in its investigation of the need for a "master plan," which would clear the way for an urban renewal program here financed in part with federal aid.

Earlier, the commission heard a planning proposal from Michael Baker Jr., Inc., a Rochester consulting engineering firm. It also has received a proposal on the project from Metropolitan Planners, Inc., of Indianapolis

To illustrate the work his firm would turn out here, Hill showed the commission copies of maps prepared to solve business district congestion in Ellwood City, also a river town of sheer hillsides.

The solution, proposed to be accomplished in "stages" over a series of years, will convert the central business area into a shopping plaza with broad concrete walks interspersed with planted areas. A one - way traffic loop would surround the shopping plaza, from which autos would be barred. Spotted at locations on the fringes of the shopping area would be a long series of off - street parking spaces.

Hill's large scale maps and drawings showed Ellwood City's center as it was, the first stages of the renewal program and its appearance when the long - range program is completed.

Planning of changes in the central business area is only one phase of the "master plan," which takes in every facet of the community's life, based on future needs and trends, Hill explained.

He mentioned such other problems as traffic, parking, highways, public transportation, extension of water and sewage service to outlying areas and zoning and building regulations.

Another major aim of a "master plan" program is to assure that the community will be made attractive to shoppers from outlying areas and that it will offer inducements to new industries looking for plant sites.

Referring to the planning work, Hill cautioned: "We can't do all these things without an active citizens' group working along with the Planning Commission."

Hill said he looked over the community yesterday afternoon in preparation for his meeting with the commission.

Referring to East Liverpool's streets, he declared that "it's more economical in the long run to install good streets instead of trying to maintain substandard surfaces."

He also pointed out that the city has only one major recreation area — Thompson Park.

"I believe there is a need for smaller recreation and play areas in other parts of the city," he said. "Schools are a center of community life, but the recreation space around most of your buildings is very small."

A "master plan" is intended to "modify and guide the city's development and anticipate growth in undeveloped areas," Hill commented.

2 Danish Territories Seek To Join Fish Ban

COPENHAGEN (AP) — Two Danish territories flanking Iceland in the North Atlantic are trying to join that republic in banning foreigners from fishing within 12 miles of their coasts.

The Danish government has advised the self-governing Faroe Islanders that their demand for a 12-mile limit could not be met immediately.

The Greenland National Council decided Monday night to ask the Danish government to help put into effect a 12-mile limit around Greenland.

British fishermen plan to defy the new limit by Iceland, which is scheduled to go into effect Monday. The British government has said it will send gunboats to protect its fishing fleet.

30 U.S. Airmen Get Early Christmas Party

NORTH KINGSTON, R. I. (AP) —Thirty airmen from Quonset Point Naval Air Station were guests Monday night at a Christmas party—with tree, gifts and eggnog.

The affair was given in a local restaurant by civilian friends of Air Development Squadron 6, which leaves Saturday for the Antarctic.

Mice Lived 37 Days In Space Unit On Oxygen From Algae

BLOOMINGTON, Ind. (AP) — Two dwarf mice from Texas lived for 37 days in an imitation space chamber on oxygen produced by green algae, it was reported today.

The mice are still alive and well, but the method of providing their oxygen isn't practical—at least at present—for any space project involving man, the report said.

The mice were provided with everything they needed to exist in their space capsule—food, water and oxygen.

Their "space ship" was a small, tightly sealed chamber in a University of Texas laboratory, closely watched by Dr. Jack Myers and his assistant, research scientist Ruth Doney.

If man does get into space, he'll need at least 600 quarts of oxygen a day to survive, Dr. Myers said. But the very weight of the oxygen provision in tanks for several days flight would be prohibitive.

Perhaps sometime in the future the use of green algae to recycle the oxygen supply might be practical. The algae consume carbon dioxide and turn out oxygen. The researchers constructed an algae chamber for the mice but it would take an awful lot of the green water plants to supply enough oxygen for man.

Dr.Myers' report was prepared for presentation to the American Institute of Biological Sciences, meeting on the Indiana University campus.

Bar Assn. Delays Action On Ban Of Courtroom Photos

LOS ANGELES (AP) — The American Bar Assn. has postponed action on a proposed rephrasing of judicial canon 35, which bans courtroom photography, television and broadcasting.

The action was taken by the association's House of Delegates Monday on a postponement recommendation from the board of governors.

The recommendation said:

"The American Bar Assn. should conduct further studies of the problem, including the obtaining of a body of reliable factual data on the experience of judges and lawyers in those courts where either photography, televising or broadcasting, or all of them, are permitted."

Incoming ABA President Ross L. Malone, Roswell, N. M., will appoint a special committee of nine to conduct a continuing study of canon 35, its proposed amendments and its problems. It is one of the cannons of judicial ethics.

"The fundamental objective of the committee and of all others interested must be to consider and make recommendations which will preserve the right of fair trial," the board of governors said.

Activities Club Makes Football Season Plans

Plans for fall projects were outlined at a meeting of the Purple and Gold Activities Club of Chester Monday night at Chester High School.

Committees were named to serve a meal to members of the football squad following the home games which begin Sept. 5 with New Cumberland.

The group will also sell foam rubber clothing protectors for coat hangers.

Dominic Amedeo, football coach, discussed the progress of the team and plans for the season. Mrs. Hugh Eberhart, president, was in charge of the meeting attended by 16. The next meeting will be Oct. 6.

His First Jobless Pay Check A Whopper

DETROIT (AP)—Obie Carter, 50, a laid off auto worker, has drawn his first unemployment compensation check—a big one.

As father of three children he was due top benefits of $49 a week. But his check was for $9,998.99.

"I knew there was some mistake," said Carter, "but you can't imagine how much I hoped it was real."

The Employment Commission took the check back.

Hays Accepts Invitation For Hague Session

Rep. Wayne L. Hays of the 18th Ohio District said today he has accepted an invitation from Prince Bernhard of The Netherlands to attend the International Conference for Christian Leadership Sept. 8-14 at The Hague.

The congressman already was scheduled to attend a meeting of the NATO Steering Committee in London Sept. 8-9. Hays is the American representative on the steering committee, representing both the House and the Senate. He will be able to spend only two days at the Hague conference because he will attend dedication of the Cadiz Postoffice Sept. 12. He will fly direct from The Hague to Ohio for the Cadiz dedication.

Because of the committments the congressman has been obliged to decline an invitation to serve as American representative at the 1958 conference for members of parliaments of 15 countries at Clarens, Switzerland, which will end Sunday. The conference is sponsored by the American Friends Service Committee as one of several Quaker programs to promote understanding between peoples of different countries.

Crucible Appoints 2 Technical Aides

The Crucible Steel Co. has announced two new appointments in the Technical Development division of its Technology Department at Pittsburgh.

A. E. Nehrenberg, formerly research supervisor, has been named section manager — technical development.

R. W. Metter, formerly with Crucible's Titanium Division at Midland, has been appointed administrator — patents and licenses.

Both men will maintain offices in Pittsburgh and report to W. E. Gregg, director of technical development.

Metter joined Crucible in 1953, when he was named head of industrial engineering and production planning for Rem-Cru Titanium, Inc., at Midland.

Metter, who resides at 1005 Dutch Ridge Rd., Beaver, is a member of the Beaver Valley Country Club and past vice president of the Brighton Township Community Club.

Potters Scrimmage Campbell Squad As Drills Continue

The Review Sports

TUESDAY, AUGUST 26, 1958 EAST LIVERPOOL, REVIEW PAGE 12

Cox Honored At Dinner

Presentation of trophies highlighted a banquet Monday night honoring the Floyd Cox Construction baseball team which captured both this year's City League title and the O'Shaughnessy playoff series and finished in the runner - up spot at the American Baseball Congress playoff in Canton last week.

Some 30 team members and guests attended the event in the Marine Lounge of the Riverview Hotel, Wellsville Jimmy Lowery of WOHI was toastmaster.

Cox, the sponsor, is shown receiving the Connie Mack City League trophy from Herman Rucosky of Ellwood City, a representative of the Quaker Oats Co., which donated the award. Glenn Barnett, league president, is at the left next to Ben Warner and Cox Manager Bob Campbell is at the far right.

Manager Campbell presented engraved wrist watches to the team sponsor and Barnett, who also umpired this past season and has been instrumental in organizing the league for the last several years.

Warner, president of City Council, briefly discussed the accomplishments of the league during the season and mentioned the possibility of a new diamond at Thompson Park, with lights, in the not too distant future if the money is available.

The league playoff trophy, won by the Cox team which defeated Irondale three straight in a best - of - five series, was donated by city officials. Irondale will receive a playoff runner-up trophy which was donated by the Golden Star Dairy.

Coach Lauds Four Players For Showing

After five full days of workouts, including morning and afternoon sessions, Potter football coach Lou Venditti had special praise today for two returning backfield veterans, a junior guard and a senior end for their rugged and inspired performances thus far at practice.

Venditti will send his 38-member squad against Campbell Memorial today at 3:30 at Patterson Field for the first of several preseason scrimmages.

—:—

THE POTTER coach, beginning his third year as varsity mentor, lauded the performances of fullback Bill O'Neil, quarterback Bob Mackall and linemen Jim Bise and Pat Cooper as being standouts thus far in the tough practice grind.

"We're hoping O'Neil will replace George Hale as a scoring threat," Venditti said, and he has "really looked great the past couple of days."

O'Neil, a 170-pound fullback, is probably the fastest man in the backfield and is expected to carry the brunt of the Potter offense this year, Venditti indicated.

At quarterback, Mackall has caught the eyes of the Potter coaching staff, while Bise has looked good at guard and Cooper has "really been battling for an end position."

—:—

BISE, A junior, has had no varsity football experience but has a full year of wrestling under his belt and is expected to wage a battle for a line spot, Venditti said, adding that "he has made the guard situation look better with his rugged play thus far."

This year's squad — one of the smallest fielded by East Liverpool in recent years — will be shallow in practically every position and sophomores and juniors will be depended upon to take up the slack left by graduation.

Venditti pointed out that several promising candidates failed to show up for practice and veteran halfback Sheridan Battistelli, who had displayed potential as a breakaway runner last year, has decided to give up football.

Battistelli underwent a knee operation last year and was expected to perform at halfback if the knee developed satisfactorily, the coach said.

At other positions, speedy guard Nick Musuraca has been looking good, while a "real surprise" has been Carl Ludwig, bidding for a tackle slot. Venditti also added that Tim Archer, a sophomore product of East Junior High School, is battling Ron Prince for a left end job.

—:—

COACH BOB Hedmond, one of Venditti's aides, also pointed out that Joe Thompson, a graduate of Westgate Junior High, also played a bang-up game at right half in last week's drills.

No serious injury problem has plagued the Potter football camp thus far, but Dave Zelch has come up with a charlie horse and Kenny Cunningham, second-string quarterback, suffered a laceration of the right leg.

Venditti, who termed this year's schedule "the toughest ever", is preparing for the Sept. 12 opener at home with Akron St. Vincent.

However, East Liverpool will meet Wellsville in the grid preview of the Blue and White Nonpareil Club Sept. 5 before the first game arrives.

The squad will travel to Campbell Memorial for a return scrimmage game Saturday at 3:30. Another scrimmage is scheduled Sept. 3 at Struthers.

THIS NEW CUMBERLAND football squad, presently going through twice-a-day workouts in preparation for the Sept. 5 opener with Chester, includes a dozen returning lettermen from last year's team. Left to right, first row, are Tom Ross, Tom Hale, Jack Chetock, John Patterson, John Holden, Dave Ross, Jim Staley and Bob Manypenny. Second row, Larry Powell, Ron Gordon, Ralph Chaney, Bob Swearingen, Pete Dawson, Bill Freshour, Phil Cullen, Chet Richmond, Ed Price and Fred Huff. Third row, Larry Hoffman, Jim Easterling, George Myers, Jim Chambers, Jim Powell, Bob Reese, Dale Fryer, Charles Miller and Tom Herron. Not present when the picture was taken were George Harris, Joe Everly, Ron Haines and Jim Reed.

Braves Spank Giants Again; Pirates Lose

By The Associated Press

So the Milwaukee Braves can't beat the also-ran Los Angeles Dodgers. It may be annoying, but it's not crucial. Not when the champs can run off seven in a row against the San Francisco Giants, the club they have to beat.

Twice in the last four weeks, the Dodgers have belitted the Braves and left 'em looking as though they could be had. Instead, they've spanked the second-place Giants and romped off with eight-game leads in the National League pennant chase.

Just last week they dropped four of five to the fourth-place Dodgers, but then whipped the Giants in the opener of a "showdown" five-game series at San Francisco 8-5 in 10 innings Sunday. Monday night they did it again, rapping the Giants 6-1 behind Warren Spahn,, who shrugged off a sore throat and won his 17th of the year — first on the West Coast.

The Dodgers retained fourth, coming from behind for a 4-2 victory over Cincinnati, and St.Louis whipped Pittsburgh 7-1 in the only other NL games scheduled.

In the American League. idle New York regained a 12½-game spread as Baltimore defeated the second-place Chicago White sox 6-5. Washington clipped Cleveland 5-4.

Wally Moon had three of the Cardinals' nine hits off loser Ron Kline (12-12) and R. G. Smith, one a two-on homer that capped a four-run third. Larry Jackson (11-10) was the winner. He gave up eight hits, losing his shutout bid on Hank Foiles' double, a sacrifice and Bob Clemente's single in the third that tied it 1-all.

Southpaw Johnny Podres gave up a two-run homer to Pete Whisenant in the first inning, then blanked the Reds on seven hits for a 12-10 record. Harvey Haddix (7-7) lost it. Carl Furillo drove in the first two Dodger runs with a pair of singles and scored the lead run on Don Zimmer's single in the third.

Brown Plans To Start 4 Rookies Friday Night

HIRAM, Ohio (AP)—Coach Paul Brown is going to give some of his rookies a good chance to make the Cleveland Browns this season.

The coach plans to start four freshmen in Friday night's exhibition game against Los Angeles' Rams at the Coliseum.

They are Jim Ninowski at quarterback, Gene Hickerson at guard, Bobby Mitchell at running halfback, and Jim Shofner in the defensive backfield.

Brown also is high on another pair of rookies, defensive end Buzz Guy, and Harry Javernick, an offensive tackle who filled in for the injured Lou Groza in last week's exhibition with Detroit.

Sam Brown, rookie halfback from UCLA, was released Monday, reducing the squad to 45. Two more cuts must be made by the day after Labor Day, but the pair is expected to go before the Browns embark for Los Angeles Wednesday morning.

Bowling Meeting Set Friday Night At 7

A short meeting will be held Friday night at 7 in the Don-Bus Bowling Alleys for all captains of last year's teams and others interested in bowling in the Sunday night league this season. All officers are also requested to attend, officials announced .

Veteran First Eleven

New Cumberland Revenge-Minded

Coach Charlie Miller and his Raiders from New Cumberland are making no secret of the fact that they are out for revenge this year for 1957's nine consecutive defeats at the hands of district football squads.

For the first time in several years, Miller, beginning his 11th year as football coach at New Cumberland, is blessed with a veteran eleven which figures to develop into one of Hancock County's better "A" outfits.

Although he was greeted by only a group of 28 when two-a-day practice drills began Aug. 15, a dozen of the candidates were lettermen from last year, giving Miller an experienced man in every position.

However, the remaining group of youngsters are mostly freshmen and sophomores, untried in varsity competition, "forcing the veterans to go the whole distance barring injuries," Miller said.

The Raiders are especially pointing to their opener — nearby Chester — for their first revenge victory after taking a 35-0 pounding last year from Coach Dom Amedeo's powerful outfit.

"We have a letterman at every position but the lack of depth will be serious," Miller pointed out, and added that the big question mark of the success of this year's team will depend on the ability of returning quarterback George Harris

Harris, a fair passer, saw action last year, along with halfbacks Bill Freshour and Bob Reese, while Phil Cullen, a fairly good fullback, will return to his backfield post.

Other lettermen returning to bolster New Cumberland's line are Fred Huff and Ron Gordon at ends, Chester Richmond and Ralph Chaney at tackles, Pete Dawson and Bob Swearingen at guards and Dale Fryer at center.

Richmond, a 160-pounder, is the heaviest of the candidates. Gordon performed at tackle last year but has been shifted to end, Miller said. Cullen has been handling the punting.

The Raiders will again operate from the straight T and presently are working on a passing game to go along with the running of the veteran backfield, Miller commented.

Losses from graduation were comparatively light, including only tackle Bill Staley and Ray Kralovic, Miller said. However, both were listed as starters during last year's campaign.

John Kuzio, beginning his 10th year at New Cumberland, is again assisting Miller.

Following the Sept. 5 battle with Chester, the Raiders will entertain Newell on Sept. 12, the first of only two home games. Paden City will travel to New Cumberland Oct. 3 for the other home game.

Improvements at the field included new topsoil under the program of the Boosters Club.

Orioles Jolt Chisox, Eye Second Place

By The Associated Press

A week ago it figured that the Baltimore Orioles might have a shot at the first division in the American League standings. Now the Birds might even roost in second place.

The Orioles under Manager Paul Richards have won 13 of their last 19 games.

They wrestled Detroit for a share of fourth place by taking two of three from the Tigers. Then they beat Chicago 6-5 Monday night for a sweep of the two-game set with the second-place White Sox.

That left the Birds within three games of third place Boston and just four games shy of the White Sox while padding their edge over Detroit to a full game.

Washington defeated Cleveland 5-4 in the only other AL game.

In the National League, Milwaukee stretched its lead to eight games once more as the Braves rapped second place San Francisco 6-1. St. Louis defeated Pittsburgh 7-1 and Los Angeles beat Cincinnati 4-2.

The Orioles won the hard way Monday night, blowing a 5-1 lead before cracking a 5-all tie on Al Pilarcik's pinch single in the sixth inning. They had built the early bulge in three innings against Sox starter Ray Moore on four walks and but four hits, including a two-run single by Brooks Robinson.

Rookie Milt Pappas (8-7) was the winner in relief ater losing four in a row, but it was the mop up relief of George Zuverink, ex-Indian Hoyt Wilhelm and Billy Loes—who combined for a two-hit shutout over the last three innings that put it away.

The Indians were dropped despite the power-hitting of Rocky Colavito, who drove in all four runs with a double and his 31st homer. Clint Courtney, driving in two runs with his sixth homer and a sacrifice fly as the Senators overhauled a 4-0 Cleveland lead, counted the clincher in the eighth on a wild pitch by reliever Ray Narleski. Don Mossi (7-7) was the loser in relief, Truman Clevenger (8-8) the winner in relief of Vito Valentinetti.

The first place New York Yankees, their lead back to 12½ games, begin a two-game series tonight against Kansas City that ends their last home stand against the western clubs. Bob Turley goes after his 19th victory for the champs.

The White Sox move on to Washington, while Baltimore is at home to Cleveland. Detroit plays at Boston.

Cleveland	103 000 000—4 7 2

Bows To Glenview, Ill., 6-3

Midland Nine Eliminated

Manager Art Petrosky's Midland Steelers baseball team will begin the long journey home from Wichita, Kan., today after bowing to the Glenview, Ill., Woodchucks, 6-3, Monday night in the National Baseball Congress tournament.

The defeat was Midland's second with the first coming in their initial game earlier with a team from Louisiana in the double elimination grind.

Last night the Steelers fell by the wayside under a flurry of home runs by the Illinois squad.

Don Gersey put the winners out in front in the second inning with a round-tripper with a mate on base and Midland never got a hitting attack rolling sufficient to forge ahead.

Glenview rolled up a 4-0 score in the fourth but the Steelers came back in the sixth to narrow the score. In the fourth inning, Dave Reider broke the ice for Midland with a homer and two more runs scored in the sixth when Bob Silvason doubled with two on to make the score 4-3.

However, Glenview later changed pitchers and added solo homers by Jerry Jacobs in the seventh and Dick Kokos in the ninth inning to clinch the ball game.

Midland received the chance to participate in the national tourney by winning its own Pennsylvania Non-Pro tournament.

Richest Race In Ohio Fair History Slated

COLUMBUS, Ohio (AP) — The richest race in Ohio State Fair history — the $23,350 Buckeye State Pace — will be the feature of the second day of harness racing at the exposition today.

In Monday's inaugural, Royal Flash, owned by Detroit sportsman Rene Ministrelli and driven by Claude Wright of Greenville, won the featured $20,750 Ohio State Trot for two - year - olds. Royal Flash took the final and deciding heat in 2:11 4-5, winning by a nose over Hoot N' Toot.

Attendance continues to lag behind last year's figures. Despite sunny skies Monday, the total had reached only 20,916 by mid-afternoon and was expected to remain below the 33,040 figure for the same day last year.

There were hopes that the Grandstand show, principal entertainment at the fair, could be moved back outside to the big arena after heavy rains Sunday forced a two-day stand in the smaller Youth Center.

But misfortune continues to plague the big show. Singer Dean Martin, billed as the headliner today, Wednesday and Thursday, was shaken up in an auto mishap in California Sunday night and will not be able to appear today. Fair officials said it was uncertain whether he will appear Wednesday and Thursday.

In livestock judging, James Heffner of Rt. 2, Lafayette, showed the grand champion yearling ewe, the reserve champion ram and won the coveted breeders trophy in the National Suffolk Sheep Show.

A yearling ram shown by Freedom Acres Farm, Bucyrus, won the grand championship in its class.

Lee's Hill Red Breast I, owned by Lee's Hill Farm, New Vernon, N.J., won the All American Swiss Futurity.

And Ron Musser, 19, of Huntsville, won the $1,000 Ayrshire Futurity with a cow named Sellwood Marilyn.

Royals Sign Green

CINCINNATI (AP) — Sihugo Green, former Duquesne star scheduled for discharge from the Army soon, has signed a contract with the pro basketball Cincinnati Royals, along with veteran Dave Piontek and rookie Wayne Embry, former Miami of Ohio standout. Officials said the team has now signed up 14 men.

Indians Bow Despite Hot Bat Of Rocky

BALTIMORE (AP) — If instead of hunting causes for a dwindling gate, the owners of the Cleveland Indians were looking for reasons fans come out to see the Tribe, they'd probably give Rocky Colavito a pay boost.

For the 25-year-old Bronx, N.Y. outfielder is on the home stretch of the best slugging performance by a Cleveland Indian in the past five seasons.

Monday night in Washington he drove in all four runs in the Tribe's 5-4 defeat and smashed his 31st home run. With 30 games, left, Rocky needs only two more round-trippers to better the mark of 32 by Larry Doby in 1954 and by Vic Wertz in 1956. He could surpass Al Rosen's 1950 mark of 37, but Rosen's club record of 43 in 1953 appears out of Rocky's reach.

His 31 homers put Colavito fourth in the league behind Mickey Mantle (36), Roy Sievers (34), and Jackie Jensen (33) With 89 runs batted in, The Rock ranks third, training Jensen who has 110 and Sievers who has 93.

Colavito got the Tribe off to a 1-0 lead in the first inning at Washington by doubling along the third base line to bring Doby, who had walked, home from first base.

Colavito then clubbed a 400-foot homer off Vito Valentinetti in the third inning with two aboard.

The Nationals scored a run in the fourth on Albie Pearson's triple and a ground out, and Clint Courtney made it 4-2 with a homer in the fifth.

Two unearned runs in the sixth off Gary Bell tied the score. Neil Chrisley doubled, went to third on a wild throw by Billy Moran and scored on a sacrifice. Rocky Bridges singled, to keep the rally alive, and the tying run came home when Minnie Minoso lost Ken Aspromonte's liner in the lights.

The deciding run was the result of a wild pitch by reliever Ray Narleski in the eighth after two singles and a walk had loaded the bases.

Don Ferrarese goes for Cleveland against Skinny Brown here tonight.

Seabiscuit's most historic race was in 1938 against War dmiral in the Pimlico Special, which he won by four lengths.

Caddie Tourney Continues Today At Country Club

Medal play resumed today with an 18-hole round in the caddies tournament being held at the Country Club, Andy Petrick, golf pro, said.

Ronnie Talbott carded a 42-40—82 for low score Monday in the high school division while Mike Hughes shot 49-47—96 for low score in the grade school category.

Other scores in the high school division Monday were Jim Shawl, 44-50—94; Sam Hughes, 51-48—99; Danny Henderson, 51-51—102; Frank Danzo, 48-54—102; Dave Bayer, 58-45—103, and Carl Shawl, 48-55—103.

Frank Bowersock shot 57-53—110 and Bobby Bowersock carded 61-50—111 in the grade school division. Caddies were to be served refreshments following today's play.

Saturday a duo of J. T. Hall and Ev Hall carded 62 to win the best ball in the medal play event. R. J. Clark and Bill McNutt were second with a close 63. In the second division, Norman Ankrim and L. W. Smith Jr., won with a 65.

Nicklaus Heads Field Of 50 In Qualifier

CINCINNATI (AP)—Jack Nicklaus, who won the Ohio Open two years ago when only 16, heads a field of 50 players in the qualifier today for the National Amateur Golf Tournament.

At stake for Ohio-Indiana-Kentucky challengers are six places at the national in San Francisco, Sept. 8-13.

The qualifier is scheduled over the 6,676 - yard Camargo Country Club where par is 35-35—70.

Veeck Says He'd Attempt To Keep Tribe In Cleveland

CHICAGO (AP — Bill Veeck, eager to get back into baseball, is hot after the franchise he once operated at Cleveland in order to keep the Indians from making any moves.

However, at a press conference in Chicago Monday, Veeck said he isn't against moving franchises and believes the major leagues should expand to 10 teams with Toronto, Montreal, Houston and Minneapolis being possible additions.

"If a team must move, it should move," said Veeck. "But if I took over at Cleveland, I'd do everything within my power to keep the team there. Those people were too good to me to be deserted."

Veeck said that when he was president of the Indians they drew 2,620,627 for a major league attendance record in 1948. The next year with a fourth-place club they drew over 2,300,000 and once with a seventh-place club they drew over 1,100,000.

"Those people must still be there," said Veeck. "I can't believe they cannot be brought back."

Veeck and his associates made a bid for the Indians last spring but were turned down. Cleveland drew only 722,256 last year and will probably finish with less this year.

When rumors circulated that the Cleveland franchise might be shifted, Veeck again appeared on the scene. "We didn't make a bid this time," he said, "but that does not mean we're not interested."

Cleveland Board Chairman William R. Daley has stated the Indians are not for sale. He also has said he wants to keep the team in Ohio — if the fans support it.

Local Entry Captures Lisbon Softball Crown

American Vitrified Products wrapped up the Lisbon Softball League crown Monday night as John Clendenning flipped a two-hitter in whipping Lisbon American Legion, 3-1

Clendenning chalked up his 13th victory of the year against only a lone defeat while his team finished with 20 wins and 6 losses.

Leading the hitting attack last night were Les Landfried, Bud Hobbs, Don Black and Don Glass with singles for the winners.

Mike Farmer, All - American forward from the University of San Francisco, has been signed with the New York Knickerbockers of the National Basketball Assn.

Cox Honored At Dinner

Presentation of trophies highlighted a banquet Monday night honoring the Floyd Cox Construction baseball team which captured both this year's City League title and the O'Shaughnessy playoff series and finished in the runner - up spot at the American Baseball Congress playoff in Canton last week.

Some 30 team members and guests attended the event in the Marine Lounge of the Riverview Hotel, Wellsville Jimmy Lowery of WOHI was toastmaster.

Cox, the sponsor, is shown receiving the Connie Mack City League trophy from Herman Rucosky of Ellwood City, a representative of the Quaker Oats Co., which donated the award. Glenn Barnett, league president, is at the left next to Ben Warner and Cox Manager Bob Campbell is at the far right.

Manager Campbell presented engraved wrist watches to the team sponsor and Barnett, who also umpired this past season and has been instrumental in organizing the league for the last several years.

Warner, president of City Council, briefly discussed the accomplishments of the league during the season and mentioned the possibility of a new diamond at Thompson Park, with lights, in the not too distant future if the money is available.

The league playoff trophy, won by the Cox team which defeated Irondale three straight in a best - of - five series, was donated by city officials. Irondale will receive a playoff runner-up trophy which was donated by the Golden Star Dairy.

Bows To Glenview, Ill., 6-3

Midland Nine Eliminated

Manager Art Petrosky's Midland Steelers baseball team will begin the long journey home from Wichita, Kan., today after bowing to the Glenview, Ill., Woodchucks, 6-3, Monday night in the National Baseball Congress tournament.

The defeat was Midland's second with the first coming in their initial game earlier with a team from Louisiana in the double elimination grind.

Last night the Steelers fell by the wayside under a flurry of home runs by the Illinois squad.

Don Gersey put the winners out in front in the second inning with a round-tripper with a mate on base and Midland never got a hitting attack rolling sufficient to forge ahead.

Glenview rolled up a 4-0 score in the fourth but the Steelers came back in the sixth to narrow the score. In the fourth inning, Dave Reider broke the ice for Midland with a homer and two more runs scored in the sixth when Bob Silvason doubled with two on to make the score 4-3.

However, Glenview later changed pitchers and added solo homers by Jerry Jacobs in the seventh and Dick Kokos in the ninth inning to clinch the ball game.

Midland received the chance to participate in the national tourney by winning its own Pennsylvania Non-Pro tournament.

Coach Lauds Four Players For Showing

After five full days of workouts, including morning and afternoon sessions, Potter football coach Lou Venditti had special praise today for two returning backfield veterans, a junior guard and a senior end for their rugged and inspired performances thus far at practice.

Venditti will send his 38-member squad against Campbell Memorial today at 3:30 at Patterson Field for the first of several preseason scrimmages.

—:—

THE POTTER coach, beginning his third year as varsity mentor, lauded the performances of fullback Bill O'Neil, quarterback Bob Mackall and linemen Jim Bise and Pat Cooper as being standouts thus far in the tough practice grind.

"We're hoping O'Neil will replace George Hale as a scoring threat," Venditti said, and he has "really looked great the past couple of days."

O'Neil, a 170-pound fullback, is probably the fastest man in the backfield and is expected to carry the brunt of the Potter offense this year, Venditti indicated.

At quarterback, Mackall has caught the eyes of the Potter coaching staff, while Bise has looked good at guard and Cooper has "really been battling for an end position."

—:—

BISE, A junior, has had no varsity football experience but has a full year of wrestling under his belt and is expected to wage a battle for a line spot, Venditti said, adding that "he has made the guard situation look better with his rugged play thus far."

This year's squad — one of the smallest fielded by East Liverpool in recent years — will be shallow in practically every position and sophomores and juniors will be depended upon to take up the slack left by graduation.

Venditti pointed out that several promising candidates failed to show up for practice and veteran halfback Sheridan Battistelli, who had displayed potential as a breakaway runner last year, has decided to give up football.

Battistelli underwent a knee operation last year and was expected to perform at halfback if the knee developed satisfactorily, the coach said.

At other positions, speedy guard Nick Musuraca has been looking good, while a "real surprise" has been Carl Ludwig, bidding for a tackle slot. Venditti also added that Tim Archer, a sophomore product of East Junior High School, is battling Ron Prince for a left end job.

—:—

COACH BOB Hedmond, one of Venditti's aides, also pointed out that Joe Thompson, a graduate of Westgate Junior High, also played a bang-up game at right half in last week's drills.

No serious injury problem has plagued the Potter football camp thus far, but Dave Zelch has come up with a charlie horse and Kenny Cunningham, second-string quarterback, suffered a laceration of the right leg.

Venditti, who termed this year's schedule "the toughest ever", is preparing for the Sept. 12 opener at home with Akron St. Vincent.

However, East Liverpool will meet Wellsville in the grid preview of the Blue and White Nonpareil Club Sept. 5 before the first game arrives.

The squad will travel to Campbell Memorial for a return scrimmage game Saturday at 3:30. Another scrimmage is scheduled Sept. 3 at Struthers.

Ronnie Talbott carded a 42-40—82 for low score Monday in the high school division while Mike Hughes shot 49-47—96 for low score in the grade school category.

Other scores in the high school division Monday were Jim Shawl, 44-50—94; Sam Hughes, 51-48—99; Danny Henderson, 51-51—102; Frank Danzo, 48-54—102; Dave Bayer, 58-45—103, and Carl Shawl, 48-55—103.

Frank Bowersock shot 57-53—110 and Bobby Bowersock carded 61-50—111 in the grade school division. Caddies were to be served refreshments following today's play.

Saturday a duo of J. T. Hall and Ev Hall carded 62 to win the best ball in the medal play event. R. J. Clark and Bill McNutt were second with a close 63. In the second division, Norman Ankrim and L. W. Smith Jr., won with a 65.

Veteran First Eleven

New Cumberland Revenge-Minded

Coach Charlie Miller and his Raiders from New Cumberland are making no secret of the fact that they are out for revenge this year for 1957's nine consecutive defeats at the hands of district football squads.

For the first time in several years, Miller, beginning his 11th year as football coach at New Cumberland, is blessed with a veteran eleven which figures to develop into one of Hancock County's better "A" outfits.

Although he was greeted by only a group of 28 when two-a-day practice drills began Aug. 15, a dozen of the candidates were lettermen from last year, giving Miller an experienced man in every position.

However, the remaining group of youngsters are mostly freshmen and sophomores, untried in varsity competition, "forcing the veterans to go the whole distance barring injuries," Miller said.

The Raiders are especially pointing to their opener -- nearby Chester — for their first revenge victory after taking a 35-0 pounding last year from Coach Dom Ameo's powerful outfit.

"We have a letterman at every position but the lack of depth will be serious," Miller pointed out, and added that the big question mark of the success of this year's team will depend on the ability of returning quarterback George Harris

Harris, a fair passer, saw action last year, along with halfbacks Bill Freshour and Bob Reese, while Phil Cullen, a fairly good fullback, will return to his backfield post.

Other lettermen returning to bolster New Cumberland's line are Fred Huff and Ron Gordon at ends, Chester Richmond and Ralph Chaney at tackles, Pete Dawson and Bob Swearingen at guards and Dale Fryer at center.

Richmond, a 160-pounder, is the heaviest of the candidates. Gordon performed at tackle last year but has been shifted to end, Miller said. Cullen has been handling the punting.

The Raiders will again operate from the straight T and presently are working on a passing game to go along with the running of the veteran backfield, Miller commented.

Losses from graduation were comparatively light, including only tackle Bill Staley and Ray Kralovic, Miller said. However, both were listed as starters during last year's campaign.

John Kuzio, beginning his 10th year at New Cumberland, is again assisting Miller.

Following the Sept. 5 battle with Chester, the Raiders will entertain Newell on Sept. 12, the first of only two home games. Paden City will travel to New Cumberland Oct. 3 for the other home game.

Improvements at the field included new topsoil under the program of the Boosters Club.

Here's 1958 Schedule For New Cumberland

Sept. 5 Chester, away
Sept. 12 Newell, home
Sept. 19 Cameron, away
Sept. 27 Weirton Madonna, away
Oct. 3 Paden City, home
Oct. 11 Brilliant, away
Oct. 17 Wellsburg, away

Braves Spank Giants Again; Pirates Lose

By The Associated Press

So the Milwaukee Braves can't beat the also-ran Los Angeles Dodgers. It may be annoying, but it's not crucial. Not when the champs can run off seven in a row against the San Francisco Giants, the club they have to beat.

Twice in the last four weeks, the Dodgers have belitted the Braves and left 'em looking as though they could be had. Instead, they've spanked the second-place Giants and romped off with eight-game leads in the National League pennant chase.

Just last week they dropped four of five to the fourth-place Dodgers, but then whipped the Giants in the opener of a "showdown" five-game series at San Francisco 8-5 in 10 innings Sunday. Monday night they did it again, rapping the Giants 6-1 behind Warren Spahn,, who shrugged off a sore throat and won his 17th of the year — first on the West Coast.

The Dodgers retained fourth, coming from behind for a 4-2 victory over Cincinnati, and St.Louis whipped Pittsburgh 7-1 in the only other NL games scheduled.

In the American League, idle New York regained a 12½-game spread as Baltimore defeated the second-place Chicago White sox 6-5. Washington clipped Cleveland 5-4.

Wally Moon had three of the Cardinals' nine hits off loser Ron Kline (12-12) and R. G. Smith, one a two-on homer that capped a four-run third. Larry Jackson (11-10) was the winner. He gave up eight hits, losing his shutout bid on Hank Foiles' double, a sacrifice and Bob Clemente's single in the third that tied it 1-all.

Southpaw Johnny Podres gave up a two-run homer to Pete Whisenant in the first inning, then blanked the Reds on seven hits for a 12-10 record. Harvey Haddix (7-7) lost it. Carl Furillo drove in the first two Dodger runs with a pair of singles and scored the lead run on Don Zimmer's single in the third.

Brown Plans To Start 4 Rookies Friday Night

HIRAM, Ohio (AP)—Coach Paul Brown is going to give some of his rookies a good chance to make the Cleveland Browns this season.

The coach plans to start four freshmen in Friday night's exhibition game against Los Angeles' Rams at the Coliseum.

They are Jim Ninowski at quarterback, Gene Hickerson at guard, Bobby Mitchell at running halfback, and Jim Shofner in the defensive backfield.

Brown also is high on another pair of rookies, defensive end Buzz Guy, and Harry Javernick, an offensive tackle who filled in for the injured Lou Groza in last week's exhibition with Detroit.

Sam Brown, rookie halfback from UCLA, was released Monday, reducing the squad to 45. Two more cuts must be made by the day after Labor Day, but the pair is expected to go before the Browns embark for Los Angeles Wednesday morning.

Veeck Says He'd Attempt To Keep Tribe In Cleveland

CHICAGO (AP — Bill Veeck, eager to get back into baseball, is hot after the franchise he once operated at Cleveland in order to keep the Indians from making any moves.

However, at a press conference in Chicago Monday, Veeck said he isn't against moving franchises and believes the major leagues should expand to 10 teams with Toronto, Montreal, Houston and Minneapolis being possible additions.

"If a team must move, it should move," said Veeck. "But if I took over at Cleveland, I'd do everything within my power to keep the team there. Those people were too good to me to be deserted."

Veeck said that when he was president of the Indians they drew 2,620,627 for a major league attendance record in 1948. The next year with a fourth-place club they drew over 2,300,000 and once with a seventh-place club they drew over 1,100,000.

"Those people must still be there," said Veeck. "I can't believe they cannot be brought back."

Veeck and his associates made a bid for the Indians last spring but were turned down. Cleveland drew only 722,256 last year and will probably finish with less this year.

When rumors circulated that the Cleveland franchise might be shifted, Veeck again appeared on the scene. "We didn't make a bid this time," he said, "but that does not mean we're not interested."

Cleveland Board Chairman William R. Daley has stated the Indians are not for sale. He also has said he wants to keep the team in Ohio — if the fans support it.

Local Entry Captures Lisbon Softball Crown

American Vitrified Products wrapped up the Lisbon Softball League crown Monday night as John Clendenning flipped a two-hitter in whipping Lisbon American Legion, 3-1

Clendenning chalked up his 13th victory of the year against only a lone defeat while his team finished with 20 wins and 6 losses.

Leading the hitting attack last night were Les Landfried, Bud Hobbs, Don Black and Don Glass with singles for the winners.

Mike Farmer, All - American forward from the University of San Francisco, has been signed with the New York Knickerbockers of the National Basketball Assn.

Orioles Jolt Chisox, Eye Second Place

By The Associated Press

A week ago it figured that the Baltimore Orioles might have a shot at the first division in the American League standings. Now the Birds might even roost in second place.

The Orioles under Manager Paul Richards have won 13 of their last 19 games.

They wrestled Detroit for a share of fourth place by taking two of three from the Tigers. Then they beat Chicago 6-5 Monday night for a sweep of the two-game set with the second-place White Sox.

That left the Birds within three games of third place Boston and just four games shy of the White Sox while padding their edge over Detroit to a full game.

Washington defeated Cleveland 5-4 in the only other AL game.

In the National League, Milwaukee stretched its lead to eight games once more as the Braves rapped second place San Francisco 6-1. St. Louis defeated Pittsburgh 7-1 and Los Angeles beat Cincinnati 4-2.

The Orioles won the hard way Monday night, blowing a 5-1 lead before cracking a 5-all tie on Al Pilarcik's pinch single in the sixth inning. They had built the early bulge in three innings against Sox starter Ray Moore on four walks and but four hits, including a two-run single by Brooks Robinson.

Rookie Milt Pappas (8-7) was the winner in relief ater losing four in a row, but it was the mop up relief of George Zuverink, ex-Indian Hoyt Wilhelm and Billy Loes—who combined for a two-hit shutout over the last three innings that put it away.

The Indians were dropped despite the power-hitting of Rocky Colavito, who drove in all four runs with a double and his 31st homer. Clint Courtney, driving in two runs with his sixth homer and a sacrifice fly as the Senators overhauled a 4-0 Cleveland lead, counted the clincher in the eighth on a wild pitch by reliever Ray Narleski. Don Mossi (7-7) was the loser in relief, Truman Clevenger (8-8) the winner in relief of Vito Valentinetti.

The first place New York Yankees, their lead back to 12½ games, begin a two-game series tonight against Kansas City that ends their last home stand against the western clubs. Bob Turley goes after his 19th victory for the champs.

The White Sox move on to Washington, while Baltimore is at home to Cleveland. Detroit plays at Boston.

Cleveland	103 000 000—4 7 2
Washington	000 112 01x—5 8 0

Bell, Mossi (6), Narleski (8) and Nixon; Valentinetti, Clevenger (7), Ramos (9) and Courtney. W-Clevenger. L-Mossi.

Home runs — Cleveland, Colavito (31). Washington, Courtney (6).

Chicago	001 211 000—5 11 0
Baltimore	203 001 00x—6 8 0

Moore, Shaw (4) and Battey; Harshman, Pappas (5), Zuverink (7), Wilhelm (8), Loes (9) and Triandos. W-Pappas. L-Shaw.

Gene Donovan, while battling W. F. Bailey Jr., in a match at the Salt Lake Country Club, dazzled his opponent with a birdie, birdie, eagle finish on the 16th, 17th and 18th holes of the new course.

Three Listed Favorites In Hambletonian

DU QUOIN, Ill. (AP) — Sandalwood, classy filly who showed late season form, shared the favorite spot today with Emily's Pride and Sharpshooter for the rich Hambletonian.

Sandalwood picked up backers with a fine showing in the Sedalia, Mo., Matron last week. She moved into a favorite role even after drawing a poor starting position.

The surprise winner in Sedalia was placed in the No. 13 spot, third from the rail in a second tier of the starting lineup for trotting's big show for three year olds Wednesday.

Sharpshooter and Emily's Pride hold positions 5 and 6 in the front tier for the 33rd renewal of the classic.

Emily's Pride has the best season time for the mile in the field with a 2:00. Sandalwood's fastest in winning the Matron was 2:02.2. Sharpshooter has a 2:04.3 for his best winning heat of the season.

With other times ranging from Great Lullwater's 2:01½ to Baron Colby's 2:07.3, Hambletonian observers say a new mark may be set.

Hoot Mon, 1947 winner in Goshen, N. Y., set the record for the race with a 2:00 performance.

Behind the favorites there are at least three who stable hands like. They are Gang Awa, McColby, and McColby's stablemate, Mix Hanover.

Other probable starters are: Mr. Saunders, Florella Hanover, Little Rocky, Lumber Along, Baron Colby, Spunky Hanover, and Record Matt.

The purse — $106,719.24 if all start — makes it the fourth largest Hambletonian in history.

Mayor Of Chicago Plans Drive For More Diversion

CHICAGO (AP) — Mayor Richard Daley says he plans "missionary" work among Great Lakes area mayors in a new drive to get increased Lake Michigan diversion for Chicago.

The Senate failed to act upon a diversion bill before adjournment and the bill died. The House had approved the measure.

The mayor said he planned to arrange a meeting of mayors of such cities as Milwaukee, Cleveland, Toledo and Detroit during the meeting of the U.S. Conference of Mayors at Miami Beach, Fla., starting Sept. 11.

At this meeting, Daley said, he will try to "straighten out a lot of confusion." He said he hoped this session would pave the way for an October meeting of Great Lakes area city and state officials.

The Great Lakes states have consistently opposed increased diversion. Under the bill introduced at the last session of Congress, Chicago was to increase diversion from 1,500 to 2,500 cubic feet a second for a one-year trial under control of Army engineers.

Kite Used To Dislodge Panties From Flagpole

STARKVILLE, Miss. (AP)—A kite was used at Mississippi State University to dislodge a pair of blue panties from a campus flagpole.

Aerodynamicist J. J. Cornish III told of the stunt in a paper released by the school Monday. The feminine panties had been hoisted to the top of the drill field staff and the halyard cut so they couldn't be hauled down.

Cornish said a fish hook was attached to a kite string, the kite was maneuvered into the position, and the panties were hooked and drawn down.

The title of the paper: "A modern application for an ancient aerodynamic tool."

How Can I? ? ?

By ANNE ASHLEY

Q. Can window shades be washed successfully?

A. Yes, the majority of them can be washed satisfactorily by placing them flat on a table or the floor, with several newspapers beneath, and using tepid water and mild soap, applying with a small hand brush. Hang the shades in place to dry, but of course leave them drawn full length until absolutely dry.

Q. How can I prevent moths in a piano?

A. Make two bags of gum camphor and hang inside the piano, near the felt. Be sure that the bags do not touch the resounding keys.

Q. How can I remove the socket of an electric light bulb, when the glass bulb has broken off?

A. This can be easily done by pressing a large cork firmly into the socket. This will enable you to unscrew the metal part.

GE Executive Dies

NEW YORK (AP)—Julian M. Sammet, 58, an executive of the General Electric Co. and for many years an official of department stores, died Monday of a heart attack. He had served in executive posts with department stores in Newark, N. J., Chicago, Milwaukee and Pomona, Calif., and had been customer relations manager of GE's housewares and Radio - Receiver Division since 1956.

Minneapolis To OK Bond Issue For Big League Club

MINNEAPOLIS (AP) — Council approval of a nine million dollar bond issue to speed a major league baseball team to Minneapolis appeared nearly certain today.

Aldermen voted 10 to 1 in favor of the move in a preliminary poll call Monday. Council President George Martens said the proposal would carry without difficulty at the next council session Friday. The bond issue needs nine votes for passage. Two aldermen did not vote.

It represents Minneapolis' trump card in the long and disappointment-strewn dealing to land a big league franchise here.

The city's big league negotiators made it clear to the council they are aiming at bringing a team here by next year. They told the aldermen, in fact, that the bond proposal should be scrapped for the time being if the city doesn't get a commitment by Jan. 1, 1959.

Whether they are looking to the Washington Senators for such a commitment, possibly within days, wasn't brought out. But reports of an imminent Senators' request for permission to shift their American League franchise have been picking up steam rapidly.

The proposal on which the council will take final action Friday would give the city's guarantee to a 5¾ million dollar bond issue, mainly for expansion of Metropolitan Stadium from 21,000 seats to 41,000.

Another 3¼ million dollar issue, not obligated by the city, would replace bonds now held by original investors in the privately-built stadium.

The bond issue won't go through, however, until Minneapolis has a signed contract with a major league team.

California U. Hits Dickerson, Plans Recruiting Probe

BERKELEY, Calif. (AP) — The University of California has sternly rebuked UCLA's head football coach but is investigating his charges against athlete recruiting.

George Dickerson, successor to the late Coach Red Sanders at UCLA, shattered presemester calm on California's campus by confronting Coach Pete Elliott in his office.

Dickerson demanded that Elliott curb the activities of Herman Weiner, president of Southern Seas, a University of California booster group in Southern California. This was Saturday. Monday Dickerson told a news conference about it.

Elliott said in a statement he had agreed Saturday to ask Weiner to cease any activities until Dickerson's charge could be properly investigated. But, he added, because of the UCLA's coach's statements to the press he had withdrawn the request to Weiner.

In Los Angeles, Weiner said the charges against him were entirely false.

Dickerson charged that two young athletes, Dean Moore, freshman tailback at UCLA last fall, and Bill Kilmer, Citrus Junior College back, told him Weiner had offered them illegal payoffs to enroll at California. Moore and Kilmer accompanied Dickerson to Elliott's office.

Navy's Cotton Bowl Champs Begin Drills

ANNAPOLIS, Md. (AP) — Navy's Cotton Bowl champions begin football practice today riddled by graduation losses but deep in player potential for another good team.

Seven starting posts will have to be refilled by Coach Eddie Erdelatz and his aides before the Middies open their nine-game season here Sept. 27 against William & Mary.

They'll rebuild around Bob Reifsnyder, the smashing tackle from Rockville Centre, N. Y.; George Fritzinger, guard from Wilkes Barre, Pa.; center Milan Moncilovich of Stuebenville, Ohio; and fullback Ray Wellborn of Houston, Tex.

Donner Elected As New Chairman Of General Motors

DETROIT (AP)—A finance expert and an authority on production and engineering have been named to direct the destinies of the world's biggest industrial corporation.

General Motors directors Monday elected Frederic G. Donner, 56, board chairman and chief executive officer, and John F. Gordon, 58, as president and chief operating officer.

Their election, effective Sept. 1, followed the retirement of Board Chairman Albert Bradley and President Harlow H. Curtice, both of whom have passed GM's normal retirement age of 65. In effect, Curtice's job as president and chief executive officer is being divided between Donner and Gordon.

Donner has been with General Motors since 1926; Gordon joined the corporation in 1923. Donner's work has been almost entirely in finance, Gordon's in engineering and production.

Gordon was born in Akron, Ohio.

Fishy Situation Has Residents Of Bronx Wondering

NEW YORK (AP)—A fishy situation in a Bronx neighborhood has caused its residents to wonder, with bated breath, what next?

First it was a 300-pound, nine-foot shark. Slit down the belly, jaw and teeth removed, it was found lying on the pavement in the Bronx.

The Sanitation Department hauled the shark away.

The air had begun to clear when the Bronxites sensed something further amiss.

Hanging from a nearby lampost, 30 feet above the sidewalk, an eight-foot porpoise was found Monday night.

Once again, the Sanitation Department went to the rescue.

Three Listed Favorites In Hambletonian

DU QUOIN, Ill. (AP) — Sandalwood, classy filly who showed late season form, shared the favorite spot today with Emily's Pride and Sharpshooter for the rich Hambletonian.

Sandalwood picked up backers with a fine showing in the Sedalia, Mo., Matron last week. She moved into a favorite role even after drawing a poor starting position.

The surprise winner in Sedalia was placed in the No. 13 spot, third from the rail in a second tier of the starting lineup for trotting's big show for three year olds Wednesday.

Sharpshooter and Emily's Pride hold positions 5 and 6 in the front tier for the 33rd renewal of the classic.

Emily's Pride has the best season time for the mile in the field with a 2:00. Sandalwood's fastest in winning the Matron was 2:02.2. Sharpshooter has a 2:04.3 for his best winning heat of the season.

With other times ranging from Great Lullwater's 2:01½ to Baron Colby's 2:07.3, Hambletonian observers say a new mark may be set.

Hoot Mon, 1947 winner in Goshen, N. Y., set the record for the race with a 2:00 performance.

Behind the favorites there are at least three who stable hands like. They are Gang Awa, McColby, and McColby's stablemate, Mix Hanover.

Other probable starters are: Mr. Saunders, Florella Hanover, Little Rocky, Lumber Along, Baron Colby, Spunky Hanover, and Record Matt.

The purse — $106,719.24 if all start — makes it the fourth largest Hambletonian in history.

Mayor Of Chicago Plans Drive For More Diversion

CHICAGO (AP) — Mayor Richard Daley says he plans "missionary" work among Great Lakes area mayors in a new drive to get increased Lake Michigan diversion for Chicago.

The Senate failed to act upon a diversion bill before adjournment and the bill died. The House had approved the measure.

The mayor said he planned to arrange a meeting of mayors of such cities as Milwaukee, Cleveland, Toledo and Detroit during the meeting of the U.S. Conference of Mayors at Miami Beach, Fla., starting Sept. 11.

At this meeting, Daley said, he will try to "straighten out a lot of confusion." He said he hoped this session would pave the way for an October meeting of Great Lakes area city and state officials.

The Great Lakes states have consistently opposed increased diversion. Under the bill introduced at the last session of Congress, Chicago was to increase diversion from 1,500 to 2,500 cubic feet a second for a one-year trial under control of Army engineers.

Kite Used To Dislodge Panties From Flagpole

STARKVILLE, Miss. (AP)—A kite was used at Mississippi State University to dislodge a pair of blue panties from a campus flagpole.

Aerodynamicist J. J. Cornish III told of the stunt in a paper released by the school Monday. The feminine panties had been hoisted to the top of the drill field staff and the halyard cut so they couldn't be hauled down.

Cornish said a fish hook was attached to a kite string, the kite was maneuvered into the position, and the panties were hooked and drawn down.

The title of the paper: "A modern application for an ancient aerodynamic tool."

How Can I? ? ?

By ANNE ASHLEY

Q. Can window shades be washed successfully?

A. Yes, the majority of them can be washed satisfactorily by placing them flat on a table or the floor, with several newspapers beneath, and using tepid water and mild soap, applying with a small hand brush. Hang the shades in place to dry, but of course leave them drawn full length until absolutely dry.

Q. How can I prevent moths in a piano?

A. Make two bags of gum camphor and hang inside the piano, near the felt. Be sure that the bags do not touch the resounding keys.

Q. How can I remove the socket of an electric light bulb, when the glass bulb has broken off?

A. This can be easily done by pressing a large cork firmly into the socket. This will enable you to unscrew the metal part.

GE Executive Dies

NEW YORK (AP)—Julian M. Sammet, 58, an executive of the General Electric Co. and for many years an official of department stores, died Monday of a heart attack. He had served in executive posts with department stores in Newark, N. J., Chicago, Milwaukee and Pomona, Calif., and had been customer relations manager of GE's housewares and Radio - Receiver Division since 1956.

Minneapolis To OK Bond Issue For Big League Club

MINNEAPOLIS (AP) — Council approval of a nine million dollar bond issue to speed a major league baseball team to Minneapolis appeared nearly certain today.

Aldermen voted 10 to 1 in favor of the move in a preliminary poll call Monday. Council President George Martens said the proposal would carry without difficulty at the next council session Friday. The bond issue needs nine votes for passage. Two aldermen did not vote.

It represents Minneapolis' trump card in the long and disappointment-strewn dealing to land a big league franchise here.

The city's big league negotiators made it clear to the council they are aiming at bringing a team here by next year. They told the aldermen, in fact, that the bond proposal should be scrapped for the time being if the city doesn't get a commitment by Jan. 1, 1959.

Whether they are looking to the Washington Senators for such a commitment, possibly within days, wasn't brought out. But reports of an imminent Senators' request for permission to shift their American League franchise have been picking up steam rapidly.

The proposal on which the council will take final action Friday would give the city's guarantee to a 5¾ million dollar bond issue, mainly for expansion of Metropolitan Stadium from 21,000 seats to 41,000.

Another 3¼ million dollar issue, not obligated by the city, would replace bonds now held by original investors in the privately-built stadium.

The bond issue won't go through, however, until Minneapolis has a signed contract with a major league team.

California U. Hits Dickerson, Plans Recruiting Probe

BERKELEY, Calif. (AP) — The University of California has sternly rebuked UCLA's head football coach but is investigating his charges against athlete recruiting.

George Dickerson, successor to the late Coach Red Sanders at UCLA, shattered presemester calm on California's campus by confronting Coach Pete Elliott in his office.

Dickerson demanded that Elliott curb the activities of Herman Weiner, president of Southern Seas, a University of California booster group in Southern California. This was Saturday. Monday Dickerson told a news conference about it.

Elliott said in a statement he had agreed Saturday to ask Weiner to cease any activities until Dickerson's charge could be properly investigated. But, he added, because of the UCLA's coach's statements to the press he had withdrawn the request to Weiner.

In Los Angeles, Weiner said the charges against him were entirely false.

Dickerson charged that two young athletes, Dean Moore, freshman tailback at UCLA last fall, and Bill Kilmer, Citrus Junior College back, told him Weiner had offered them illegal payoffs to enroll at California. Moore and Kilmer accompanied Dickerson to Elliott's office.

Navy's Cotton Bowl Champs Begin Drills

ANNAPOLIS, Md. (AP) — Navy's Cotton Bowl champions begin football practice today riddled by graduation losses but deep in player potential for another good team.

Seven starting posts will have to be refilled by Coach Eddie Erdelatz and his aides before the Middies open their nine-game season here Sept. 27 against William & Mary.

They'll rebuild around Bob Reifsnyder, the smashing tackle from Rockville Centre, N. Y.; George Fritzinger, guard from Wilkes Barre, Pa.; center Milan Moncilovich of Steubenville, Ohio; and fullback Ray Wellborn of Houston, Tex.

Donner Elected As New Chairman Of General Motors

DETROIT (AP)—A finance expert and an authority on production and engineering have been named to direct the destinies of the world's biggest industrial corporation.

General Motors directors Monday elected Frederic G. Donner, 56, board chairman and chief executive officer, and John F. Gordon, 58, as president and chief operating officer.

Their election, effective Sept. 1, followed the retirement of Board Chairman Albert Bradley and President Harlow H. Curtice, both of whom have passed GM's normal retirement age of 65. In effect, Curtice's job as president and chief executive officer is being divided between Donner and Gordon.

Donner has been with General Motors since 1926; Gordon joined the corporation in 1923. Donner's work has been almost entirely in finance, Gordon's in engineering and production.

Gordon was born in Akron, Ohio.

Fishy Situation Has Residents Of Bronx Wondering

NEW YORK (AP)—A fishy situation in a Bronx neighborhood has caused its residents to wonder, with bated breath, what next?

First it was a 300-pound, nine-foot shark. Slit down the belly, jaw and teeth removed, it was found lying on the pavement in the Bronx.

The Sanitation Department hauled the shark away.

The air had begun to clear when the Bronxites sensed something further amiss.

Hanging from a nearby lampost, 30 feet above the sidewalk, an eight-foot porpoise was found Monday night.

Once again, the Sanitation Department went to the rescue.

Mississippi And New York Ballot Today

To Pick Candidates For U.S. Senate; Statehood Vote Set

By The Associated Press

New York state Republicans and Democrats nominate their candidates for U. S. senator today while Alaska residents make their big decision on whether to join the Union as the 49th state.

Other voting takes place in Mississippi, where state Democrats nominate a senator, six congressmen and local officers.

Two political veterans, Democratic Mayor Robert F. Wagner of New York City and Republican Rep. Kenneth B. Keating, appeared in line for reluctant nomination as senatorial candidates in New York.

The Democrats and Republicans found it much more difficult to choose nominees for the Senate than for the governor's race.

Monday night, as expected, the Democrats nominated Gov. Averell Harriman for a second four-year term and the Republicans tapped Nelson A. Rockefeller to oppose him.

Democratic leaders, finding difficulty in agreeing on a candidate for senator, hoped to persuade Wagner to make the run as a compromise choice. Party officials were unable to get together behind one of the six active candidates. Wagner had said he did not want to run.

However, should the Wagner draft fail, there was a possibility the nomination would go to Thomas K. Finletter, former secretary of the Air Force who is now a New York City lawyer, or to Dist. Atty. Frank S. Hogan, also of New York City.

Keating, like Wagner, voiced no interest in the Senate race.

The general outlook in Alaska was for a 2-1 victory for statehood advocates.

Congress gave a go-ahead for the referendum several months ago when it passed an Alaska statehood bill.

In Mississippi, five incumbent members of Congress are unopposed for Democratic renomination, which is tantamount to election.

They are Sen. John Stennis and Representatives Tom Abernethy, Jamies Whitten, Frank Smith and John Bell Williams.

4,000 Return To Work At Auto Plants

DETROIT (AP)—Strike interference with production of new 1959 model automobiles was at a reduced level today.

Settlements sent 4,000 strikers back to work Monday as the United Auto Workers and the car industry's Big Three began a sixth month of contract negotiations.

But some 3,500 Ford and Chrysler employes remain on strike at Detroit and Cleveland area factories.

Most of the strikes have been over management call-back policies of idle workers for new car production. The union has demanded that no employed workers be given overtime work if unemployed men can be called back.

The UAW and Ford, General Motors and Chrysler have negotiated since early spring. Since Memorial Day there have been no contracts because of the stalemate. Old contracts expired at that time.

Strike settlements were achieved at plants of Chrysler, Ford and General Motors in Detroit, Chicago and Flint, Mich.

Today the world speaks through more than 110 million telephones.

As Favor To Union Bigwigs

Democrats Blocked Labor Laws, National GOP Told

CHICAGO (AP)—Rep. Richard M. Simpson (R-Pa) told members of the Republican National Committee today that Democratic leaders in Congress blocked all labor legislation this year to please union bigwigs.

"Walter Reuther, David McDonald and other bigwigs in the labor hierarchy did not want restrictions imposed on their reckless activities," Simpson said, "so they simply passed the word down to those who serve them in the Senate and the House."

Simpson, chairman of the Republican Congressional Campaign Committee, echoed a keynote sounded earlier by GOP Chairman Meade Alcorn for this fall's campaigns.

Alcorn said before the two-day meeting of the party's 147-member National Committee that the failure of Congress to pass any measure to curb labor racketeering "is a dramatic demonstration of the need for a Republican Congress."

The National Committee laid plans for intensive campaign efforts on behalf of party candidates for Congress during September and October.

The GOP National Finance Committee met concurrently to discuss fund-raising.

A site committee to select the 1960 national convention city will be chosen Wednesday. No steps toward selection of a convention city are expected to be taken immediately.

Alcorn said that he and Democratic National Chairman Paul Butler have conferred on the possibility that conventions of both parties be held in the same city.

'Sweeper' Satellites Seen Cleaning Away Radiation

By ALTON L. BLAKESLEE
Associated Press Science Writer

AMSTERDAM, Netherlands (AP)—"Sweeper" satellites could houseclean away the dangerous band of radioactivity high above the earth, a space scientist suggested today.

This radiation is the mystery halo discovered by Explorer satellites and Sputniks. It apparently could be deadly to humans.

But the sweepers could clear a channel so humans could safely zoom off on space trips, Dr. S. Fred Singer of the University of Maryland told the International Astronautical Federation, meeting here this week.

Or space ships might escape it by taking off over the poles, where there are apparently natural holes in the belt, he continued. As another idea, space ships might be equipped with magnetic screens to fend off the radiation. All these schemes would avoid tremendously heavy lead shielding.

The radiation band, he continued, probably stretches 40,000 miles above the earth before it dwindles away.

The radiation band might even extend all the way to the moon, Dr. Fred Whipple Smithsonian Institution astronomer, told a reporter.

Singer said the radiation appears thinner at higher latitudes and nonexistent at the poles. He theorizes it is made of protons—positively charged atomic particles—trapped in the earth's magnetic field.

The space sweepers could be satellites, about 30 feet in diameter, circling the earth above the equator, and soaking up the protons faster than they are being formed.

Everett Fishel Again Heads County's ASC

LISBON—Everett Fishel of East Rochester was re-elected chairman of the Columbiana County Agricultural Stabilization and Conservation Committee at a county convention Monday in the Lisbon Village Hall.

Other members of the committee are Clifford Shaw and Gale N. Bowman, both of Lisbon, R. D. 4 who were re-elected vice chairman and third member respectively, and Carl Daiger of Lisbon R. D. 3 and Frank Woodrow of Wellsville R. D. 1, first and second alternates.

A representative from each of the county's 15 commnity ASC committees attended the convention.

The county committee has offices in the Farmers National Bank building here and administers government programs including agricultural conservation, price supports, soil bank, acreage allotments, marketing quotas and for wool production.

Singer said the radiation appears thinner at higher latitudes and nonexistent at the poles. He theorizes it is made of protons—positively charged atomic particles—trapped in the earth's magnetic field.

The space sweepers could be satellites, about 30 feet in diameter, circling the earth above the equator, and soaking up the protons faster than they are being formed.

4 Area Men Train With Army Outfit At Post In Kansas

Four East Liverpool area men are training with the 1st Infantry Division at Ft. Riley, Kan., preparing for a move to Germany to trade places with units of the 24th Division.

They are: Pvt. John D. Eiferd, son of Mr. and Mrs. Elmer F. Eiferd of Cannons Mills Rd., Glenmoor: Pvt. Ronald L. Friess, son of Mr. and Mrs. Eynon Friess, also of Glenmoor; Pvt. Floyd L. Gorby, son of Mr. and Mrs. Bartlett H. Gorby of Rogers R. D. 1, and Pvt. William L. Lapham, son of Mr. and Mrs. Bert L. Lapham of 7th Ave., LaCroft.

The unit also includes a former area man, Pvt. William C. Faloon, son of Mr. and Mrs. William J. Faloon Jr. of Butler R. D. 2, a graduate of Wellsville High School and a former employe of the Midland Works of the Crucible Steel Co.

The four local recruits recently qualified with the M-1 Rifle — Lapham as a sharpshooter and the others as marksmen. All entered the service in early July. They are members of B Company, 2nd Infantry.

550 Students Awaited At Beaver Local High

Twenty-two new students were registered at Beaver Local High School last week, Lee Kirkland, principal, announced, giving the high school an enrollment of over 550 for the fall term.

Any other new students who have not yet registered, may sign up this week at the school, he said.

A meeting of 14 new teachers on the high school staff will be held Friday morning at 9 at the school for orientation, Kirkland said. The high school staff will number 24, including 7 instructors added for the first senior class.
